Swamp Gas Times My Two Decades On The Ufo Beat:

Swamp Gas Times Patrick Huyghe,2001-06-01 **After the Flying Saucers Came** Greg Eghigian,2024 After the Flying Saucers Came is a comprehensive account of the stories the people and the strange events that went into making the fascination with UFOs and aliens a worldwide phenomenon among believers skeptics and the simply curious It traces how an odd sighting of flying saucers by an American pilot in 1947 inspired governments the media scientists writers and the general public to consider the possibility that extraterrestrials were visiting earth **Intimate Alien** David J. Halperin,2020-03-24 A voyage of exploration to the outer reaches of our inner lives UFOs are a myth says David J Halperin but myths are real The power and fascination of the UFO has nothing to do with space travel or life on other planets It s about us our longings and terrors and especially the greatest terror of all the end of our existence This is a book about UFOs that goes beyond believing in them or debunking them and to a fresh understanding of what they tell us about ourselves as individuals as a culture and as a species In the 1960s Halperin was a teenage UFOlogist convinced that flying saucers were real and that it was his life s mission to solve their mystery He would become a professor of religious studies with traditions of heavenly journeys his specialty With Intimate Alien he looks back to explore what UFOs once meant to him as a boy growing up in a home haunted by death and what they still mean for millions believers and deniers alike From the prehistoric Balkans to the deserts of New Mexico from the biblical visions of Ezekiel to modern abduction encounters Intimate Alien traces the hidden story of the UFO It s a human story from beginning to end no less mysterious and fantastic for its earthliness A collective cultural dream UFOs transport us to the outer limits of that most alien yet intimate frontier our own inner space **Mirage Men** Mark Pilkington,2010-07-29 Seeking the truth about UFOs in America Mark Pilkington and John Lundberg uncover a 60 year old story stranger than any conspiracy thriller Through the fascinating account of their quest Mark Pilkington reveals the long history of UFOria and its parallels in little known tales from the murky worlds of espionage psychological warfare and advanced military technology Along the way he discovers that the truth about flying saucers is stranger and more complex than either the ufologists or debunkers would have us believe As he crossed the US meeting intelligence agents disinformation specialists and UFO hunters Pilkington was confronted with a dizzying array of ever more outrageous claims and counter claims As a result he began to suspect that instead of covering up stories of crashed flying saucers alien contacts and secret underground bases the US intelligence agencies had actually been promoting them all along Meanwhile he has to deal with his own uncertainties the suspicions of the UFO community and a partner who is starting to believe that conspiracy theorists might be right after all With a fresh funny and objective approach Pilkington is the ideal guide to steer us through these strange territories where nothing is quite as it seems and reality is just a matter of managing perceptions **Other Worlds** John R. Heapes,2014-02-21 Who hasnt asked What happens to me after I die and or Are we alone in the universe Other Worlds UFOs Aliens and the Afterlife takes readers on a journey into other galaxies and

into a different time a time after all of their tomorrows How are the societies organized on other planets and in the afterlife This book answers this question with a new approach in the UFO and the Near Death Experience fields As readers take this trip they will wonder if there are universal laws governing the societies of intelligent beings regardless of where they reside in existence Are humans projecting into foreign forms their own beliefs about how societies should be arranged on Earth Why study such ethereal and controversial material We always learn about ourselves when we study those who are different from us whether those beings are real or not Anyone who has read a good book of fiction knows the validity of this point Consider how many teenagers identify with the characters in the Hunger Games books What follows is the sociological perspective We will explore institutions such as marriage and the family social classes and culture We will determine the sex of alien travelers as well as the occupations of their human witnesses We will learn what the afterlife looks like and discover what messages deceased beings deliver to humans

Hair of the Alien Bill Chalker, 2005-08-19 The shocking true story of a case unlike any other in the annals of UFO investigation DNA research or alien abduction July 23 1992 In Sydney Australia twenty eight year old Peter Khoury was awoken by what appeared to be two females both striking and unearthly kneeling on his bed What transpired between them was a physical assault as bizarre and disorienting as it was unnatural Then as quickly as they had arrived they vanished Khoury had become one of a legion of alien abductees with inexplicable experiences but this particular incident stood apart from all the others This time there was evidence two strands of white blond hair from one of the females Khoury's case would result in the very first forensic DNA analysis of alien abduction evidence and revealed an extraordinary biological anomaly one genetically close to human yet almost impossibly far from the human mainstream A gripping account of one of the great mysteries of our time *Hair of the Alien* brings us closer than ever before to understanding our past our origins and our place in the universe

Starstruck Albert A. Harrison, 2007-04-01 We live in an era of exploding scientific knowledge about the universe and our place and future within it Much of this new knowledge conflicts with earlier wisdom and some has frightening implications Cosmic evolution space exploration the search for extraterrestrial life and concerns about humanity's future prompt us to seek new answers to old existential questions Where did we come from Why are we here Are we alone What will become of us In our search for answers we turn to science religion myth and varying combinations thereof Exploring an ambiguous region between recognized findings and unfettered imagination *Starstruck* explores the multifaceted far reaching and often contentious attempts of people with contrasting worldviews to develop convincing and satisfying interpretations of rapidly accumulating discoveries in physics astronomy and biology

Light and Dark Dr Trevor J. Hawkeswood, 2013-01-31 Trevor J Hawkeswood is a scientist who has experienced hundreds of paranormal events in his lifetime In *Light and Dark* he recounts some of these incredible interactions He believes that reality occurs on two separate but interwoven planes of existence the Earth plane and the multiple levels of the spiritual planes including the lower levels from where the dark souls of humans who have died reach out to us He has

experienced more than one hundred sightings of the shadow people or black ghosts He credits guardian angels with saving him from harm or certain death on a number of occasions Hawkeswood also shares accounts of his numerous sightings of strange aerial phenomena he believes were caused by UFOs He has personally experienced clairaudience voices from beyond and precognition or the ability to see the future His detailed account of a unique out of body experience OOB challenges what is known about this remarkable ability His OOB was unlike anything that has ever been described by others who have experienced it and he shares it all in *Light and Dark* But it hasn't all been safe or pleasant At eighteen he survived a terrifying encounter with a demon gargoyle who tried to steal his soul energy after paralyzing him A comprehensive handbook for the paranormal enthusiast Hawkeswood's work also provides a glossary and reference list of English language UFO books In *Light and Dark* he shares a lifetime of experiences ideas and theories about this fascinating field of study
