Swastika At War:

Swastika at War, 1975-01-01 *Swastika at War*, 1975 **A Supernatural War** Owen Davies, 2018-10-18 A Supernatural War reveals the surprising stories of extraordinary people in a world caught up with the promise of occult powers It was a commonly expressed view during the First World War that the conflict had seen a major revival of superstitious beliefs and practices Churches expressed concerns about the wearing of talismans and amulets the international press paid considerable interest to the pronouncements of astrologers and prophets and the authorities in several countries periodically clamped down on fortune tellers and mediums due to concerns over their effect on public morale Out on the battlefields soldiers of all nations sought to protect themselves through magical and religious rituals and on the home front people sought out psychics and occult practitioners for news of the fate of their distant loved ones or communication with their spirits Even away from concerns about the war suspected witches continued to be abused and people continued to resort to magic and magical practitioners for personal protection love and success Uncovering and examining beliefs practices and contemporary opinions regarding the role of the supernatural in the war years Owen Davies explores the broader issues regarding early twentieth century society in the West the psychology of the supernatural during wartime and the extent to which the war cast a spotlight on the widespread continuation of popular belief in magic *World War Two: Under the Shadow of the Swastika* Lewis Helfand, 2016-02-16 This volume of Campfire s graphic history of World War II deals with the war in Europe from the rise of the Nazis through to May 1945 and VE Day World War II shows the effects of the war on the soldiers the refugees the victims and protagonists of the most terrible conflict the world has ever known In a world that is forgetting the lessons history has to teach this book is a reminder of the horrors that come from intolerance In the 1930s a great evil was rising in the heart of Europe a threat unlike any seen before German leader Adolf Hitler a madman bent on world domination was raising an army and growing more violent by the day The world knew that Hitler had to be stopped But fearing a war this growing threat of Hitler s Nazi army was left unchecked The world simply watched as Germany sank into darkness The world merely prayed that war would not breach their borders The world waited And they waited too long As cities fell to ruin and millions were slaughtered the growing darkness of Hitler and his Nazi empire branched out far beyond Europe to Asia and Africa and America and soon threatened to claim the entire world France England Russia the United States no single nation had the strength to combat this darkness at least not on their own With the fate of the world hanging in the balance the one final desperate hope was that all of these nations united together might muster the strength to save humanity *The Silence of Swastika* Swastika Singh, Dead Writers Club, Lin Xun, The swastika is silent But it has so much to say The symbol s many secrets were revealed by the world renowned historian Dr Rex Curry referenced inside Dr Curry s work is endorsed in *The Silence of Swastika* a video documentary produced by AKTK in India The lead reporter confirmed Dr Curry s discovery stating It is also claimed that one of the reasons for choosing this symbol

was the S in Hitler's party name National Socialist which is not unreasonable it is in Hitler's own book at 30 30 The documentarians learned about the swastika from educational outreach programs about Dr Curry's academic achievements They learned that Hitler didn't call his symbol a swastika He called it a Hakenkreuz hooked cross because it was a type of cross from the Christian religion The documentary is a massive adoption and rehashing of Dr Curry's earlier work The video documentary was produced before Dr Curry's latest jaw dropping revelation and that is unfortunate In 2022 Dr Curry discovered the reason why Hitler renamed his political party the DAP to NSDAP National Socialist German Workers Party REASON because Hitler needed the word SOCIALIST in his party's name so that Hitler could use swastikas as S letter shaped logos for SOCIALIST as the party's emblem It is important to note that Hitler didn't rename his party the National Christian German Workers Party nor the Christian Socialist German Workers Party Here are some of the many secrets revealed about the swastika 1 NEW SWASTIKA DISCOVERY The swastika is the reason why Hitler renamed his political party from DAP to NSDAP National Socialist German Workers Party because he needed the word Socialist in his party's name so that Hitler could use swastikas as S letter shaped logos for SOCIALIST as the party's emblem The party's name had to fit in Hitler's socialist branding campaign that used the swastika and many other similar alphabetical symbols including the SS and SA and NSV and VW etc He was selling socialism by selling flags and related merchandise It resembled the advertising campaign of the American socialist Francis Bellamy The new discovery part includes the fact that the public doesn't know that Hitler's use of the swastika as alphabetical symbolism is a reason why he changed the name of the party adding the word socialist The new discovery is also that it is additional proof that Hitler employed the swastika as alphabetical symbolism of S letter shapes for his socialism The discoveries are from the historian Dr Rex Curry's work 2 NEW LENIN'S SWASTIKA REVELATION Vladimir Lenin's swastika is exposed herein The impact of Lenin's swastikas was reinforced at that time with additional swastikas on ruble money paper currency The swastika became a symbol of socialism under Lenin Its influence upon Adolf Hitler is explained in this book 3 Hitler altered his own signature to reflect his S shapes for socialism logo branding 4 Hitler never used the word swastika in his life The term swastika never appears in the original Mein Kampf 5 Hitler and his supporters self identified as socialists by the very word in voluminous speeches and writings The term Socialist appears throughout Hitler's book Mein Kampf as a self description by Hitler 6 Hitler never called himself a Nazi There was no Nazi Germany There was no Nazi Party Those terms are slang to hide how Hitler and his comrades self identified SOCIALIST 7 Hitler never called himself a Fascist That term is misused to hide how Hitler and his comrades self identified SOCIALIST 8 The term Nazi isn't in Mein Kampf nor in Triumph of the Will 9 The term Fascist never appears in Mein Kampf as a self description by Hitler 10 Soviet socialists and German socialists partnered for International Socialism in 1939 They launched WWII invading Poland together and continued onward from there killing millions Soviet socialism had signed on for Hitler's Holocaust 11 After Hitler's death Stalin continued the plan he had made with Hitler for Global Socialism Stalin took

over the same areas that Hitler had captured He used the same facilities that Hitler had used Hitler s Holocaust never ended Stalin replaced Hitler 12 Nazi salutes and Nazi behavior originated in the USA from the Pledge of Allegiance to the Flag The pledge was written by an American National Socialist named Francis Bellamy Francis Bellamy was the cousin of Edward Bellamy another infamous American National Socialist They worked together to promote their dogma in the USA 13 The classic military salute to the brow also contributed to the creation of the Nazi salute with the right arm extended stiffly 14 The Bellamy cousins promoted socialist schools that imposed segregation by law and taught racism as official policy 15 Mussolini was a long time socialist leader with a socialist background raised by socialists to be a socialist and he joined socialists known as fascio fasci and fascisti 16 Fascism came from a socialist e g Mussolini Communism came from a socialist e g Marx Fascism and Communism came from socialists

The Swastika and Symbols of Hate Steven Heller,2019-09-03 Force s even the most sophisticated to rethink and rework their ideas of how images work in the world School Library Journal This is a classic story masterfully told in a new revised and expanded edition about how one graphic symbol can endure and influence life for good and evil for generations and never even today be redeemed A nuanced examination of the most powerful symbol ever created The Swastika and Symbols of Hate explores the rise and fall of the symbol its mysteries co option and misunderstandings Readers will be fascinated by the twists and turns of the swastika s fortunes from its pre Nazi spiritual religious and benign commercial uses to the Nazi appropriation and criminalization of the form to its contemporary applications as both a racist hate filled logo and ignorantly hip identity Once the mark of good fortune during the twentieth century it was hijacked and perverted twisted into the graphic embodiment of intolerance If you want to know what the logo for hate looks like go no further The Nazi swastika is a visual obscenity and provokes deep emotions on all sides The Nazis weaponized this design first as a party emblem then as a sign of national pride and ultimately as the trademark of Adolf Hitler s unrelenting malevolence in the name of national superiority A skilled propagandist Hitler and his accomplices understood how to stoke fear through mass media and through emblems banners and uniforms Many contemporary hate marks are rooted in Nazi iconography both as serious homage and sarcastic digital bots and trolls Given the increasing tolerance for supremacist intolerance tacitly and overtly shown by politicians the world over this revised and reconfigured edition includes additional material on old and new hate logos as it examines graphic design s role in far right extremist ideology today
