Essential Leadership Lessons from the Thin Blue Line Dean Crisp,2021-09-07 A veteran police chief s hard won lessons on leading yourself leading others and leading an organization Essential Leadership Lessons from the Thin Blue Line is just that lessons learned the old fashioned way through trial and error studying hard work and experience while on our nation s front lines to serve and protect Dean Crisp spent decades leading people where a single misstep could cost a life Faced with the daily challenges of a police chief Dean threw himself into learning all he could about effective leadership and applying those lessons in his departments He shares those hard won lessons in this book Dean lays the book out into three key sections that build on each other to help you become a better leader Leading Yourself Leading Others Leading the Organization Dean s approach to leadership is built on his concept of Diamond Leadership a four point method that creates a self perpetuating synergy for positive change Dean has taught this method in elite conferences to countless rising leaders and now he brings it to you I think that all leaders want to be really good at leading and most seek ways to improve Some are even willing to go to extraordinary lengths to become the best I am hoping this book will inspire others to be their best and to constantly strive to get better to shoot for the stars to get outside their comfort zones and to push themselves to become remarkable Dean Crisp Built on the success of Dean s debut leadership book Leadership Lessons from the Thin Blue Line this new release features a revised approach to the curriculum expanded information and a streamlined formula to develop the leader within you Essential Leadership Lessons from the Thin Blue Line uses personal anecdotes to drive home the human element of leadership and will connect with you at any point on your journey to becoming a significant leader My motive and intent in writing this book is simple I want to provide the reader with leadership lessons and experiences which I hope will help you the reader to become a better leader and more importantly a better person Dean Crisp

COURT SECURITY Tony L. Jones,2003-01-01 In recent years there has been a sharp rise in acts of violence in the courts These acts range from minor disturbances and physical assaults to murder and mass destruction The potential exists for violence to occur in any court system regardless of location Unfortunately many courts at all levels of the judicial system have been slow or even reluctant to implement adequate security measures This book is designed to prove the folly in such denial It provides hard statistics and observations that highlight this unique visceral security environment The text is specifically designed to help those charged with developing and implementing security measures to reevaluate current methods for safeguarding the judicial process Presented in four

sections the first discusses perpetrators planning an attack and reviews types of perpetrators target selection tactics operations styles the mechanics of violent attacks and thwarting attacks Section two discusses in much detail a multitude of integrated security systems now available for court facilities The third section presents effective response mechanics for courthouse violence and the final section reviews tactical considerations for training containment and responding to explosive devices The text serves as a substantial resource in providing the most current state of the art information on security operations and technologies in a very clear but in depth format The ultimate goal of this book is to emphasize that court security in today s world must be constantly reexamined revamped and upgraded to protect human and physical assets This unique and comprehensive text will be invaluable to courthouse administrators security professionals law enforcement personnel judges lawyers and college level students of security

A Guide to Chemical Agent Use in Police Work Tony L. Jones, 2000 This book is an in depth analysis of how to use chemical agents effectively and safely in law enforcement operations so as to offer police officers information useful in the building of new chemical agent related skills or perhaps refine dated skills First a brief history of chemical agent deployment is provided to substantiate the past present and future use of such agents Second chemical agent exposure and reaction information is provided to convey the strong and weak points dangers capabilities and flexibility of this important law enforcement tool Third a myriad of chemical agent choices including delivery deployment and operational considerations are covered to demonstrate the various application possibilities officers have when using these devices to control and resolve real world situations Fourth information concerning the probable terrorist use of chemical biological weapons of mass destruction is included since law enforcement officials will be among the first responders to these incidents Finally training information is included to emphasize the importance of learning the capabilities weaknesses and strengths of chemical agent devices and associated equipment

The Management of Police Specialized Tactical Units Tomas C. Mijares, Ronald M. McCarthy, 2020-11-30 A major responsibility of the leadership of any specialized police unit is the awareness of endlessly changing societal legal and managerial developments that affect operations This third edition of The Management of Police Specialized Tactical Units represents a significant updating and expansion of each of the chapters from previous editions In addition to explaining the steps for developing and maintaining a realistic and effective response to increasingly violent levels of crime this edition discusses the social political and technological matters that must be continuously identified defined and resolved prior to the implementation of any substantive or procedural change in tactical policy and practice Legal and operational guidelines are provided to help tactical leaders to develop their leadership abilities and tactical success thereby enhancing the tactical unit s ability to safeguard the public The authors make extensive use of the latest court decisions to provide the legal bases for operations as well as recent case histories to illustrate the various aspects of organizational management These case histories do much more than summarize the sequence of events They also point out what was learned from the successes and

failures alike Of particular interest is the new material on how the range of activities assigned to tactical units has expanded dramatically since September 11 2001 and how the law enforcement community has been forced to respond to its newest critics Emphasis is placed on how decision makers must not only be organizational managers and administrators but also on how they should possess a firm grasp of confrontation tactics and leadership principles THE SWAT CYCLOPEDIA Richard A. Haynes,1999-01-01 As SWAT has become more established within the police community a certain language and jargon has also evolved with it THE SWAT CYCLOPEDIA has been developed as a basic reference for this terminology as well as other state of the art information associated with the police special weapons and tactics function Within this source is a wide range of technical data pertaining to the tactical topics of training equipment deployment operational strategies slang quotes helpful hints and historical details along with scores of other informative features So that a more comprehensive understanding of the world of SWAT can be obtained such topics as counter terrorism domestic terrorism and international terrorism have also been included In order to make the book more useful many of the terms in the text have been cross referenced It will be of interest to police officers assigned to a SWAT team as well as to those individuals who are interested in tactical response operations and what is involved in this law enforcement function The manual encompasses certain administrative considerations that pertain to the organization and management of an agency s SWAT program and therefore it is also designed to provide particular assistance to the tactical commander seeking solutions or to the law enforcement executive who may be planning the incorporation of a special weapons and tactics unit within his or her agency

EFFECTIVE RESPONSE TO SCHOOL VIOLENCE Tony L. Jones,2001-01-01 This timely and comprehensive guide is designed to meet the security response needs of both educators and law enforcement personnel by detailing how an effective response plan can be developed to deal with the issue of school violence By implementing the guidelines detailed in this book those in responsible positions can help prevent the incalculable costs of death facility destruction disruption of operations negative public perception and the resulting embarrassment that these acts cause The information presented will help reduce the amount of collateral damage to the threat area and adjacent areas It is designed to expand the effectiveness and performance of special response police forces fire department personnel medical aid personnel and ancillary support personnel as well as provide a comprehensive guide to school administrators and other educators who are concerned with school safety issues The main idea behind this book is the principle of saving lives when all other proactive means have failed It focuses on the elements of rapid containment area control and the re securing of the affected area The author emphasizes that time is an essential factor the longer the perpetrators remain active the higher the likelihood that additional people will be killed In addition the book is designed to generate a detailed analysis of possible contingency plans for respective emergency responders An analysis is also included that is site specific and which will help to streamline the planning efforts of all emergency responders thus heightening personnel survivability and mission success It is a must read for those who are
