Swedes Looking West Aspects On Swedishamerican Relations:

The Battle for Hearts and Minds in the High North Mikael Nilsson, 2016-09-07 Mikael Nilsson offers a detailed and groundbreaking analysis of how the United States Information Agency USIA conducted its wide ranging propaganda campaign in Sweden during the Cold War 1952-1969. The USIA placed propaganda in the Swedish press, radio and television as well as schools and universities and established connections to labour leaders, government officials and journalists. The book also details how the U.S. military financed research at Swedish universities. Nilsson shows how Swedish journalists, scientists and government officials assisted the USIA in its propaganda efforts, i.e. co-produced U.S. hegemony in Sweden. The book highlights both the width and the limits of USIA's propaganda and also relates this theme to Swedish security policy and the secret military cooperation between Sweden and the United States.

Histories of Public Diplomacy and Nation Branding in the Nordic and Baltic Countries Louis Clerc, Nikolas Glover, Paul Jordan, 2015-09-29. *Histories of Public Diplomacy and Nation Branding in the Nordic and Baltic Countries* provides an historical perspective on public diplomacy and nation branding in the Nordic and Baltic countries from 1900 to the present day. It highlights continuity and change in the efforts to strategically represent these nations abroad and shows how a self-understanding of being peripheral has led to similarities in the deployed practices throughout the Nordic-Baltic region. Edited by Louis Clerc, Nikolas Glover and Paul Jordan, the volume examines a range of actors that have attempted to influence foreign opinions and strengthen their country's political and commercial position. Various labels: propaganda, information diplomacy and branding. These constant efforts to enhance the national image abroad have affected how the nation has been imagined in the domestic context.
