VICTORIA WOOLF

Sweet Compulsion

Frank Landon Humphreys

Sweet Compulsion:

Sweet Compulsion Victoria Woolf, 1979 Sweet Compulsion by Victoria Woolf released on May 25 1979 is available now for purchase **Geraldine Farrar** Elizabeth Nash, 2012-09-18 From 1906 until 1922 Geraldine Farrar was the Metropolitan Opera's most popular and glamorous prima donna Convinced that music must always serve the drama she often sacrificed tonal beauty to dramatic effect and her acting was noted for its intensity and realism Nevertheless Farrar was a superb singer possessing a beautiful lyric soprano voice Farrar was also a star of the silent screen appearing in 14 films from 1915 to 1920 In retirement she was mentor and friend to the African American soprano Camilla Williams enabling Williams to become the first African American to have a regular contract with a major American opera company This biography and critical analysis of Farrar's career provides a detailed account of her major contributions to the history of opera *SWEET COMPULSION* Charlotte Lamb, Earithen, 2019-09-01 Marcy is the leader of a group working against a major company's redevelopment plans for a struggling city Specifically she's up against Randal the company's negotiator Marcy's aunt left her a house in the middle of the city When she makes it known that she won't give in no matter how many threats or how much money they throw at her the company schemes to send in a handsome man to seal the deal Initially Marcy laughs at their simplistic approach In time however she finds herself being swayed by Randal's sexy grandiose seduction as well as a surprising secret **Bacchylides** David Fearn, 2007-07-12 An original and wide ranging study of the Greek lyric poet Bacchylides exploring his engagement with poetic tradition and evaluating the complex relationship of the poetry to its multiple contexts of performance Heaven, Hell, and Purgatory Jerry L. Walls, 2015-01-27 Will heaven be boring How can a good and loving God send people to hell Is there such a place as purgatory If so why is it necessary if we're saved by grace Questions about the afterlife abound Given what is at stake they are the most important questions we will ever consider Recent years have seen a surge of Christian books written by people claiming to have received a glimpse of the afterlife and numerous books films and TV shows have apocalyptic or postapocalyptic themes Jerry Walls a dynamic writer and expert on the afterlife distills his academic writing on heaven hell and purgatory to offer clear biblical theological and philosophical grounding for thinking about these issues He provides an ecumenical account of purgatory that is compatible with Protestant theology and defends the doctrine of eternal hell Walls shows that the Christian vision of the afterlife illumines the deepest and most important issues of our lives changing the way we think about happiness personal identity morality and the very meaning of life Hope, Joy, and Affection in the Classical World Ruth R. Caston, Robert A. Kaster, 2016-05-02 The emotions have long been an interest for those studying ancient Greece and Rome But while the last few decades have produced excellent studies of individual emotions and the different approaches to them by the major philosophical schools the focus has been almost entirely on negative emotions This might give the impression that the Greeks and Romans had little to say about positive emotion something that would be misguided As the chapters in this collection indicate there are

representations of positive emotions extending from archaic Greek poetry to Augustine and in both philosophical works and literary genres as wide ranging as lyric poetry forensic oratory comedy didactic poetry and the novel Nor is the evidence uniform while many of the literary representations give expression to positive emotion but also describe its loss the philosophers offer a more optimistic assessment of the possibilities of attaining joy or contentment in this life The positive emotions show some of the same features that all emotions do But unlike the negative emotions which we are able to describe and analyze in great detail because of our preoccupation with them positive emotions tend to be harder to articulate Hence the interest of the present study which considers how positive emotions are described their relationship to other emotions the ways in which they are provoked or upset by circumstances how they complicate and enrich our relationships with other people and which kinds of positive emotion we should seek to integrate The ancient works have a great deal to say about all of these topics and for that reason deserve more study both for our understanding of antiquity and for our understanding of the positive emotions in general

Cecil B. DeMille's Hollywood Robert S. Birchard, 2004-06-29 A look at the wide ranging work of the Golden Age genius who made *The Ten Commandments* and other blockbusters and helped found the American film industry Cecil B DeMille's *Hollywood* is a detailed and definitive chronicle of the director's screen work that changed the course of film history and a fascinating look at how movies were actually made in Hollywood's Golden Age Drawing extensively on DeMille's personal archives and other primary sources Robert S Birchard offers a revealing portrait of DeMille the filmmaker that goes behind studio gates and beyond DeMille's legendary persona In his forty five year career DeMille's box office record was unsurpassed and his swaggering style established the public image for movie directors He had a profound impact on the way movies tell stories and brought greater attention to the elements of decor lighting and cinematography Best remembered today for screen spectacles such as *The Ten Commandments* and *Samson and Delilah* DeMille also created Westerns realistic chamber dramas and a series of daring and highly influential social comedies while setting the standard for Hollywood filmmakers and demanding absolute devotion to his creative vision from his writers artists actors and technicians Far and away the best film book published so far this year National Board of Review

Mismatched Women Jennifer Fleege, 2014-08-01 In *Mismatched Women* author Jennifer Fleege introduces readers to a lineage of women whose voices do not match their bodies by conventional expectations from George du Maurier's literary *Trilby* to Metropolitan Opera singer Marion Talley from *Snow White* and *Sleeping Beauty* to Kate Smith and Deanna Durbin The book tells a new story about female representation by theorizing a figure regularly dismissed as an aberration The mismatched woman is a stumbling block for both sound and feminist theory argues Fleege because she has been synchronized yet seems to have been put together incorrectly as if her body could not possibly house the voice that the camera insists belongs to her Fleege broadens the traditionally cinematic context of feminist film theory to account for literary animated televisual and virtual influences This approach bridges gaps between disciplinary frameworks showing that

studies of literature film media opera and popular music pose common questions about authenticity vocal and visual realism circulation and reproduction The book analyzes the importance of the mismatched female voice in historical debates over the emergence of new media and unravels the complexity of female representation in moments of technological change **The Evolution of Church Music** Frank Landon Humphreys,1896 **The Poems of John Milton** Thomas Keightley,2025-08-22 Reprint of the original first published in 1859 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage
