Hommon, 2013-04-25 The well known list of cradles of civilization primary states from which all modern nation states ultimately derive has traditionally been limited to Egypt Mesopotamia the Indus Valley China Mesoamerica and Andean South America However by drawing on archaeological and ethnohistorical sources Robert J Hommon demonstrates that Polynesia with primary states in both Hawai i and Tonga should be added to that list The Ancient Hawaiian State offers a history of the ancient Hawaiians transformation of their Polynesian chiefdoms into primary state societies The emergence of primary states is one of the most revolutionary transformations in human history and Hawai i s metamorphosis was so profound that in some ways the contact era Hawaiian states bear a closer resemblance to our world than to that of their closely related Eastern Polynesian contemporaries In contrast to the other six regions in which states emerged in the distant proto or pre literate past the transformation of Hawaiian states is documented in an extensive body of oral traditions preserved in written form a rich literature of early post contact eyewitness accounts by participants and Western visitors as well as an extensive archaeological record Tracing the roots and emergence of the Hawaiian states this innovative study offers a detailed model that will advance the analysis of Polynesian political development and shed light on the nature and dynamics of primary state formation

Oceania or the South Pacific loomed large in the Victorian popular imagination It was a world that interested the Victorians for many reasons all of which suggested to them that everything was possible there This collection of essays focuses on Oceania s impact on Victorian culture most notably travel writing photography international exhibitions literature and the world of children Each of these had significant impact The literature discussed affected mainly the middle and upper classes while exhibitions and photography reached down into the working classes as did missionary presentations The experience of children was central to the Pacific s effects as youthful encounters at exhibitions chapel home or school formed lifelong impressions and experience It would be difficult to fully understand the Victorians as they understood themselves without considering their

engagement with Oceania While the contributions of India and Africa to the nineteenth century imagination have been well documented examinations of the contributions of Oceania have remained on the periphery of Victorian studies Oceania and the Victorian Imagination contributes significantly to our discussion of the non peripheral place of Oceania in Victorian culture **Spalding's Official Athletic Almanac** ,1922 The Story of Hawaii and Its Builders George F.
