The Hermeneutic Mode Essays On Time In Literature And Literary Theory:

The Hermeneutic Mode William Wolfgang Holdheim, 1984 **The Comparative Perspective on Literature** Clayton Koelb, 2019-06-30 Few would deny that comparative literature is rapidly moving from the periphery toward the center of literary studies in North America but many are still unsure just what it is The Comparative Perspective on Literature shows by means of twenty two exemplary essays by many of the most distinguished scholars in the field how comparative literature as a discipline is conceived of and practiced in the 1980s Nearly all of them published here for the first time the essays discuss and themselves reflect significant changes at the core of the field as well as evolving notions as to what comparative literature is and should be The volume editors Clayton Koelb and Susan Noakes have included essays that address the scope and concerns of comparative literature today historical and international contexts of the field and the relationship of literary criticism to other disciplines as well as affording comparative perspectives on current critical issues The Temporal Mechanics of the Fourth Gospel Douglas Estes, 2008-01-01 By redefining narrative temporality in light of modern physics this book advances a unique and innovative approach to the deep seated temporalities within the Gospel of John and challenges the implicit assumptions of textual brokenness that run throughout Johannine scholarship *The Essay At the Limits* Mario Aquilina, 2021-04-08 In the hands of such writers as Rebecca Solnit Claudia Rankine David Shields Zadie Smith and many others the essay has re emerged as a powerful literary form for tackling a fractious 21st century culture The Essay at the Limits brings together leading scholars to explore the theory the poetics and the future of the form The book links the formal innovations and new voices that have emerged in the 21st century essay to the history and theory of the essay In so doing it surveys the essay from its origins to its relation to contemporary cultural forms from the novel to poetry film to music and from political articles to intimate lyrical expressions The book examines work by writers such as Theodor W Adorno Kwame Anthony Appiah Francis Bacon James Baldwin Roland Barthes Maurice Blanchot Ta Nehisi Coates Annie Dillard Brian Dillon Jean Genet William Hazlitt Samuel Johnson Karl Ove Knaussgaard Ben Lerner Audre Lorde Oscar Wilde Michel de Montaigne Zadie Smith Rebecca Solnit Wallace Stevens Eliot Weinberger and Virginia Woolf **Geoffrey Hartman** G. Douglas Atkins, 2006-06-01 The critic explicitly acknowledges his dependence on prior words that make his word a kind of answer He calls to other texts that they might answer him Geoffrey Hartman is the first book devoted to an exploration of the intellectual poetry of the critic who whether or not he represents the future of the profession is a unique and major voice in twentieth century criticism Professor Atkins explains clearly Hartman's key ideas and places his work in the contexts of Romanticism and Judaism on which he has written extensively In Geoffrey Hartman he provides a valuable introduction to a major critical voice who has called into question our assumptions about the distinction between commentary and imaginative literature **Encyclopedia of Literature and Criticism** Martin Coyle, Peter Garside, Malcolm Kelsall, John Peck, 2002-09-11 Contains essays by approximately ninety scholars and critics in which they investigate various aspects of English literary eras

genres and works and includes bibliographies and suggestions for further reading

On Essays Thomas Karshan, Kathryn Murphy, 2020 Sets out in a new and authoritative way the history of the essay explains how the essay has come to mean what it does surveys the widely various incarnations of the form offers new accounts of major essayists in English and traces a wide range of significant themes

Tracing the Essay G. Douglas Atkins, 2005-12-01 The essay as a notably hard form of writing to pin down has inspired some unflattering descriptions It is a greased pig for example or a pair of baggy pants into which nearly anything and everything can fit In Tracing the Essay G Douglas Atkins embraces the very qualities that have moved others to accord the essay second class citizenship in the world of letters Drawing from the work of Montaigne and Bacon and recent practitioners such as E B White and Cynthia Ozick Atkins shows what the essay means and how it comes to mean The essay related to assaying attempting mines experience for meaning which it then carefully weighs It is a via media creature says Atkins born of and embracing tension It exists in places between experience and meaning literature and philosophy self and other process and product form and formlessness Moreover as a literary form the essay is inseparable from a way of life requiring wisdom modesty and honesty The essay was historically notes Atkins the first form to take the experience of the individual and make it the stuff of literature Atkins also considers the essay s basis in Renaissance and Reformation thinking and its participation in voyages of exploration and discovery of that age Its concern is home cosmography to use a term from seventeenth century writer William Habington Responding to influential critiques of the essay s supposed self indulgence lack of irony and absence of form Atkins argues that the essay exhibits a certain sneakiness as it proceeds in through and by means of the small and the mundane toward the spiritual and the revelatory

Time: A Bibliographic Guide Samuel L. Macey, 2018-10-10 Originally published in 1991 A multidisciplinary guide in the form of a bibliography of selected time related books and articles divided into 25 existing academic disciplines and about 100 subdisciplines which have a wide application to time studies

The Tempo of Modernity Gabriel R. Ricci, 2017-09-08 The present work is a study in the history of an enduring idea that defines the inner life of the mind and also supplied a substratum for the twentieth century literary imagination and substance for

philosophical thinking producing a unique alliance between philosophy and literature This special union was forged by a new holistic conception of time which supplemented and even supplanted the conventional sense of chronological time This temporal turn animated the existential insights of Husserl Heidegger and Bergson but it was grounded in nineteenth century advances in the biological sciences the hegemony of Hegelianism and even stretched back to Augustine's early meditation on time in Book XI of his Confessions In linking together a set of thinkers who addressed this form of temporal consciousness Gabriel R Ricci illuminates a common intellectual preoccupation from the vantage point of a concept The authors do not together assemble the thought it is the thought that produced a collective voice This voice appears in the episodes outlined in each chapter and they are framed by an introduction which explores Joseph Frank's insights into the new spatial forms in literature and an epilogue which resurrects J W Dunne's peculiar dream experiments and theory of precognition Ricci employs Frank's seminal essay to draw comparisons between literature's adaptation of the new time sense and philosophy's expression of the new compatibility between space and time Dunne's theory serves to demonstrate the continuity between literary form and philosophical speculation

History and Post-War Writing, 2023-07-10 Becoming the People of the Talmud Talya Fishman, 2012-01-31 In Becoming the People of the Talmud Talya Fishman examines ways in which circumstances of transmission have shaped the cultural meaning of Jewish traditions Although the Talmud's preeminence in Jewish study and its determining role in Jewish practice are generally taken for granted Fishman contends that these roles were not solidified until the late eleventh and early twelfth centuries The inscription of Talmud which Sefardi Jews understand to have occurred quite early and Ashkenazi Jews only later precipitated these developments The encounter with Oral Torah as a written corpus was transformative for both subcultures and it shaped the roles that Talmud came to play in Jewish life What were the historical circumstances that led to the inscription of Oral Torah in medieval Europe How did this body of ancient rabbinic traditions replete with legal controversies and nonlegal material come to be construed as a reference work and prescriptive guide to Jewish life Connecting insights from geonica medieval Jewish and Christian history and orality textuality studies Becoming the People of the Talmud reconstructs the process of cultural transformation that occurred once medieval Jews encountered the Babylonian Talmud as a written text According to Fishman the ascription of greater authority to written text was accompanied by changes in reading habits compositional predilections classroom practices approaches to adjudication assessments of the past and social hierarchies She contends that certain medieval Jews were aware of these changes some noted that books had replaced teachers others protested the elevation of Talmud centered erudition and casuistic virtuosity into standards of religious excellence at the expense of spiritual refinement The book concludes with a consideration of Rhineland Pietism's emergence in this context and suggests that two contemporaneous phenomena the prominence of custom in medieval Ashkenazi culture and the novel Christian attack on Talmud were indirectly linked to the new eminence of this written text in Jewish life

The Backward Look Angelica Goodden, 2017-12-02 Theories of memory and fictional recreations of the remembering mind have occupied a central place in French literature since Montaigne The author investigates the shifting relation between cognitive or scientific memory and emotional or spiritual recollection in a series of major writers from the 16th to the 20th centuries Her study focuses on the 18th century where the interplay between memory and imagination and the link between self knowledge and self presentation are shown to be exceptionally fertile The philosophical scientific and fictional writings of Diderot and the novels and autobiographical works of Rousseau are central to this ground breaking work which should be of interest to all readers concerned with the specificity of the French literary tradition *The German-Jewish Legacy in America, 1938-1988* Abraham J. Peck, 1989 The essays in this volume were written to mark the fiftieth anniversary of Kristallnacht the fateful pogrom in early November 1938 which was a watershed in the treatment of Jews in Germany and signaled the end to more than a century of specific Jewish culture there Historian George Mosse in the opening essay characterizes this spirit as represented by Bildung a post emancipation notion that included character formation moral education the primacy of culture the acquisition of aesthetic taste and the belief in the potential of humanity Bildung became to large portions of German Jewry an important if not central expression of their Jewishness It is this legacy that this volume explores and seeks to understand Among the questions contributors examine are the meaning of this legacy in our time what has happened to it in its American context whether it has found a home in the United States or whether it remains in exile and which elements of the legacy are worth preserving for the next generation Two groups address this range of questions The first is made up of Jews born in Germany but who reached their professional maturity in the United States The second is made up primarily of American born individuals whose Jewish parents had either fled Nazi Germany or who as German Jews survived the Holocaust The *Germany Jewish Legacy in America* commemorates the end of one of the greatest communities in Jewish history and explores those elements of its greatness which may still be relevant in insuring a vibrant and productive Jewish community in a free and democratic American society
