The Stargate Conspiracy Lynn Picknett, 2001-09-01 In recent years alternative historians have gained remarkable insight into the mysteries of ancient Egypt but according to Lynn Picknett and Clive Prince their discoveries tie into a dangerous conspiracy nearly fifty years in the making At the center of this conspiracy is a group of respected powerful individuals who believe that the ancient Egyptian gods are really extraterrestrials who will soon return to earth The conspirators have intimate and exclusive knowledge of this momentous second coming but they insist on keeping it to themselves What could be the purpose of such a conspiracy Why are the conspirators so desperate to keep their information a secret And what does it mean for mankind In this riveting well researched book Picknett and Price offer compelling evidence that the conspiracy exists and expose the insidious motivations of the individuals and organizations behind it

Dark Mission Richard C. Hoagland, Mike Bara, 2009-09-01 The New York Times bestseller about the strange history of NASA and its cover ups regarding its origins and extraterrestrial architecture found on the moon and Mars is even more interesting in its new edition Authors Richard C Hoagland and Mike Bara include a new chapter about the discoveries made by ex Nazi scientist and NASA stalwart Wernher von Braun regarding what he termed alternate gravitational solutions or the rewriting of Newtonian physics into hyperdimensional spheres

The Cult of Alien Gods Jason Colavito,2010-03-05 Fans of fantasy horror writer H P Lovecraft must add The Cult of Alien Gods H P Lovecraft and Extraterrestrial Pop Culture to their reading lists California BookwatchCombining literary theory cultural criticism and muckraking Colavito aims to debunk alternative history He does a fair job of presenting his case using a great deal of textual analysis but believers will dismiss it as yet another attempt to suppress the truth while those who haven't been immersed in the literature are likely to be bewildered or indifferent the writing is engaging and the topic intriguing Publishers WeeklyNearly half of all Americans believe in the existence of extraterrestrials and many are also convinced that aliens have visited earth at some point in history Included among such popular beliefs is the notion that so called ancient astronauts visitors from outer space were responsible for historical wonders like the pyramids In The Cult of Alien Gods author Jason Colavito reveals for the first time

that the entire genre of ancient astronaut books is based upon fictional horror stories whose author once wrote that he never wished to mislead anyone In this entertaining and informative book Colavito traces the origins of the belief in ancient extraterrestrial visitors to the work of horror writer H P Lovecraft 1890 1937 This amazing tale takes the reader through fifty years of pop culture and pseudoscience highlighting such influential figures and developments as Erich von D niken Chariots of the Gods Graham Hancock Fingerprints of the Gods Zecharia Sitchin Twelfth Planet and the Raelian Revolution The astounding and improbable connections among these various characters are revealed along with the disturbing consequences of Lovecraft s little joke for modern science and public knowledge Beyond documenting Lovecraft s influence on ancient astronaut theories and Raelian cloning efforts Colavito also argues that the appeal of such modern myths is a troubling sign in an age when science is having its greatest success He suggests that at the dawn of the 21st century Western society is witnessing a deep seated erosion of Enlightenment values that are the basis of the modern world Jason Colavito is a freelance writer and editor who has written for Skeptic magazine among other publications

The Cosmic War Joseph P. Farrell, 2020-12-05 There is ample evidence across our solar system of cataclysmic and catastrophic destruction events The asteroid belt for example may be the remains of an exploded planet The known planets are scarred from incredible impacts and teeter in their orbits due to causes heretofore inadequately explained Rejecting the naturalist and materialist assumptions of catastrophism forwarded by other researchers Farrell asserts that it is time to take the ancient myths of a Cosmic War in the heavens seriously Incorporating extraterrestrial artifacts cutting edge ideas in contemporary physics and the texts of ancient myths into his argument Farrell maintains that an ancient interplanetary war was fought in our own solar system with weapons of extraordinary power and sophistication In doing so he offers a solution to an enigma that has long mystified researchers disclosing a cause of that ancient war the means by which it was waged and the real nature of the secret technology behind the ancient Tablets of Destinies It is all here folks The history of the Exploded Planet hypothesis and what mechanism can actually explode a planet The role of plasma cosmology plasma physics even plasma paleophysics and scalar physics The ancient texts telling of such destructions from Sumeria Tiamat s destruction by Marduk Egypt Edfu and the Mars connections Greece Saturn s role in the War of the Titans and the ancient Americas
