The Moral Wisdom of St. Thomas Peter A. Redpath,1983

Moral Wisdom of St. Thomas Peter A. Redpath,1983-04-19

The Thought of Thomas Aquinas Brian Davies,1992-01-30 Thomas Aquinas was one of the greatest Western philosophers and one of the greatest theologians of the Christian church In this book we at last have a modern comprehensive presentation of the total thought of Aquinas Books on Aquinas invariably deal with either his philosophy or his theology But Aquinas himself made no arbitrary division between his philosophical and his theological thought and this book allows readers to see him as a whole It introduces the full range of Aquinas thinking and it relates his thinking to writers both earlier and later than Aquinas himself

The Moral Wisdom of the Catholic Church Robert Spitzer,2022-11-01 Jesus said The truth will set you free Father Spitzer lays bare the theological and philosophical roots of Catholic morality and also uses secular statistical studies to demonstrate that these teachings even from a scientific standpoint help human beings to flourish Gathering data from universities general psychiatry medical institutes and general survey organizations such as Pew Research Gallup Research and Harris Poll this book shows that going against foundational Christian doctrines from marriage to the sanctity of unborn life leads to significant increases in depression anxiety substance abuse familial tensions suicidal contemplation The numbers speak for themselves Many people today particularly the young are embarrassed by the Church s moral teaching For them it is only an outdated expression of hatred or disgust Yet nothing could be further from the truth Sin is what degrades man and kills his joy and a moral life is a life of love If we tell the truth about destructive lifestyles we can rescue our loved ones from a life of darkness helping to bring about a shift in our culture With scientific clarity this work provides readers everything they need to know to speak credibly effectively and persuasively about the most controversial moral issues Imprimatur The Most Reverend Kevin J Vann J C D O D Bishop Diocese of Orange February 28 2021

Thomas Aquinas Brian Davies,2002-12-05 The work of Thomas Aquinas has always enjoyed a privileged position as a pillar of Catholic theology but for centuries his standing among western philosophers was less sure Today Aquinas s work is recognized as a cornerstone of the western philosophical tradition This book offers a full scale introduction to Aquinas s philosophy Brian Davies has collected in one volume the best recent essays on Aquinas by some of the world s foremost scholars of medieval philosophy Taken together they illuminate the entire spectrum of Aquinas s thought philosophy of nature logic metaphysics natural theology philosophy of mind philosophy of action and ethics The essays are philosophically solid readable informative critical and evaluative of the texts of Aquinas Davies frames the essays with a detailed introduction that provides an account of Aquinas s life and works as well as of his major philosophical conclusions *Words of Wisdom*

John W. Carlson,2012-01-16 Like their predecessors throughout the late nineteenth and twentieth centuries popes John Paul II and Benedict XVI have emphasized the importance of philosophy in the Catholic intellectual tradition In his encyclical Fides et ratio 1998 John Paul II called on philosophers to have the courage to recover in the flow of an enduringly valid philosophical tradition the range of authentic wisdom and truth Where the late pope spoke of an enduringly valid tradition Jacques Maritain and other Thomists often have referred to the perennial tradition or to perennial philosophy Words of Wisdom responds to John Paul s call for the development of this tradition with a much needed dictionary of terms As a resource for students in colleges universities and seminaries as well as for teachers of the perennial tradition and interested general readers Words of Wisdom occupies a unique place It offers precise yet clear and understandable accounts of well over a thousand key philosophical terms richly cross referenced It also explains significant terms from other philosophical movements with which Thomism and the Catholic intellectual tradition more generally has engaged either through debate or through judicious and creative incorporation Moreover it identifies a number of theological and doctrinal expressions to which perennial philosophy has contributed Finally it provides a comprehensive bibliography of works by Aquinas in English expositions and discussions of perennial themes and representative examples from the writings of all philosophers and theologians mentioned in dictionary entries

A Humane Case for Moral Intuition Benjamin S. Llamzon,2022-04-25 The book contends that contrary to accepted interpretation moral intuition rather than any other form of reasoning least of all formal logic is the moral method found in the ethics of Aristotle Aquinas Kant and Dewey the first four chapters of the book These four thinkers represent a dialectical selection of ethical relativism and absolutism as well as a chronological succession from ancient to contemporary thought The fifth and concluding chapter is a major presentation of the author s thesis on

moral intuition as the exact antidote against the dilemma ethics approach which is widely used today with rapidly diminishing effect and interest This chapter is a detailed illustration of how moral intuition works out concretely in the lived world It stresses the unity of moral experience even as this is clouded over by our relatively fewer but overdramatized confrontations on some moral issues **The Service of Glory** Aidan Nichols OP, 2011-12-22
