The Moving Toyshop ,1946 **The Moving Toyshop** Edmund Crispin,1960 The Moving Toyshop Edmund Crispin,1958 It is late at night when poet Cadogan stumbles on the dead body of an old lady in an Oxford toyshop The following morning the toyshop has vanished and in its place is a grocery store Nobody not even the police seem surprised

The Moving Toyshop Edmund Crispin,2014 *The Moving Toyshop* Edmund Crispin,1969 **Moving Toyshop** Edmund Crispin,1988-09-01 Named by P D James as one of the best five mysteries of all time Richard Cadogan is at loose ends in Oxford very late at night Charmed by the window display of an old fashioned toyshop he is worried to find the door unlocked surely the owner should be alerted And so Cadogan slips into the darkened store and up the narrow stairway to the apartment above But rather than a snoring toyman he finds a very dead old lady the marks of murder still livid on her neck But when Cadogan returns with the coppers the toyshop has disappeared This it seems is a matter for Gervase Fen *The Student* Edward Bulwer Lytton Baron Lytton,1840 **The Toy Man** , **Miniature and the English Imagination** Melinda Alliker Rabb,2019-02-14 Focusing on the phenomenon of miniaturization in material culture literature and theories of cognition this study examines the appeal and function of the small scale during the period from 1650 to 1765 Drawing on three interconnected areas of scholarship Melinda Alliker Rabb analyzes the human capacity to supplement direct experience of the world through representation in order to gain knowledge of that world and to attempt control over it Assessing two kinds of miniature the real and the imagined allows rethinking of works by Swift Pope Gay Johnson Sterne and others and shows how the fictional miniature can correspond meaningfully to the world of things The phenomenon of scaling down objects as various as teapots bureaus globes buckets spoons battlefields and diving bells has a relationship to large scale events as various as financial revolution globalization scientific discovery war and other events that challenge old modes of representation and demand new ones **The Works** Alexander Pope,1871
