Sovereignty and Command in Canada-US Continental Air Defence, 1940-57 Richard Goette, 2018-07-01 The 1940 Ogdensburg Agreement entrenched a formal defence relationship between Canada and the United States But was Canadian sovereignty upheld Drawing on untapped archival material *Sovereignty and Command in Canada US Continental Air Defence 1940-57* documents the close and sometimes fractious relationship between the two countries Richard Goette challenges prevailing perceptions that Canada's defence relationship with the United States eroded Canadian sovereignty He argues instead that a functional military transition from an air defence system based on cooperation to one based on integrated and centralized command and control under NORAD allowed Canada to retain command of its forces and thus protect Canadian sovereignty Goette combines historical narrative with conceptual analysis of sovereignty command and control systems military professionalism and civil military relations In the process he provides essential insights into the Royal Canadian Air Force's paradigm shift away from its Royal Air Force roots toward closer ties with the United States Air Force and the role of the nation's armed forces in safeguarding its sovereignty *One Hundred Years of Air Power and Aviation* Robin Higham, 2003 In this precise interpretive and informative volume Higham looks at everything from the roots of strategic bombing and tactical air power to the lessons learned and unlearned during the invasion of Ethiopia the war in China and the Spanish Civil War He also considers the problems posed by jet aircraft in Korea and the use of Patriot missiles in the Persian Gulf He covers anti guerrilla operations doctrine industrial activities and equipment as well as the development of commercial airlines *Canadian Warbirds of the Biplane Era* Harold A. Flying Canucks Peter Pigott, 1996-07-25 Flying Canucks tells the fascinating story of aviation in Canada through this collection of 37 biographies of important aviators in our nation's history As early as 1908 having read the Wright brothers invention Alberta farm boys and mechanics in Quebec villages were constructing large kites attempting to fly them Within a decade Canadian air aces like Bishop and Barker swept the wartime skies over Frances piloting deadly machines in mortal combat Through the 20s that very Canadian breed of adventurer the bush pilot ventured over the desolate tundra delivering medicine and missionaries mail and Mounties to remote communities as far as Ellesmere Island and Ungava Bay Members of the Royal Canadian Air Force fought with distinction during the Second world War Titles such as The Saviour of London and The Angel of Ceylon seem like wartime hype but the skill and courage that those pilots displayed half a century ago set them apart still For the six Canadian airmen who won the Victoria Cross there were thousands who flew into the meat grinder that was the Allies strategic air offensive over Europe This book chronicles the exploits of only a few men and women but it truly celebrates the spirit and resolve of countless brave Canadians who are proud part of aviation in this country

This book reveals the vital contribution that RAF Coastal Command made to the Allies war effort. Although often referred to as the Cinderella Service because by its nature it did not gain the recognition it deserved and was overshadowed by Fighter and Bomber Commands, and considering that it was not given priority in terms of aircraft and equipment, its wartime record was second to none. The two main roles of Coastal Command were anti-submarine work in the Atlantic and anti-shipping operations against enemy warships and merchant vessels. This work looks at every aspect of the command's work, equipment, and aircraft, and draws upon many first-hand accounts. Lengthy and comprehensive appendices cover Orders of Battle, Commanders, U-boats, sunk ships, sunk aircraft, losses, and casualties. **The Tutor Knights** John Charles Corrigan, 2023-01-23. The Red Knight holds a special place in Canadian history. The RCAF's solo aerobatic display thrilled airshow audiences throughout North America from 1958-1969. With over 600 performances, the Red Knight ranks third in RCAF history to today's Snowbirds and CF-18 Hornet Demo. In recognition of the program's importance, Canada's Aviation Hall of Fame honoured the Red Knight with its Belt of Orion Award for Excellence in 2020, and the Royal Canadian Mint issued a commemorative coin in 2022. Aviation historian John Charles Corrigan spent 25 years researching and chronicling the program's history in his book *The Red Knight*. Budget cuts and a fatal accident resulted in the program's cancellation in 1970. John's latest book *The Tutor Knights* takes the reader on an insider's journey through the final two seasons of the program. With meticulous attention to detail, he describes a program in flux and subject to extraordinary stresses which presaged an incredible series of tragedies. With numerous interviews, media reports, illustrations, and never-before-seen photos and documentation, *The Tutor Knights* is written with aviation enthusiasts in mind. It will be of interest to those who marvel at the grace and precision of aerobatic flying from a uniquely Canadian perspective. <https://www.facebook.com/rcafredknight>
