*Christian Theology* Alister E. McGrath, Matthew J. Thomas, 2024-09-13 Offers a lively concise and easily accessible approach to the development of Christianity's core themes over the centuries As Christianity enters into a new phase of expansion the study of Christian theology continues to play a key role in modern intellectual culture as well as to those wanting to understand the central issues and preoccupations of the Middle Ages the European Reformation or many other periods in human history Since its initial publication more than 30 years ago *Christian Theology An Introduction* has established itself as one of the most respected and widely used theological textbooks Now in its seventh edition this classic textbook remains an unparalleled introduction to the primary concepts themes and developments of 2 000 years of Christian thought Designed for students with no prior knowledge of the subject *Christian Theology* provides an overview of historical theology explains central aspects of philosophical theology describes major debates over Christian theological method and explores key doctrines of systematic theology Theologically neutral chapters offer balanced coverage of Catholic Orthodox Protestant and evangelical traditions positions perspectives and insights In this new edition renowned theologian Alister E McGrath is joined by educationalist Matthew J Thomas to ensure that *Christian Theology* connects with a range of contemporary teaching contexts Reviewed and improved content is supported by an entirely new series of fifteen lectures on Christian theology written and presented by Professor McGrath *Christian Theology An Introduction Seventh Edition* remains the ideal textbook for university courses in Christian theology seminary courses across denominations church discussion groups adult Sunday schools and those looking for a reliable guide to the study of Christian thought

**Beyond the Modern Age** Bob Goudzwaard, Craig G. Bartholomew, 2017-05-23 Modernity according to Bob Goudzwaard and Craig Bartholomew is not a single ideology but rather a tension between four worldviews In conversation with students from around the world and drawing upon a variety of sources and disciplines the authors propose ways to transcend modernity and address global crises

**God and the Self in Hegel** Paolo Diego Bubbio, 2017-06-29 *God and the Self in Hegel* proposes a reconstruction of Hegel's conception of God and analyzes the significance of this reading for Hegel's idealistic metaphysics Paolo Diego Bubbio argues that in Hegel's view subjectivism the tenet that there is no underlying true reality that exists independently of the activity of the cognitive agent can be avoided and content can be restored to religion only to the extent that God is understood in God's relation to human beings and human beings are understood in their relation to God Focusing on traditional problems in theology and the philosophy of religion such as the ontological argument for the existence of God the Trinity and the death of God Bubbio shows the relevance of Hegel's view of religion and God for his

broader philosophical strategy In this account as a response to the fundamental Kantian challenge of how to conceive the mind world relation without setting mind over and against the world Hegel has found a way of overcoming subjectivism in both philosophy and religion      *Premodern Faith in a Postmodern Culture* Peter Drilling,2006-07-26 Since the European Enlightenment of the 18th century traditional religious faith has been challenged from many sides Both the modern and postmodern worldviews have confronted religious belief The Christian doctrine of God is no exception Premodern Faith in a Postmodern Culture A Contemporary Theology of the Trinity acknowledges these challenges to the Christian doctrine of God and explains their sources in philosophical terms Through careful thoughtful analysis Peter Drilling offers a way to meet these challenges so that Christian Faith in the triune God survives and thrives By using the theological method articulated by the philosopher theologian Bernard Lonergan this book demonstrates a reasonable and authentic process of coming to faith This method includes various directions believers can take both theoretical and practical to apply faith in the Trinity Drilling s multi faceted approach looks at this faith through the diverse perspectives of analogous understanding spirituality ecclesiology philosophy and interreligious dialogue This work is unique in its view of the entire historical development of the Trinity from historical sources to the new postmodern conceptions of God      **Modern Jewish Thought on Crisis** Ghilad H. Shenhav,Cedric Cohen-Skalli,Gilad Sharvit,2024-01-29 This volume brings together scholars from a range of disciplines to explore the intersections between crisis scholarship and action The aim of this book is to think about the moment of crisis through the concepts writings and methodologies awarded to us by Jewish thinkers in modernity This book offers a broad gallery of accounts on the notion of crisis in Jewish modernity while emphasizing three terms interpretation heresy and messianism The main thesis of the volume is that the diasporic and exilic experience of the Jewish people turned their philosophers and theologians into experts in crisis management who had to find resources within their own religion culture and traditions in order to react endure and overcome short and long term historical crises The underlining assumption of this book is therefore that Jewish thought obtains resources for conceptualizing and reacting to the current forms of crisis in the global European and Israeli spheres The volume addresses a large readership in humanities social and political sciences and religious studies taking as its assumption that scholars in modern Jewish thought have an extended responsibility to engage in contemporary debates      *Encyclopedia of the Sixties* Abbe A. Debolt,James S. Baugess,2011-12-12 Comedian Robin Williams said that if you remember the 60s you weren t there This encyclopedia documents the people places movements and culture of that memorable decade for those who lived it and those who came after Encyclopedia of the Sixties A Decade of Culture and Counterculture surveys the 1960s from January 1960 to December 1969 Nearly 500 entries cover everything from the British television cult classic The Avengers to the Vietnam War and the civil rights movement The two volume work also includes biographies of artists architects authors statesmen military leaders and cinematic stars concentrating on what each individual accomplished during the 1960s with brief postscripts of their lives beyond the period There was much more

to the Sixties than flower power and LSD and the entries in this encyclopedia were compiled with an eye to providing a balanced view of the decade Thus unlike works that emphasize only the radical and revolutionary aspects of the period to the exclusion of everything else these volumes include the political and cultural Right taking a more academic than nostalgic approach and helping to fill a gap in the popular understanding of the era      **Quarterly Bulletin** Brockton Public Library (Brockton, Mass.),1926      Nietzsche and the Philosophers Mark T. Conard,2016-12-08 Nietzsche is undoubtedly one of the most original and influential thinkers in the history of philosophy In his works he not only grapples with previous great philosophers and their ideas but he also calls into question and redefines what it means to do philosophy Nietzsche and the Philosophers for the first time sets out to examine explicitly Nietzsche s relationship to his most important predecessors This anthology includes essays that discuss Nietzsche s engagement with such figures as Aristotle Kant Socrates Hume Schopenhauer Emerson Rousseau and the Buddha Anyone interested in Nietzsche or the history of philosophy generally will find much of great interest in this volume      **Observation Oriented Modeling** James W. Grice,2011-05-17 This book introduces a new data analysis technique that addresses long standing criticisms of the current standard statistics Observation Oriented Modelling presents the mathematics and techniques underlying the new method discussing causality modelling and logical hypothesis testing Examples of how to approach and interpret data using OOM are presented throughout the book including analysis of several classic studies in psychology These analyses are conducted using comprehensive software for the Windows operating system Describes the problems that statistics are meant to answer why popularly used statistics often fail to fully answer the question and how OOM overcomes these obstacles Chapters include examples of statistical analysis using OOM      *The Saturday Review of Politics, Literature, Science and Art* ,1901      *The Saturday Review of Politics, Literature, Science, Art, and Finance* ,1868
