*Principles and Practice of Geriatric Surgery* Ronnie Ann Rosenthal, Michael E. Zenilman, Mark R. Katlic, 2011-07-12 In the preface to this impressive and well produced book the editors state that their aim is not to describe a new surgical specialty since most surgeons will soon need to be geriatric surgeons but to assemble a comprehensive account that will allow all providers of healthcare to the elderly to understand the issues involved in choosing surgery as a treatment option for their patients This is a useful book that deserves to do well I hope that the editors and their publisher will have the stamina to make this the first of several editions as it is clear that updated information about surgery in the elderly will be required to keep pace with this important field NEJM Book Review *From Cancer Patient to Cancer Survivor* National Research Council, Institute of Medicine, National Cancer Policy Board, Committee on Cancer Survivorship: Improving Care and Quality of Life, 2005-12-01 With the risk of more than one in three getting cancer during a lifetime each of us is likely to experience cancer or know someone who has survived cancer Although some cancer survivors recover with a renewed sense of life and purpose what has often been ignored is the toll taken by cancer and its treatment on health functioning sense of security and well being Long lasting effects of treatment may be apparent shortly after its completion or arise years later The transition from active treatment to post treatment care is critical to long term health *From Cancer Patient to Cancer Survivor* focuses on survivors of adult cancer during the phase of care that follows primary treatment The book raises awareness of the medical functional and psychosocial consequences of cancer and its treatment It defines quality health care for cancer survivors and identifies strategies to achieve it The book also recommends improvements in the quality of life of cancer survivors through policies that ensure their access to psychosocial services fair employment practices and health insurance This book will be of particular interest to cancer patients and their advocates health care providers and their leadership health insurers employers research sponsors and the public and their elected representatives **Genomes 3** Terence A. Brown, 2007 The VitalBook e book version of *Genomes 3* is only available in the US and Canada at the present time To purchase or rent please visit <http://store.vitalsource.com/show/9780815341383> Covering molecular genetics from the basics through to genome expression and molecular phylogenetics *Genomes 3* is the latest edition of this pioneering textbook Updated to incorporate the recent major advances *Genomes 3* is an invaluable companion for any undergraduate throughout their studies in molecular genetics *Genomes 3* builds on the achievements of the previous two editions by putting genomes rather than genes at the centre of molecular genetics teaching Recognizing that molecular biology research was being driven more by genome sequencing and functional analysis than by research into genes this approach has gathered momentum in recent years **Bibliography of Scientific and Industrial Reports**, 1948 *The Unmaking of Special Rights* Klaus Dingwerth, Clara Weinhardt, Julian Eckl, Till Schöfer, Simon Herr, 2024-02-12 This is an open access title available under the terms of a CC BY NC ND 4.0 License It is free to read download and share on [Elgaronline.com](http://Elgaronline.com) In light of the many significant

recent changes to the global order The Unmaking of Special Rights explores an often forgotten aspect of this arrangement special rights for developing countries This book analyzes when and how special rights for developing countries have evolved in the context of global power shifts The Psychologist ,2004 **The Geologic Time Scale 2012** Felix Gradstein,J.G. Ogg,Mark D. Schmitz,Gabi M. Ogg,2012-09-01 The Geologic Time Scale 2012 winner of a 2012 PROSE Award Honorable Mention for Best Multi volume Reference in Science from the Association of American Publishers is the framework for deciphering the history of our planet Earth The authors have been at the forefront of chronostratigraphic research and initiatives to create an international geologic time scale for many years and the charts in this book present the most up to date international standard as ratified by the International Commission on Stratigraphy and the International Union of Geological Sciences This 2012 geologic time scale is an enhanced improved and expanded version of the GTS2004 including chapters on planetary scales the Cryogenian Ediacaran periods systems a prehistory scale of human development a survey of sequence stratigraphy and an extensive compilation of stable isotope chemostratigraphy This book is an essential reference for all geoscientists including researchers students and petroleum and mining professionals The presentation is non technical and illustrated with numerous colour charts maps and photographs The book also includes a detachable wall chart of the complete time scale for use as a handy reference in the office laboratory or field The most detailed international geologic time scale available that contextualizes information in one single reference for quick desktop access Gives insights in the construction strengths and limitations of the geological time scale that greatly enhances its function and its utility Aids understanding by combining with the mathematical and statistical methods to scaled composites of global succession of events Meets the needs of a range of users at various points in the workflow researchers extracting linear time from rock records students recognizing the geologic stage by their content *Endoscopic Diagnosis and Treatment in Urinary Bladder Pathology* Petrisor Aurelian Geavlete,2016-03-11 Endoscopic Diagnosis and Treatment in Urinary Bladder Pathology Handbook of Endourology contains five focused review oriented volumes that are ideal for students and clinicians looking for a comprehensive review rather than a whole course Topics covered review both the endourological diagnosis and treatment of prostate urethral urinary bladder upper urinary tract and renal pathology All chapters describe the most recent techniques review the latest results and analyze the most modern technologies In the past ten years the field of endourology has expanded beyond the urinary tract to include all urologic minimally invasive surgical procedures Recent advancements in robotic and laparoscopic bladder surgery make this one of the fastest moving fields in medicine As current textbooks are too time consuming for busy urologists or trainees who also need to learn other areas of urology this collection provides quick references and over 4000 images that are appropriate for fellows and those teaching in the field Offers review content for urologists in training and refresher content for experts in endourology Explores new surgical techniques and technology through review level content and extensive images of pathologies Includes over 500 images per volume images taken from

more than 4000 endourologic procedures performed annually at the editor's hospital Contains easily accessed volumes that can be accessed through eBook format      **Macromolecular Crystallography** Mark R. Sanderson, Jane V. Skelly, 2007-08-23 Macromolecular crystallography is the study of macromolecules using X ray crystallographic techniques to determine their molecular structure This title synthesises contributions from a team of internationally recognized leaders offering chapters on conventional and high throughput methods      *Oxford Textbook of Palliative Social Work* Terry Altiglio MSW, ACSW, LCSW, Shirley Otis-Green MSW, ACSW, LCSW, OSW, 2011-03-23 The Oxford Textbook of Palliative Social Work is a comprehensive evidence informed text that addresses the needs of professionals who provide interdisciplinary culturally sensitive biopsychosocial spiritual care for patients and families living with life threatening illness Social workers from diverse settings will benefit from its international scope and wealth of patient and family narratives Unique to this scholarly text is its emphasis on the collaborative nature inherent in palliative care This definitive resource is edited by two leading palliative social work pioneers who bring together an array of international authors who provide clinicians researchers policy makers and academics with a broad range of content to enrich the guidelines recommended by the National Consensus Project for Quality Palliative Care      *Sexuality and Aging* Jennifer Hillman, 2012-03-27 Despite continuing ageist beliefs that sexuality is a privilege designed only for the young and physically healthy research continues to indicate that the majority of older adults maintain interest in sexuality and may engage in fulfilling sexual behavior well into their last decade of life Unfortunately many professionals remain unaware of general knowledge of elderly sexuality including the expected and normal physiological changes that can occur within the context of both male and female aging The presence of chronic illness and other medical problems certainly can influence the expression of an aging adult's sexuality and emergent research suggests that there are effective ways to cope with menopause heart disease arthritis incontinence diabetes sleep disorders breast cancer prostate cancer and erectile dysfunction ED among others Dramatic changes have taken place within the last decade alone in terms of non surgical treatment for incontinence and ED with forms of sex therapy biofeedback and PDE 5 inhibitors Regrettably many aging adults and their care providers remain unaware of their increased risk factors for STDs including HIV infection via lack of knowledge changes in the vaginal lining and typical declines in immune function Estimates suggest that by the year 2020 more than half of all individuals living with HIV will be over the age of 50 Although some high quality professional books are available for clinicians they tend to be disjointed research bibliographies edited volumes on a narrowly focused aspect of elderly sexuality or texts that are more than 10 years old With the extent of new information available regarding sexuality and aging an up to date empirically based text is necessary      *The Psychology of Entertainment Media* L. J. Shrum, 2012-04-27 In this volume psychologists and communication experts present theory on understanding and predicting how learning occurs through media consumption As the impact of traditional advertising has declined over the last couple of decades marketers have scrambled to find other ways to effectively communicate with

consumers Among other approaches marketers have utilized various forms of product integration Product integration is mixing a commercial message in with the non commercial message via TV movie video and other entertainment venues This book will be of interest to students and researchers in psychology marketing communication advertising and consumer behavior
