century and then the revived Galactic Empire took them over as a colony. There was one condition under which the planet's people could achieve freedom: they had to prove they could build themselves a spaceship on their own, know how. The plans for such a starship existed on an even more backward world, heavily guarded as taboo documents. So the puppet king called on his former foe, Nathan MacKinnon, to go and bring back the sacred blueprints without bringing a world-destroying Imperial fleet on his heels. Page 4 cover
