Muzzleloader Magazine's The Book of Buckskinning William H. Scurlock, 1983 *The Art of the English Trade Gun in North America* Nathan E. Bender, 2018-07-06 Symbolic ornamentation inspired by ancient Greek and Roman art is a long standing Western tradition The author explores the designs of 18th century English gunsmiths who engraved classical ornamental patterns on firearms gifted or traded to American Indians A system of allegory is found that symbolized the Americas of the New World in general and that enshrined the American Indian peoples as noble savages The same allegorical context was drawn upon for symbols of national liberty in the early American republic Inadvertently many of the symbolic designs used on the trade guns strongly resonated with several Native American spiritual traditions *North American Aboriginal hide tanning* Morgan Baillargeon, 2010-01-01 North American Aboriginal Hide Tanning examines the methodology tools and spiritual aspects of what was once almost a lost art Over the course of research that has spanned some 30 years the author has interviewed more than 40 tanners from the Northwest Territories to Oklahoma The result is a volume that includes chapters on 15 different tanners and their recipes practical information on tools and techniques as well as helpful tips for those interested in trying this traditional process for themselves Although not intended as a complete how to manual this book is certain to whet the reader s appetite for further investigation Published in English **Index to Handicraft Books, 1974-1984** Carnegie Library of Pittsburgh. Science and Technology Department, 1986 Handicrafts and do it yourself projects have always been a library s most popular and heavily requested subject And for more than a decade a definitive index to handicraft books has not been published To fill this gap the Science and Technology Department at Carnegie Library of Pittsburgh has compiled the Index to Handicraft Books listing more than 900 books and over 12 400 subject entries covering books published from 1974 to 1984 The Index to Handicraft Books is an essential reference tool for librarians who want to help someone find instructions for a varied range of do it yourself projects providing quick access to craft projects in books more recent than previous handicraft index books have listed Each entry in the index consists of a subject heading the name of the project as listed in the book the author and title of the book and the page numbers on which the project can be found The author and title correspond to those in the List of Works Cited section which gives full bibliographic information in order to help librarians find the book on their shelves or obtain the book through inter library loan Because this index developed from a card file index of craft books acquired by Carnegie Library since 1974 the list concentrates mainly on medium priced books that most libraries buy *American Book Publishing Record* , 1984 **The Cumulative Book Index** , 1994 A world list of books in the English language *Country Home* , 1994 **The Elfquest Gatherum** Richard Pini, 1988
