The Mysterious William Shakespeare The Myth And Reality:

The Mysterious William Shakespeare Charlton Ogburn,1984 Contains the material gathered by the author s investigation into the identity of the real Shakespeare Edward de Vere the 17th Earl of Oxford **The Man who was Shakespeare** Charlton Ogburn,1995 *The Mysterious William Shakespeare* Charlton Ogburn,1992 Presents evidence to support the theory that Shakespeare s work is actually that of the 17th Earl of Oxford Edward De Vere The Real Shakespeare Marilyn Savage Gray,2001-07-18 This book proves that Edward de Vere the 17th Earl of Oxford wrote the plays we know as Shakespearean In the play Hamlet in a very special coded way he signed his name Ver hundreds of times These clues in Hamlet provide the stamp of his authorship All of the Shakespearean plays and sonnets reflect incidents in the life of Edward de Vere The real events in his life involved violence intrigue and loveand some of them were shocking In a web of conjecture those incidents have been tied together in a novel about de Vere This novel is one of the main parts of this book The other two parts are the proof The Shakespeare Game I. Gililov ((Il'ia)),Ilya Gililov,2003 Gililov Secretary of the Russian Academy of Sciences Shakespeare Committee sets out in intricate detective novel detail why he believes the fifth Earl of Rutland and his wife actually wrote most of Shakespeare s work The Shakespeare Game, Or, The Mystery of the Great Phoenix Il'i[a] Gililov,2003 Who was Shakespeare In an intellectual sensation that went through three printings in the first year a Moscow scholar presents a solidly documented work showing how and why the 5th Earl of Rutland wrote most of the Shakespeare oeuvre Gililov has studied watermarks and printer s type registration dates and documented biographical details of Shakespeare contemporaries considering the physical evidence as well as the personalities and motives of the suspects **Shakespeare and the Editorial Tradition** Stephen Orgel,Sean Keilen,1999 Shakespeare has never been more ubiquitous not only on the stage and in academic writing but in film video and the popular press On television he advertises everything from cars to fast food His birthplace the tiny Warwickshire village of Stratford Upon Avon has been transformed into a theme park of staggering commercialism and the New Globe in its second season is already a far bigger business than the old Globe could ever have hoped to be If popular culture cannot do without Shakespeare continually reinventing him and reimagining his drama and his life neither can the critical and scholarly world for which Shakespeare has for more than two centuries served as the central text for analysis and explication the foundation of the western literary canon and the measure of literary excellence The Shakespeare the essays collected in these volumes reveal is fully as multifarious as the Shakespeare of theme parks movies and television Indeed it is part of the continuing reinvention of Shakespeare The essays are drawn for the most part from work done in the past three decades though a few essential enabling essays from an earlier period have been included They not only chart the directions taken by Shakespeare studies in the recent past but they serve to indicate the enormous and continuing vitality of the enterprise and the extent to which Shakespeare has become a metonym for literary and artistic endeavor generally The Apocryphal William Shakespeare Sabrina Feldman,2011-10

Sabrina Feldman manages the Planetary Science Instrument Development Office at the NASA Jet Propulsion Laboratory Born and raised in Riverside California she attended college and graduate school at the University of California at Berkeley where she enjoyed the wonderful performances of the Berkeley Shakespeare Company studied Shakespeare s works for a semester with Professor Stephen Booth and received a Ph D in experimental physics in 1996 She has worked on many different instrument development projects for NASA and is the former deputy director of JPL s Center for Life Detection Her scientific training combined with a lifelong love of literature and all things Shakespearean gives her a unique perspective on the Shakespeare authorship mystery Dr Feldman lives in Pasadena California with her husband and two children This is her first book

If William Shakespeare wrote the Bard s works Who wrote the Shakespeare Apocrypha During his lifetime and for many years afterwards William Shakespeare was credited with writing not only the Bard s canonical works but also a series of apocryphal Shakespeare plays Stylistic threads linking these lesser works suggest they shared a common author or co author who wrote in a coarse breezy style and created very funny clown scenes He was also prone to pilfering lines from other dramatists consistent with Robert Greene s 1592 attack on William Shakespeare as an upstart crow The anomalous existence of two bodies of work exhibiting distinct poetic voices printed under one man s name suggests a fascinating possibility Could William Shakespeare have written the apocryphal plays while serving as a front man for the poet in purple robes a hidden court poet who was much admired by a literary coterie in the 1590s And could the poet in purple robes have been the great poet and statesman Thomas Sackville 1536 1608 a previously overlooked authorship candidate who is an excellent fit to the Shakespearean glass slipper Both of these scenarios are well supported by literary and historical records many of which have not been previously considered in the context of the Shakespeare authorship debate

Stylistics and Shakespeare's Language Mireille Ravassat, Jonathan Culpeper, 2011-06-02 This innovative volume testifies to the current revived interest in Shakespeare s language and style and opens up new and captivating vistas of investigation Transcending old boundaries between literary and linguistic studies this engaging collaborative book comes up with an original array of theoretical approaches and new findings The chapters in the collection capture a rich diversity of points of view and cover such fields as lexicography versification dramaturgy rhetorical analyses cognitive and computational corpus based stylistic studies offering a holistic vision of Shakespeare s uses of language The perspective is deliberately broad confronting ideas and visions at the intersection of various techniques of textual investigation Such novel explorations of Shakespeare s multifarious artistry and amazing inventiveness in his use of language will cater for a broad range of readers from undergraduates postgraduates scholars and researchers to poetry and theatre lovers alike

Profiling Shakespeare Marjorie Garber, 2008-03-25 The title of this collection Profiling Shakespeare is meant strongly in its double sense These essays show the outline of a Shakespeare rather different from the man sought by biographers from his time to our own They also show the effects the ephemera the clues and cues welcome and unwelcome out of which Shakespeare s admirers and dedicated scholars have pieced together a

vision of the playwright whether as sage psychologist lover theatrical entrepreneur or moral authority This collection brings together classic pieces hard to find chapters and two new essays Here Garber has produced a book at once serious and highly readable ranging broadly across time periods early modern to postmodern and touching upon both high and popular culture Contents Preface 1 Shakespeare s Ghost Writers 2 Hamlet Giving Up the Ghost 3 Macbeth The Male Medusa 4 Shakespeare as Fetish 5 Character Assassination 6 Out of Joint 7 Roman Numerals 8 Second Best Bed 9 Shakespeare s Dogs 10 Shakespeare s Laundry List 11 Shakespeare s Faces 12 MacGuffin Shakespeare 13 Fatal Cleopatra 14 What Did Shakespeare Invent 15 Bartlett s Familiar Shakespeare
