Subervi,2020-12-27 The true story of the Caribbean Piracy has been obscured through time by whimsical stories which create confusing and distorted images of these characters by not defining the line that divides reality from fiction In this book we will see the stark truth about them We do not intend to give an exhaustive view of this activity but rather to tell several stories based on the information obtained through documents from the protagonists of the events themselves that is from their victims and their persecutors Most of them terrible others romantic and heroic about the life and actions of these legendary characters Those who had as their framework of life the excessive ambition A situation that generated a violent power struggle in the Caribbean of people driven mad by the thirst for wealth who lived on the edge of the abyss expressing the worst of their twisted feelings Bringing this as a result actions of irreversible consequences many of them served as an instrument to European empires with expansionist pretensions They
