Variations on a Theme Park Michael Sorkin, 1992-03 America's cities are being rapidly transformed by a sinister and homogenous design A new Kind of urbanism manipulative dispersed and hostile to traditional public space is emerging both at the heart and at the edge of town in megamalls corporate enclaves gentrified zones and pseudo historic marketplaces If anything can be described as a paradigm for these places it's the theme park an apparently benign environment in which all is structured to achieve maximum control and in which the idea of authentic interaction among citizens has been thoroughly purged In this bold collection eight of our leading urbanists and architectural critics explore the emblematic sites of this new cityscape from Silicon Valley to Epcot Center South Street Seaport to downtown Los Angeles and reveal their disturbing implications for American public life
