Small Town Gun:

Practicing Care in Rural Congregations and Communities Jeanne Hoeft, L. Shannon Jung, Joretta Marshall, 2013-07-01
Pastoral care in rural communities is different from care in other locales. Despite these differences, rural churches and communities also hold a particular wisdom from which the rest of the church might benefit. Small towns and rural areas have particular challenges and in seeking to live out the Christian life in the midst of those local churches have unique and useful insights into what it means to care for one another.

Guns in American Society Gregg Lee Carter, 2012-05-04
Thoroughly updated and greatly expanded from its original edition, this three-volume set is the go-to comprehensive resource on the legal, social, psychological, political, and public health aspects of guns in American life. The landmark 2002 edition of *Guns in American Society: An Encyclopedia of History, Politics, Culture, and the Law* was acclaimed for helping readers get beyond the sometimes overheated rhetoric and navigate the overwhelming amount of unbiased academic research on gun-related issues. Now, in light of the steady rate of gun violence and several high-profile shooting incidents, this extraordinary three-volume work returns in a timely and thoroughly updated edition. With over 100 new entries, the latest edition of *Guns in American Society* is the most current resource available on all aspects of the gun issue, including rates of violence, gun control, gun rights, regulations, and legislation, court decisions, pro and anti-gun organizations, gun ownership, hunters and collectors, public opinion toward guns, and much more. With expert contributions from the fields of criminology, history, law, medicine, politics, and social science, it gives students, journalists, policymakers, and researchers a foundation for their own investigations while helping readers of all kinds make decisions as family members, potential gun owners, and voters.

Point Blank Gary Kleck, 2017-07-12
By 1990, there were approximately 200 million guns in private hands in the United States, and around half of American households contained a gun. Over 30,000 people a year are killed with guns in suicides, homicides, and accidents, and Americans use guns for defensive purposes as many as a million times a year. There is little doubt that gun violence and control are issues of vital importance, and they continue to inspire national debate. It is doubtful, however, that most gun debates are worth listening to. Not surprisingly, they generally leave their participants exactly where they began, with their biases intact and onlookers perplexed. Written deliberately to counter an atmosphere of hysteria and extremism, *Point Blank*, now in paperback, offers logical argument supported by empirical information. It confronts fundamental questions head-on. On its initial publication in 1993, *Point Blank* won the Michael J. Hindelang Award of the American Society of Criminology for the book that made the most outstanding contribution to criminology. *Point Blank* reports both original research and assesses existing evidence drawn from a wide variety of academic disciplines, including criminology, sociology, law, and medicine.

Gunlore Robert Glenn Howard, Eric A. Eliason, 2024-08-15
Contributions by Sandra Bartlett, Atwood Nathan E. Bender, London Brickley, Eric A. Eliason, Noah D. Eliason, Tim Frandy, Robert Glenn Howard, Jay Mechling, Annamarie O'Brien, Morel Raymond, Summerville Tok, Thompson, and Megan L. Zahay. Guns are a ubiquitous part of life in the United States. Arguably

more pervasive than physical guns is gunlore which refers to the many folklore genres related to firearms Gunlore Firearms Folkways and Communities is the first book to engage with the many narratives rituals folk speech customs art and handicraft encompassed by gunlore Like most expressive cultures gunlore emerges from specific communities Groups with a shared interest around firearms may form for many reasons self protection hunting crime work political or social identity signaling the desire to creatively modify guns and even the resolve to oppose gun use and ownership This collection explores a range of gunlore genres and the gunfolk groups that give rise to them Contributors examine topics that include the fetishization of firearms Moms Who Carry online discussion boards alternative history cosplay survivalist communities gunsmiths and gun craft and more Gun owners and gun enthusiasts in all their varieties are one of the largest avocational groups in America The essays in Gunlore seek to expand our understanding of these communities by looking at the various roles firearms play have played and can play in our world Gunlore for better or worse is a powerful and pervasive method of self expression In examining the folklore around these controversial and politically charged tools weapons and symbols we can begin to understand aspects of American culture that will remain prominent for the foreseeable future

British Army on the Rampage (B.A.O.R.) Sean Connolly, 2014-02-03 It's the autobiographical novels that tell it how it was warts and all This is what the British Army really got up to in Belize British Army on the Rampage is a down to earth witty account of a humble British soldier on his tour of duty in the Caribbean country of Belize in 1982 It is the first military account of this operational tour detailing how the task was carried out by an individual and a team of lunatics under difficult and sometimes stressful conditions It takes more than training education teamwork and leadership to make it through a squaddie's working day B A O R proves that sometimes it is only with sheer determination camaraderie and a sense of belonging to the military family that pulls soldiers through the difficult times they often face The book is filled with humorous anecdotes including the accidental destruction of the warden's new hut with a grenade launcher the export of frozen tarantulas windsurfing with bull sharks biting the heads off chickens insulting the memory of Bob Marley causing a riot breaking a toe on a frog and the near death experience of a dislocated finger Along with the author's account of this operation B A O R also includes an analysis of the balance between patriotism professionalism and sheer lunacy Humorous and honest it will appeal to serving ex services and veteran armed forces personnel and those who enjoy military history and are interested in the British Army

Under the Gun James D. Wright, Peter Henry Rossi, Kathleen Daly, In 1978 the Social and Demographic Research Institute of the University of Massachusetts Amherst received a grant from the National Institute of Justice to undertake a comprehensive review of the literature on weapons crime and violence in the United States The purpose of the project is best described as a sifting and winnowing of the claims and counterclaims from both sides of the Great American Gun War the perennial struggle in American political life over what to do if anything about guns about violence and about crime The review and analysis of the available studies consumed the better part of three years the results of this work are contained in this volume The

intention of any review is to take stock of the available fund of knowledge in some topical area Under the Gun is no different our goal has been to glean from the volumes of previous studies those facts that in our view seem firmly and certainly established those hypotheses that seem adequately supported by or at least approximately consistent with the best available research evidence and those areas or topics about which it seems we need to know a lot more than we do One of our major conclusions can be stated in advance despite the large number of studies that have been done many critically important questions have not been adequately researched and some of them have not been examined at all Much of the available research in the area of weapons and crime has been done by advocates for one or another policy position As a consequence the manifest intent of many studies is to persuade rather than to inform We have tried to approach the topic from a purely agnostic point of view treating as an open question what policies should be enacted with regard to gun or crime control Thus we have tried to judge each study on its own merits on the basis of the routine standards normally applied to social scientific research and not on the basis of how effectively it argues for a particular policy direction It would of course be presumptuous to claim that we have set aside all our own biases in conducting this study Whether or not our treatment is fair and objective is clearly something for the reader and not us to decide

The Invisible Hand in Popular Culture Paul A. Cantor, 2012-11-30 Analyzes how ideas about economics and political philosophy find their way into everything from Star Trek to Malcolm in the Middle Wall Street Journal Popular culture often champions freedom as the fundamentally American way of life and celebrates the virtues of independence and self reliance But film and television have also explored the tension between freedom and other core values such as order and political stability What may look like healthy productive and creative freedom from one point of view may look like chaos anarchy and a source of destructive conflict from another Film and television continually pose the question Can Americans deal with their problems on their own or must they rely on political elites to manage their lives In this groundbreaking work Paul A Cantor whose previous book Gilligan Unbound was named one of the best nonfiction books of the year by the Los Angeles Times explores the ways in which television shows such as Star Trek The X Files South Park and Deadwood and films such as The

Aviator and Mars Attacks have portrayed both top down and bottom up models of order Drawing on the works of John Locke Adam Smith Alexis de Tocqueville and other proponents of freedom Cantor contrasts the classical liberal vision of America particularly its emphasis on the virtues of spontaneous order with the Marxist understanding of the culture industry and the Hobbesian model of absolute state control The Invisible Hand in Popular Culture concludes with a discussion of the impact of 9 11 on film and television and the new anxieties emerging in contemporary alien invasion narratives the fear of a global technocracy that seeks to destroy the nuclear family religious faith local government and other traditional bulwarks against the absolute state Signifying the Local Jin Liu,2013-09-27 In Signifying the Local Jin Liu examines contemporary cultural productions rendered in local languages and dialects fangyan in the fields of television cinema music and literature in Mainland China This ground breaking interdisciplinary research provides an account of the ways in which local language media have become a platform for the articulation of multivocal complex and marginal identities in post socialist China Viewed from the uniquely revealing perspective of local languages the mediascape of China is no longer reducible to a unified homogeneous and coherent national culture and thus renders any monolithic account of the Chinese language Chineseness and China impossible Germany in Revolution Louise Ernestine Howard,1920 **Hands Off My Gun** Dana Loesch,2025-05-01 Respected conservative talk show host blogger and TV commentator Dana Loesch gives her views on the history and intent of the Second Amendment and discusses what she believes gun confiscation would mean to Americans basic rights as citizens How many people in America today are truly well versed in the history of the Second Amendment and why it was included in the Bill of Rights In HANDS OFF MY GUN Dana Loesch explains why the Founding Fathers included the right to bear arms in the Bill of Rights and argues that gun control regulations throughout history have been used to keep minority populations under control She also contends that current arguments in favor of gun control are primarily based on emotions and fear This narrative is a must read for every Second Amendment supporter Dana Loesch is a determined and fierce advocate for those rights and shouts out hands off my gun **Guns in America** Philip J.
