Chasing the Sun Edward Joseph Beverly, 2008 Chasing the Sun is a guide to Western fiction with more than 1 350 entries including 59 reviews of the author's personal favorites organized around theme **Smash the Wild Bunch** Giles A. Lutz, 1982-01-01 Oklahoma marshal Evett Nix is under pressure from Washington to capture Bill Doolin and his elusive band of outlaws **The Nicest Fella - The Life of Ben Johnson** Richard D. Jensen, D Jensen Richard D Jensen, 2010 This is the amazing story of Ben Johnson the cowboy who grew up in the tall grass prairie of Oklahoma rode to Hollywood in a boxcar full of horses and became an Oscar winning actor Johnson co starred in some of Hollywood's greatest Western movies of all time alongside John Wayne Clint Eastwood Steve McQueen Marlon Brando Henry Fonda Charles Bronson Burt Reynolds Alan Ladd and many more Known as Son to his family and friends Johnson was the son of a three time world champion rodeo cowboy also named Ben Johnson Dividing his time between the world of movies and the world of rodeo Son Johnson became one of the greatest rodeo cowboys of all time winning the 1953 RCA World Championship for team roping A man of principle who believed in the value of honesty realism and respect Johnson managed to forge a successful career in the film industry without becoming a part of the excesses of Hollywood He often paid dearly for his integrity enduring a blacklist by famed Western director John Ford for refusing to allow Ford to verbally abuse him Johnson's career lasted more than 50 years with many highs and lows but through it all he always stayed true to the cowboy code When he won his Oscar for The Last Picture Show in 1972 Johnson took the stage and in his typical aw shucks way said This couldn't have happened to a nicer fella The Nicest Fella is a must read for fans of Ben Johnson rodeo fans Western movie buffs Hollywood fanatics and anyone who still believes in the American dream With 30 pages of never before seen photographs from the Johnson family collection and a complete filmography **Passionate Detachments** Amy Rust, 2017-05-24 Passionate Detachments investigates the rise of graphic violence in American films of the late 1960s and early 1970s and the popular aesthetics and critical responses this violence inspired Amy Rust examines four technologies adopted by commercial American cinema after the fall of the Hollywood Production Code multiple camera montage squibs small explosive devices and artificial blood freeze frames and zooms Approaching these technologies as figures as opposed to mere tools Rust traces the encounters they mediate between perception what one sees hears and feels and representation how those sights sounds and feelings make meaning These technologies she argues lend shape to film violence while organizing viewers on and off screen relationships to it The result proves meaningful for an era self consciously and perilously preoccupied with bloodshed The post Code period found Americans across the political spectrum demanding visual and increasingly violent demonstrations of presumably authentic realities Corroborating fantasies of authenticity from military to counterculture these technologies challenge them as well pointing however unwittingly to the violently classed gendered and racialized blind spots such fantasies harbor More broadly the technologies answer concerns that films control violence too much or too little Offering neither mere discourse nor mere

thrills they recover sense and sensation for all not some or even most depictions of bloodshed As figures the devices also remediate vision and violence for film theory which exhibits distrust for each in spite of the complexities phenomenology and psychoanalysis have brought to cinematic perception and pleasure

Transfigurations Asbjørn Grønstad, 2008 In many senses viewers have cut their teeth on the violence in American cinema from Anthony Perkins slashing Janet Leigh in the most infamous of shower scenes to the 1970s masterpieces of Martin Scorsese Sam Peckinpah and Francis Ford Coppola to our present day undertakings in imagining global annihilations through terrorism war and alien grudges *Transfigurations* brings our cultural obsession with film violence into a renewed

dialogue with contemporary theory Gr nstad argues that the use of violence in Hollywood films should be understood semiotically rather than viewed realistically Tranfigurations thus alters both our methodology of reading violence in films and the meanings we assign to them depicting violence not as a self contained incident but as a convoluted network of our own cultural ideologies and beliefs **Large Print Books** Colorado State Library.
