The Dictator of Britain Book Two: The Dirty War Paul Michael Dubal, 2014-12-15 Disgraced former political correspondent Harry Clarke has witnessed the collapse of democracy in Britain Prime Minister Lance Pelham controls a despotic right wing regime intent on eliminating all immigrants in the country Deportation camps have been set up nationwide and conditions are appalling made worse by a virulent and deadly disease sweeping through the camps Following a disastrous attempt to rescue his family from one camp Harry is forced to flee and try to escape the country Pursued by the State Secret Police as one of the most wanted men in Britain and enduring devastating personal tragedy he survives to discover the chilling truth about the barbarity of Pelham's administration But there is hope and Harry finds himself at the epicentre of a new and covert war against the nation's brutal leadership the voice of the underground resistance Harry's personal hell reflects the rapid descent of a nation into brutal oppression tyranny and genocide on a scale never before seen in Britain As the country descends into anarchy riven by sectarian strife the corridors of power are riddled with deceit and corruption but Pelham is prepared to destroy all opposition with an iron fist In the age of social media however the propaganda war is an influential tool With world opinion turning against Britain's dictatorial leaders Pelham's grip on power is slipping and Deputy P M Giles Chamberlain sees an opportunity to manipulate the crisis to satisfy his political ambitions The second book in the series takes the reader on a shocking disturbing but ultimately compelling journey into a nation that has closed its borders and terrorized its citizens The high octane thrills and portrayal of the horrors of a far right wing regime out of control is unnerving in its intensity more so because of its parallels with history which has taught us that man never learns from past mistakes

String Theory Book One Jeffrey Lang, 2012-09-18 This is the first novel in an exciting 3 part odyssey marking Voyager's tenth anniversary examining causality and effect and how things aren't always as they appear Spirits unbroken by the failed promise of the U S S Dauntless Captain Kathryn Janeway's indefatigable crew continue their odyssey of discovery through an enigmatic region of the Delta Quadrant encountering a system inhabited by a species that according to all known physical laws should not exist These unusual beings the Monorhans hover near the edge of extinction technology from the Starship Voyager promises life Janeway compelled by the aliens plight dispatches Seven of Nine and Lieutenant B Elanna Torres to the Monorhan homeworld But an unexpected shock wave crashes the shuttle carrying Torres and Seven catapulting Voyager into a place beyond the fabric of space time As B Elanna and Seven wage an interpersonal war Voyager struggles to prevail on an extradimensional battleground against an indefinable enemy But fate has determined that one is inexorable linked to the other the insurmountable chasm separating Voyager from her lost crew members must be bridged or all will perish
