Social And Political Analysis

Arie Kruglanski

Social And Political Analysis:

Politics in Time Paul Pierson, 2011-09-19 This groundbreaking book represents the most systematic examination to date of the often invoked but rarely examined declaration that history matters. Most contemporary social scientists unconsciously take a snapshot view of the social world. Yet the meaning of social events or processes is frequently distorted when they are ripped from their temporal context. Paul Pierson argues that placing politics in time—constructing moving pictures rather than snapshots—can vastly enrich our understanding of complex social dynamics and greatly improve the theories and methods that we use to explain them. *Politics in Time* opens a new window on the temporal aspects of the social world. It explores a range of important features and implications of evolving social processes: the variety of processes that unfold over significant periods of time; the circumstances under which such different processes are likely to occur; and above all, the significance of these temporal dimensions of social life for our understanding of important political and social outcomes. Ranging widely across the social sciences, Pierson's analysis reveals the high price social science pays when it becomes ahistorical. And it provides a wealth of ideas for restoring our sense of historical process. By placing politics back in time, Pierson's book is destined to have a resounding and enduring impact on the work of scholars and students in fields from political science history and sociology to economics and policy analysis.

Politics, Sociology, and Social Theory Anthony Giddens, 1995-01-01 This book is built upon a series of critical encounters with major figures in classical and present day social and political thought. The volume offers not only a challenging critique of major traditions of social and political analysis but unique insights into the ideas which Anthony Giddens had developed over the past two decades.

Societal Dynamics and Fragility The World Bank, 2012-10-12 Today's world is changing at breakneck speed, shaking the very foundations of many societies. Increased mobility through massive urbanization and migration allows people unprecedented access to different cultures and ideas; advanced technologies speed the pace of human interaction; the globalization of communication offers new forms of social relationships that may directly contradict traditional norms for behavior. These changes create tremendous stresses on relationships in societies, affecting the way youth interact with their elders, the way women and men relate to each other, how urban migrants and refugees relate to their new environments, and so on. The impacts of these changes are felt acutely in fragile situations where groups and institutions struggle to adapt to the stresses of rapid social change. In the worst cases, where fragility has given way to open violence, people are more than twice as likely to be malnourished, more than three times as likely to be unable to send their children to school, twice as likely to see their children die before age five, and more than twice as likely to lack clean water. In addition to these domestic challenges, the costs of fragility often spill over to neighboring regions in the form of trafficking in illegal goods and persons, corruption, and violence. *Societal Dynamics and Fragility* frames a fresh approach to these challenges by focusing on improving relationships across groups and institutions in society. Drawing on case studies from Yemen, Central African Republic, Haiti, Liberia, and

Aceh Indonesia the book provides a framework for understanding and healing the social divides that often get in the way of building capable institutions and exiting from fragility **Discourse Theory and Political Analysis** David R. Howarth, Aletta J. Norval, Yannis Stavrakakis, 2000-11-18 How can recent developments in post structuralist post Marxist and psychoanalytical theory actually inform ongoing empirical research What are the appropriate methods and research strategies for conducting research in discourse theory and analysis How can concepts such as hegemony identity the imaginary dislocation and empty signifiers illuminate key aspects of contemporary society and politics This pathbreaking and multi focal book contains a clear introductory statement of the theoretical approach used and concludes with an assessment of the future directions of discourse theory in the social sciences The Essentials of Political Analysis Philip H. Pollock, Philip H. Pollock III, Barry C. Edwards, 2025-01-28 The Essentials of Political Analysis empowers students to conduct political research and interpret statistical results fostering important skills such as data analysis critical thinking and effective communication In this Seventh Edition bestselling authors Philip H Pollock III and Barry C Edwards not only make political analysis more accessible but also demonstrate its relevance and applicability The Dynamics of Social Movements in Hong Kong Stephen Wing Kai Chiu, Tai Lok Lui, 2000-01-01 Studies of Hong Kong society have long focused one sidedly upon economic prosperity and political stability Contributors to this volume redress this imbalance by taking a critical view of Hong Kong's political development from the perspectives of social conflict and collective action Instead of looking at Hong Kong from the top this volume documents the active role played by local actors from below political groups student activists trade unions women groups environmentalists and community organizers and their impact on social and political development in Hong Kong society in the context of political transition and democratization economic restructuring and an emergent local identity **The ^AOxford Handbook of Social Psychology and Social Justice** Phillip L. Hammack, 2018-02-15 The Oxford Handbook of Social Psychology and Social Justice spans cultures and disciplines to highlight critical paradigms and practices for the study of social injustice in diverse contexts This book addresses injustice along such lines as race ethnicity gender sexual identity and social class It also addresses pressing issues of globalization conflict intervention and social policy **Politics and Social Theory** Peter Lassman, 2013-09-05 First published in 1989 this Routledge Revival is a major collection of essays on the competing traditions of social and political theory The contributions by international scholars reflect the re examination of the boundaries between the political and the social the public and private and state and society The reissue will be of great value to students in both sociology and political science Bringing new arguments to bear on the debate about the place of political theory in social science the contributors discuss such issues as the different languages used by sociologists to describe the state Marxist and socialist theory class analysis the welfare state feminist political theory and the impact of post modernity on contemporary social thought *Race, Neighborhoods, and the Misuse of Social Capital* J. Jennings, 2007-05-28 This anthology tackles three key issues how social

capital is discussed within the contexts of racial inequality how this dialogue informs public policy regarding neighbourhood revitalization and economic development and how effective a strategy utilization of social capital is for improving inner city living conditions *Handbook of Social Choice and Voting* Jac C. Heckelman, Nicholas R. Miller, 2015-12-18 This Handbook provides an overview of interdisciplinary research related to social choice and voting that is intended for a broad audience Expert contributors from various fields present critical summaries of the existing literature including intuitive explanations of technical terminology and well known theorems suggesting new directions for research *Social Class and Marxism* Neville Kirk, 2017-07-05 In recent years historians and other social scientists have widely questioned the continued relevance of social class as historical relationship as sociological category as philosophical concept and in terms of its enduring political significance The success of the British Conservative Party since 1979 combined with the weaknesses and failures of the Labour movement have led historians and social scientists to reconsider the general nature of connections between the social and the political and the specific relations between the working class and socialist and Labour politics This collection of essays is a multi disciplinary critique of the new revisionism which demonstrates the continued vitality and promise of non reductionist and non determinist modes of class analysis *The Motivated Mind* Arie Kruglanski, 2018-02-02 In the World Library of Psychologists series international experts themselves present career long collections of what they judge to be their finest pieces extracts from books key articles salient research findings and their major practical theoretical contributions In this volume Arie Kruglanski reflects on the development throughout his distinguished career of his wide ranging research covering radicalisation human judgement and belief formation group and intergroup processes and motivated cognition This collection offers an invaluable insight into the key works behind the formation of Kruglanski s seminal theory of lay epistemics as well as his important input into a diverse range of fields of social psychology A specially written introduction gives an intimate overview of this career and contextualises the selection in relation to changes in the field during this time With continuing relevance today and of vast historical importance this collection is essential reading for anyone with an interest in goals belief formation group processes and social psychology in general **Real Social Science** Bent Flyvbjerg, Todd Landman, Sanford Schram, 2012-04-19 A new hands on approach to social inquiry for social scientists who wish to make a difference to policy and practice **Classical Theorists in the Social Sciences** Dejo Abdulrahman, 2023-05-05 This book is a useful companion to every social science student who desires an understanding of classical theoretical developments in and evolution of the disciplines **The Routledge International Handbook of Glocal Social Work** Panagiotis Pentaris, Janet Walker, 2025-08-25 Global challenges opportunities and developing new social phenomena have always had an impact on and change the circumstances under which social work is practised Whilst social work can take many local forms it is also a global profession which strives to advance the causes of vulnerable and marginalised people with the aim of promoting human rights and social justice In recent years the increasing impact on

social work of global processes changes and challenges has emerged This has led to increased diversity of individual community and citizen identities experiences and needs but also plurality of all these factors As a result needs have diversified even further and pose more and serious challenges that social work needs to respond to The Routledge International Handbook of Glocal Social Work emphasises glocal social work defined as the constant interplay between global issues and their local relevance and between transnational topics and practice and their local application Chapters highlight glocal social work as interwoven with an awareness of the impact of multiple structural transformations at a global level and highlight the structural mechanisms which reproduce global local inequalities and human rights and social justice aspects of sustainability It also demonstrates the importance of interdisciplinarity in glocal social work as collective responsibility with multidisciplinary multi stakeholder engagement approaches This book is divided into four parts Foundations and perspectives Local responses to global phenomena Preparing social workers for global local engagement Broader issues and future directions The range of topics discussed in this volume will enrich our understanding of and capacities in exploring the contextualisation of global phenomena and the dissemination of local learning onto global thinking This volume is a helpful reference to social work practitioners professionals in social care and welfare services social work students academics and researchers in an attempt to continuously explore new ways to respond to the challenges that glocalisation is revealing

Youth Justice and Social Work Paul Dugmore,Sally Angus,Jane Pickford,2006-10-06 Structured around the National Occupational Standards this book takes a practical approach to youth justice within social work programmes focusing on social work in a multi agency multi disciplinary youth offending team Using case studies and research this text helps readers to develop skills that support youth justice as well as to understand debates in youth justice policy and practice including the competing issues of welfare and justice It is suitable for those on the social work degree as well as criminology and criminal justice students hoping to understand social work practice in a youth justice context

Designing Research in the Social Sciences Martino Maggetti,Claudio Radaelli,Fabrizio Gilardi,2012-12-18 This innovative research design text will help you make informed choices when carrying out your research project Covering both qualitative and quantitative approaches and with examples drawn from a wide range of social science disciplines the authors explain what is at stake when choosing a research design and discuss the trade offs that researchers have to make when considering issues such as causality categories and classification heterogeneity interdependence time This book will appeal to students and researchers looking for an in depth understanding of research design issues to help them design their projects in a thoughtful and responsible way

Handbook of Culture and Social Networks Nick Crossley,Paul Widdop,2025-01-09 This forward thinking Handbook explores two major research strands in the fast developing field of culture and network analysis the underlying social networks of culture and the cultural bases of social networks

Freedom, Equality, and the Market Barry Hindess,1987 This new textbook for students of social theory considers the role of public intervention in social and economic processes It is

a clear critical discussion of different theoretical and political perspectives on social policy Barry Hindess begins with the consensus view shared by senior politicians civil servants and academics throughout much of the postwar period This view depends on two beliefs in the capacity of government to manage the economy and in the development of a qualitatively new relationship between the state and the population The first is discussed in relation to Crosland s *The Future of Socialism* and the second in relation to Marshall s conception of citizenship and Titmuss s account of social policy The consensus view generated serious objections and Hindess examines two in particular One is the argument that the view itself causes a destructive competitive struggle between sectional interests for state intervention in their favour The other from the left is that what Tawney called the strategy of equality has failed and that a more radical attack on inequality is required The remaining section looks at the Marxist and liberal alternatives to the consensus view In conclusion the author discusses firstly the essentialism of the market both in consensus and in very different ways in liberal and Marxist thought and secondly the place of principles such as freedom and equality in political discussion and the analysis of social conditions He shows that market and plan are not necessarily incompatible Freedom Equality and the Market with its careful assessment of the key texts will be important reading for undergraduate students of sociology and social policy

Inside CIA's Private World H. Bradford Westerfield, 1997-08-25 Presenting the most interesting articles from the CIA s *Studies in Intelligence* journal this book provides revealing insights into CIA strategies and into events in which the organisation was involved
