**Aleksandr D. Ĭvejcer, L.B. Nikol'skij**

## **Sociolinguistics Of Language Introduction To Sociolinguistics:**

The Sociolinguistics of Language Ralph W. Fasold, 1990 A companion to the author's *Sociolinguistics of Society* this textbook examines the influence of social interaction in language use and discusses a variety of facts about language from the commonplace to the exotic

**An Introduction to Sociolinguistics** Janet Holmes, 2008 This third edition has been updated thoroughly and new examples have been added to enhance understanding A major addition to this edition is an extended chapter on discourse analysis which outlines a number of different approaches to analysing spoken language in its social context Supported throughout by a range of exercises and suggestions for further reading *An Introduction to Sociolinguistics* is an essential introductory text for all students of sociolinguistics and a splendid point of reference for students of applied linguistics It is also an accessible guide for those who are simply interested in language and the uses we put it to

**BOOK JACKET**

An Introduction to Sociolinguistics Janet Holmes, 2013-10-31 Sociolinguistics is the study of the interaction between language and society In this classic introductory work Janet Holmes examines the role of language in a variety of social contexts considering both how language works and how it can be used to signal and interpret various aspects of social identity Written with Holmes customary enthusiasm the book is divided into three sections which explain basic sociolinguistic concepts in the light of classic approaches as well as introducing more recent research This fourth edition has been revised and updated throughout using key concepts and examples to guide the reader through this fascinating area including New sections on koines and koineisation linguistic landscapes New Englishes Stylistic language and sexuality societal approaches to attitude research forensic linguistics A new selection of informative examples exercises and maps Fully updated further reading and references sections *An Introduction to Sociolinguistics* is an essential introductory text for all students of sociolinguistics and a splendid point of reference for students of applied linguistics It is also an accessible guide for those who are simply interested in language and the many and varied uses we put it to

An Introduction to Sociolinguistics Ronald Wardhaugh, Janet M. Fuller, 2021-04-12 **AN INTRODUCTION TO SOCIOLINGUISTICS** The new eighth edition of *An Introduction to Sociolinguistics* brings this valuable bestselling textbook up to date with the latest in sociolinguistic research and pedagogy providing a broad overview of the study of language in social context with accessible coverage of major concepts theories methods issues and debates within the field This leading text helps students develop a critical perspective on language in society as they explore the complex connections between societal norms and language use The eighth edition contains new and updated coverage of such topics as the societal aspects of African American Vernacular English AAVE multilingual societies and discourse gender and sexuality ideologies and language attitudes and the social meanings of linguistic forms Organized in four sections this text first covers traditional language issues such as the distinction between languages and dialects identification of regional and social variation within languages and the role of context in language use and interpretation Subsequent chapters cover approaches to research in

sociolinguistics variationist sociolinguistics ethnography and discourse analytic research and address both macro and micro sociolinguistic aspects of multilingualism in national transnational global and digital contexts The concluding section of the text looks at language in relation to gender and sexuality education and language planning and policy issues Featuring examples from a variety of languages and cultures that illustrate topics such as social and regional dialects multilingualism and the linguistic construction of identity this text provides perspectives on both new and foundational research in sociolinguistics and linguistic anthropology An Introduction to Sociolinguistics Eighth Edition remains the ideal textbook for upper level undergraduate and graduate course in sociolinguistics language and society linguistic anthropology applied and theoretical linguistics and education The new edition has also been updated to support classroom application with a range of effective pedagogical tools including end of chapter written exercises and an instructor website as well as materials to support further learning such as reading suggestions research ideas and an updated companion student website containing a searchable glossary a review guide additional exercises and examples and links to online resources

**Language in Society** Suzanne Romaine, 2000-10-05 Why have 1500 separate languages developed in the Pacific region Why do Danes understand Norwegians better than Norwegians understand Danish Is Ebonics a language or a dialect Linguistics tends to ignore the relationship between languages and the societies in which they are spoken while sociology generally overlooks the role of language in the constitution of society In this book Suzanne Romaine provides a clear lively and accessible introduction to the field of sociolinguistics and emphasizes the constant interaction between society and language discussing both traditional and recent issues including language and social class language and gender language and education and pidgins and creoles The text shows how our linguistic choices are motivated by social factors and how certain ways of speaking come to be vested with symbolic value and includes examples drawing on studies of cultures and languages all over the world This new edition incorporates new material on current issues in the study of gender as well as other topics such as the linguistic dimension to the ethnic conflict in the Balkans and the controversy over Ebonics in the United States

Introduction to Sociolinguistics Ronald Wardhaugh, 1998-01-13 The new edition of Ronald Wardhaugh's immensely popular textbook incorporates a wealth of new material reflecting the progress of the field since the start of the 1990s with coverage of some 150 recent books or papers

**Language in its Social Context** James A. Walker, 2024-12-07 This textbook provides an accessible overview of the field of sociolinguistics Blending qualitative and quantitative approaches and including examples drawn from different contexts and societies all over the world the author introduces progressively complicated topics to help students build their confidence and understanding gradually as they work through the book The chapters cover all the core topics on an introductory sociolinguistics course including language and power dialects language and gender language planning and multilingualism and each chapter ends with a set of exercises suggestions for small scale projects which the author has used successfully with his own students and suggested further readings both classic and more

recent This book assumes no background in Linguistics and is intended as an introduction to sociolinguistics that can be used at any level of undergraduate or graduate study or by interested outsiders to the field      *Sociolinguistics* Peter Trudgill, 2000-08-03 This is a classic book on a fascinating subject Peter Trudgill examines the close link between language and society and the many factors that influence the way we speak These range from gender environment age race class region and politics Trudgill s book surveys languages and societies from all over the world drawing on examples from Afrikaans to Yiddish He has added a fascinating chapter on the development of a language as a result of a non native speaker s use of it Compelling and authoritative this new edition of a bestselling book is set to redraw the boundaries of the study of sociolinguistics      *An Introduction to Sociolinguistics* Sharon K. Deckert, Caroline H. Vickers, 2011-05-19 This unique work analyzes the crisis in modern society building on the ideas of the Frankfurt School thinkers Emphasizing social evolution and learning processes it argues that crisis is mediated by social class conflicts and collective learning the results of which are embodied in constitutional and public law First the work outlines a new categorical framework of critical theory in which it is conceived as a theory of crisis It shows that the Marxist focus on economy and on class struggle is too narrow to deal with the range of social conflicts within modern society and posits that a crisis of legitimization is at the core of all crises It then discusses the dialectic of revolutionary and evolutionary developmental processes of modern society and its legal system This volume in the Critical Theory and Contemporary Society by a leading scholar in the field provides a new approach to critical theory that will appeal to anyone studying political sociology political theory and law      *The sociolinguistics of language*, 1990      *Sociolinguistics: A Very Short Introduction* John Edwards, 2013-07-11 Sociolinguistics deals with the social life of language language in its sociocultural context It is a branch of linguistics that looks less at the shape or sound of words morphology or phonology and more at how our words and sentences are influenced by the society around us for instance how the accent or the dialect we use has been shaped by where we come from or which social class we belong to In this Very Short Introduction John Edwards offers the most up to date brief overview available of sociolinguistics with side trips into the sociology of language and psycholinguistics He considers such topics as the different social evaluations of languages and dialects the loaded significance of names and the importance of politically driven language planning and policy The relationship between language and gender sexist language the language of poverty and the intertwining of language and religion are also dealt with here Edwards stresses that while linguists see all dialects as equally valid in the wider world powerful attitudes have always placed language varieties in social hierarchies The author also looks at language more broadly examining the ways in which languages rise or fall the attempts to revive flagging or endangered varieties the reasons why some languages came to dominate others and the special dynamics that affect contact between big and small languages In both its role as our most powerful tool of communication and as the most immediate symbolic marker of human affiliation language is pre eminently a social phenomenon This compact volume offers an invaluable introduction to this vital

aspect of language About the Series Oxford's Very Short Introductions series offers concise and original introductions to a wide range of subjects from Islam to Sociology Politics to Classics Literary Theory to History and Archaeology to the Bible Not simply a textbook of definitions each volume in this series provides trenchant and provocative yet always balanced and complete discussions of the central issues in a given discipline or field Every Very Short Introduction gives a readable evolution of the subject in question demonstrating how the subject has developed and how it has influenced society Eventually the series will encompass every major academic discipline offering all students an accessible and abundant reference library Whatever the area of study that one deems important or appealing whatever the topic that fascinates the general reader the Very Short Introductions series has a handy and affordable guide that will likely prove indispensable

**Sociolinguistics** Peter Stockwell, 2002 Routledge English Language Introductions cover core areas of language study and are one stop resources for students Assuming no prior knowledge books in the series offer an accessible overview of the subject with activities study questions sample analyses commentaries and key readings all in the same volume The innovative and flexible two dimensional structure is built around four sections introduction development exploration and extension which offer self contained stages for study Each topic can also be read across these sections enabling the reader to build gradually on the knowledge gained Sociolinguistics provides a comprehensive introduction to sociolinguistics draws on a wide range of real texts from an interview with Madonna to articles in international newspapers and classroom discourse uses real studies designed and conducted by students provides classic readings by the key names in the discipline from Milroy and Holmes to Fairclough and Cameron Written by an experienced teacher and author this accessible textbook is an essential resource for all students of English Language and Linguistics

**Sociolinguistics** Richard A. Hudson, 1996-06-13 New edition of widely acclaimed textbook including new sections on up to date topics for the 1990s **Introduction to Sociolinguistics** Aleksandr D. [vejcer, L.B. Nikol'skij, 1986-01-01 Translation from the original Russian edition The first Soviet text book on sociolinguistics the book introduces the reader to some of its basic problems such as language and social structure language as a social factor language and nation language and culture language and the sociology of an individual sociolinguistics and Marxist sociology It focuses on such theoretical issues as the subject matter of sociolinguistics the functioning of sociocommunicative systems language policy and social aspects of verbal behavior *The Sociolinguistics of Language* Ralph Fasold, 1993

**Sociolinguistics** Bernard Spolsky, 1998-01-08 A brief but comprehensive introduction to sociolinguistics the study of ways in which groups of people use language It makes links with related disciplines such as history politics and gender studies **Introduction to English Sociolinguistics** Graeme Trousdale, 2010-04-30 Designed for beginning undergraduates studying for degrees in English this textbook provides an introduction to a range of sociolinguistic theories and the insights they provide for a greater understanding of varieties of English past and present Drawing on both qualitative and quantitative approaches to sociolinguistic variation the book provides a systematic overview

such topics as English as a social and as a linguistic concept English speech communities Social and regional dialectology in relation to varieties of English English historical sociolinguistics from Old English to late Modern English Sociolinguistics and change in English Outcomes of contact involving varieties of English English and language planning English sociolinguistics and linguistic theory The book contains data drawn from studies of English as it is used around the world Throughout there is an emphasis on facilitating a deeper understanding of linguistic variation in English and the social political and cultural contexts in which speakers and writers of English operate

**Sociolinguistics / Soziolinguistik. Volume 3** Ulrich Ammon, Norbert Dittmar, Klaus J. Mattheier, Peter Trudgill, 2008-07-14 No detailed description available for SOCIOLINGUISTICS AMMON 3 TLBD HSK 3 3 2A E BOOK

**An Introduction to Language and Society** Martin Montgomery, 1995 This book explores how our ways of engaging with the world may be shaped by the categories systems patterns of language It includes new material on gender register the speech community language and subcultures and language and representation

*Sociolinguistic Theory* J. K. Chambers, 2002-07-08 Sociolinguistic Theory presents a critical synthesis of sociolinguistics centering on the study of language variation and change Synthesizes the most important descriptive and theoretical findings concerning linguistic variation from the last forty years Provides an integrated framework for studying language variation and its social significance Expands on the first edition s discussion of communicative competence and developmental sociolinguistics Is written by one of the world s foremost scholars in the field of variation studies and includes data from his own work
