

How do sociologists use religion?

- Sociologists avoid spiritual side of religion; too complicated and abstract to evaluate
- Study *social* dimensions of religion
- Religion's influence on society
- Must put aside own belief system

Sociologists And Religion

Inger Furseth, Pål Repstad

Sociologists And Religion:

The Sociology of Religion George Lundskow, 2008-06-10 Most Sociology of Religion texts are decidedly staid and uninteresting covering contemporary developments which are only contemporary only from a disciplinary perspective They are not contemporary if viewed from the perspective of the religion s practioners in religious and non religious settings The textbooks that attempt to be interesting to undergraduate students often fall short because they either try to cover too much in an encyclopedic format or sacrifice a sociological perspective for a personal one Many use real life examples only superficially to illustrate concepts Lundskow s approach is the opposite students will learn the facts of religion in its great diversity all the most interesting and compelling beliefs and practices and then learn relevant concepts that can be used to explain empirical observations The book thus follows the logic of actual research investigate and then analyze rather than approaching concepts with no real bearing on how religion is experienced in society This approach using provocative examples and with an eye toward the historical and theoretical not to mention global experience of religion will make this book a success in the classroom The author envisions a substantive approach that examines religion as it actually exists in all its forms including belief ritual daily living identity institutions social movements social control and social change Within these broad categories the book will devote particular chapters to important historical moments and movements leaders and various individual religions that have shaped the contemporary form and effect of religion in the world today Sociologists and Religion Susan Budd, 1973 This series is devoted to themes and issues under active discussion and investigation by contemporary sociologists Each volume comprises an authoritative yet personal statement followed by a substantial annotated bibliography Authors addresses themselves primarily to students and their teachers but anyone interested in understanding the characteristic concerns and approaches of modern sociology will find the series illuminating Publisher

The Sociology of Religion Max Weber, 1993-04-15 In *The Sociology of Religion* first published in the United States in 1963 Max Weber looks at the significant role religion has played in social change throughout history The book was a formative text of the new discipline of sociology and has gone on to become a classic in the social sciences *The Sociology of Religion* Max Weber, 1963 In *The Sociology of Religion* Max Weber looks at the significant role religion has played in social change throughout history The book was a formative text of the new discipline of sociology and has gone on to become a classic in the social sciences From product description **The SAGE Handbook of the Sociology of Religion** James A Beckford, Jay Demerath, 2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the

fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook s 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009

An Introduction to the Sociology of Religion Professor Pål Repstad, Assoc Prof Inger Furseth, 2013-05-28 An Introduction to the Sociology of Religion provides an overview of sociological theories of contemporary religious life Some chapters are organized according to topic Others offer brief presentations of classical and contemporary sociologists from Karl Marx to Zygmunt Bauman and their perspectives on social life including religion Throughout the book illustrations and examples are taken from several religious traditions

Sociology Of Religion Michael Hill, 1973-11-12 **The Sociology of Religion** G. E. Gorman, 1986-10-21 Product information not available Religion in Sociological Perspective Keith A. Roberts, 2004 This text is a highly sociological view of religion and as such stresses theoretical perspectives about religion The text also focuses on the methodology that sociologists have used to study religion Keith Roberts states that his own preferred approach is open systems theory which he says focuses equally on structure and dynamics Other texts may lean toward the religious studies end of the market but Roberts is a true sociology text

The Sociology of Religion Grace Davie, 2013-01-15 Why is religion still important Can we be fully modern and fully religious In this new edition Davie follows up her discussion of the meaning of religion in modern society and considers how best to research and understand this relationship Exploring the rapid movements within the sociology of religion today this revised and updated book Describes the origins of the sociology of religion Demystifies secularization as a process and a theory Relates religion to modern social theory Unpacks the meaning of religion in relation to modernity and globalization Grasps the methodological challenges in the field Provides a comparative perspective for religions in the west Introduces questions of minorities and margins Sets out a critical agenda for debate and research The

Sociology of Religion has already proved itself as one of the most important titles within the field this edition will ensure that it remains an indispensable resource for students and researchers alike

Sociological Theory and the Question of Religion Dr Andrew McKinnon, Dr Marta Trzebiatowska, 2014-12-28 This book offers a variety of theoretical perspectives on the study of religion that bridge the gap between mainstream concerns of sociologists and the sociology of religion Following an assessment of the current state of the field the authors develop an emerging critical perspective within the sociology of religion with particular focus on the importance of historical background Re assessing the themes of aesthetics listening and different degrees of spiritual self discipline the authors draw on ethnographic studies of religious involvement in Norway and the UK

The Need for Certainty Robert Towler, 2020-12-17 Originally published in 1984 The Need for Certainty explores the different ways in which people can be religious within the conventional traditions of the main Christian denominations Based on in depth analysis of letters sent to John Robinson then Bishop of Woolwich after the publication of his book *Honest to God* The Need for Certainty describes five contrasting ways of being religious and explores how despite being mutually incompatible they are able to coexist in the churches In doing so it argues that a proper grasp of this wide variation in styles of religiousness is a prerequisite for quantitative surveys of religion Each contrasting religious style is explored in turn and illustrated with quotations from the original letters The intense desire for religious certainty is extensively explored and presented as a debased but common form of religious aspiration that often leads to the degeneration of faith The Need for Certainty is ideal for those with an interest in Christianity the sociology of religion and theology

[Sociology of Religion in America](#) Anthony Blasi, 2014-03-20 Sociology of Religion in America tells the story of the controversies involved in the development of a scientific specialty that often makes news in America The evidence it presents runs contrary to the many myths about the field Sometimes viewed by scholars as a backwater actual evidence from the 1890s to the 1980s shows that sociology of religion had a steady presence in sociology all along Seen as a force alien to religion by some it was actually in a mutually supportive relationship with religious organizations Examining dissertations dating from 1895 to 1959 and scientific articles from the 1960s to the 1980s Anthony J Blasi discovers who the major sociologists of religion were and what they did He traces the field's previously unknown tradition in community studies the exigencies of the research institutes and dramatic changes in the professional associations

The Oxford Handbook of the Sociology of Religion Peter Clarke, 2009 An expert team of international scholars provide fifty one essays as entry points into the sociological study and understanding of religion and in depth surveys into its changing forms and content in the contemporary world Issues discussed range from ecology to law art to cognitive science crime to health care

Readings in the Sociology of Religion Joan Brothers, 1967

The Sociology of Religion Malcolm B. Hamilton, 2012-06-12 This expanded second edition combines a discussion of the main theorists with a wide range of material illustrating the diversity of religious beliefs and practices

Sociology of Religion for Generations X and Y Adam Possamai, 2016-04-08 Generations X and Y are plugged

into the contemporary world of consumption popular culture and the internet These generations treat knowledge and belief as a more flexible concept often focusing on the practical rather than the theoretical and often drawing on conflicting sources in both popular and cyber culture Their approach to religious belief and practice requires a new way of studying the sociology of religion

Sociology of Religion for Generations X and Y examines key world religions Buddhism Christianity and Islam as well as newer religious groups such as Scientology New Age Witchcraft and online communities such as Jediism and Matrixism The book covers a range of key concepts secularisation and modernisation re enchantment the McDonaldisation of society and the easternisation of the west Each chapter opens with a case study from popular culture or the internet which takes the reader to the heart of the topic being discussed Employing both classical sociological theory and contemporary critical theory *Sociology of Religion for Generations X and Y* explains where contemporary religion and spirituality are coming from where they are now and where they are going

An Introduction to the Sociology of Religion Inger Furseth, Pål Repstad, 2006-01-01 An Introduction to the Sociology of Religion provides an overview of sociological theories of contemporary religious life Some chapters are organized according to topic Others offer brief presentations of classical and contemporary sociologists from Karl Marx to Zygmunt Bauman and their perspectives on social life including religion Throughout the book illustrations and examples are taken from several religious traditions

The Sociology of Religion Grace Davie, 2007-04-18 Grace Davie is one of the best analysts of religion in contemporary sociology This book caps a distinguished record of studies of religion first of Britain then of Europe then globally This is a magisterial work which should be read by anyone interested in the place of religion in the modern world Peter L Berger Boston University This book offers both an expert survey of contemporary sociology of religion and the personal reflections of one of the leading scholars in the field Grace Davie is a good model for students and their teachers she is clear engaging and fair minded but unafraid to express a point of view David Voas University of Manchester Grace Davie has written a book about what is currently happening in the sociology of religion which is clear accessible devoid of jargon and authoritative Though addressed to the educated reader it also provides an ideal text for students If you want expert guidance about what is going on in the sociology of religion and to have useful indications about what is going on in religion on the global scene this book does the job extremely well

Theology Why is religion still important Can we be fully modern and fully religious The Sociology of Religion works at two levels First it sets out the agenda covering the key questions in the sociology of religion today At the same time it interrogates this agenda asking if the sociology of religion as we currently know it is fit for purpose If not what is to be done This book describes the origins of the sociology of religion demystifies secularization as a process and a theory relates religion to modern social theory unpacks the meaning of religion in relation to modernity and globalization grasps the methodological challenges in the field provides a comparative perspective for religions in the west introduces questions of minorities and margins sets out a critical agenda for debate and research In a single volume Grace Davie captures the nature

and forms of modern religion the current debates in the field and the prospects for future development
Society in Interaction Ronald L. Johnstone, 1975
