Story Of Digby And Marie:

The Story of Digby and Marie Robert Shure, 1997 Shure the author of *Twink* delivers a whimsical book about two die hard romantics who fearlessly tackle love's obstacles Through a series of conversations accompanied by clever illustrations Digby and Marie too old to be naive about love but too young to be completely jaded develop a unique friendship 50 illustrations

The Englishman's Daughter Ben Macintyre, 2025-09-23 Never before told Ben Macintyre's *The Englishman's Daughter* is a harrowing tale of love, duplicity and their tragic consequences which haunt the people of Villeret eight decades after the Great War I have a rendezvous with death at some disputed barricade Alan Seeger 1916 In the first days of World War I four soldiers left behind as the British army retreated through northern France under the first German onslaught found themselves trapped on the wrong side of the Western Front in a tiny village called Villeret Just a few miles from the Somme the village would be permanently inundated with German troops for the next four years yet the villagers conspired to feed, clothe and protect the fugitives under the very noses of the invaders absorbing the Englishmen into their homes and lives until they could pass for Picardy peasants The leader of the band Robert Digby was a striking young man who fell in love with Claire Dessenne the prettiest maid in the village In November 1915 with the guns clearly audible from the battlefield Claire gave birth to Digby's child the jealous whispering began and the conspiracy that had protected the soldiers for half the war started to unravel

History of Medicine: All That Matters Tim Hall, 2014-01-31 The *History of Medicine* is an amiable amble through medicine's past designed as a primer for those taking history of medicine modules as part of their studies and for the wider public seeking a relaxed yet informative read The approach is to follow medicine's history through the author's neatly designed Ages that offer a meaningful way of grasping and memorising key eras and events Twenty one Ages take us from pre history to a glimpse of the future The chapters' themes will clearly straddle timelines rather than be perfectly chronological although there is a general progression through time This book is not a description of all that ever happened in medicine's history It is a collection of true stories of the more pivotal and fascinating bits Through stories of inspiring and often odd people and inspired and often distinctly unexpected objects we take a journey through the archipelago of medicine's somewhat quirky history and stop on the shores of some of its more alluring islands Then armed with the map the more keenly disposed may dip into the surrounding waters as far and as deeply as they choose

The Great New Orleans Kidnapping Case Michael A. Ross, 2017-08-09 As the largest and youngest minority group in the United States the 60 million Latinos living in the U S represent the second largest concentration of Hispanic people in the entire world after Mexico Needless to say the population of Latinos in the U S is causing a shift not only changing the demographic landscape of the country but also impacting national culture, politics and spoken language While Latinos comprise a diverse minority group with various religious beliefs, political ideologies and social values commentators on both sides of the political divide have lumped Latino Americans into a homogenous group that is often misunderstood Latinos in

the United States What Everyone Needs to Know R provides a wide ranging multifaceted exploration of Latino American history and culture as well as the forces shaping this minority group in the U S From exploring the origins of the term Latino and examining what constitutes Latin America to tracing topical issues like DREAMers the mass incarceration of Latino males and the controversial relationship between Latin America and the United States Ilan Stavans seeks to understand the complexities and unique position of Latino Americans Throughout he breaks down the various subgroups within the Latino minority Mexican Americans Dominican Americans Cuban Americans Puerto Ricans on the mainland and so on and the degree to which these groups constitute or don t a homogenous community their history and where their future challenges lie Stavans one of the world s foremost authorities on global Hispanic civilization sees Latino culture as undergoing dramatic changes as a result of acculturation changes that are fostering a new mestizo identity that is part Hispanic and part American However Latinos living in the United States are also impacting American culture As Ilan Stavans argues no other minority group will have a more decisive impact on the future of the United States

The Academy ,1898 British Books ,1898 Publishers' circular and booksellers' record ,1899 **The Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1896 **The Bookseller** ,1901 Vols for 1871 76 1913 14 include an extra number The Christmas bookseller separately paged and not included in the consecutive numbering of the regular series **Dictionary of National Biography** Sir Leslie Stephen,Sir Sidney Lee,1903 **The Bookman** ,1901 **A Literary History of the English People, from the Origins to the Renaissance** J. J. Jusserand,2019-12-05 J J Jusserand s A Literary History of the English People from the Origins to the Renaissance is a comprehensive exploration of English literature tracing its evolution from the earliest recordings to the threshold of the Renaissance The book employs a meticulous chronological narrative style enriched with literary analysis and cultural context Jusserand s keen observations dissect significant literary movements figures and texts weaving a tapestry that reflects the socio political and historical influences on English literature during formative centuries His work engages with primary texts and employs a comparative lens elucidating the interplay between literature and the shifting cultural landscapes of England Jusserand a French diplomat and literary scholar held an enduring fascination with English literature and history which informed his scholarly pursuits His bilingualism and perspective as an outsider provided a unique vantage point that led him to delve deeply into the nuances of English literary heritage By situating literary works within broader cultural and national contexts Jusserand illuminates the rich tapestry of voices that contributed to the English literary canon This book is highly recommended for anyone seeking to understand the roots of English literary tradition It offers a profound insight into foundational texts and their creators and is essential for students of literature history or cultural studies By engaging with Jusserand s work readers will gain a greater appreciation for the lasting legacy of English literature

The Time Travellers Club Mark Roland Langdale,2018-02-28 An entertaining book full of humour science and history A Pictorial History of the American Theatre, 1860-1985 Daniel C. Blum,1986 A new edition

of this picture book of stars and scenes that traces theatrical history year by year The Dial Francis Fisher Browne,1897

Twentieth-Century Americanism Andrew Yerkes,2013-10-31 First Published in 2005 The main purpose of the book is to expand the scope of revisionary studies of the thirties by analyzing novels using recent innovations in critical theory The book adds to the research of Barbara Foley Michael Denning Alan Wald and others who have challenged Cold War era accounts of the decade s socialist and communist culture The book explores leftist literature from the thirties as balanced between two antithetical philosophical modalities identity and ideology Writers create identitarian fiction he argues as they attempt to appeal to a mainstream audience using familiar types and patterns culled from mass culture They engage ideology on the other hand when they use narrative as a means of critiquing those same types and patterns using strategies of ideological critique similar to those of their European contemporary Georg Lukcs **New Booklist for Booksellers, Librarians and Bookbuyers** ,1897 A Dictionary of Biblical Tradition in English Literature David Lyle Jeffrey,1992 Over 15 years in the making an unprecedented one volume reference work Many of today s students and teachers of literature lacking a familiarity with the Bible are largely ignorant of how Biblical tradition has influenced and infused English literature through the centuries An invaluable research tool Contains nearly 800 encyclopedic articles written by a distinguished international roster of 190 contributors Three detailed annotated bibliographies Cross references throughout Sunday stories, ed. by H. Aspden Hartley Aspden,1899 The Saturday Review of Politics, Literature, Science and Art ,1897
