S. Naval Academy**, 1869      Blue & Gold and Black Robert John Schneller, 2008 During the twentieth century the U S Naval Academy evolved from a racist institution to one that ranked equal opportunity among its fundamental tenets This transformation was not without its social cost however and black midshipmen bore the brunt of it Blue Gold and Black is the history of integration of African Americans into the Naval Academy The book examines how civil rights advocates demands

for equal opportunity shaped the Naval Academy's evolution. Author Robert J. Schneller Jr. analyzes how changes in the Academy's policies and culture affected the lives of black midshipmen as well as how black midshipmen effected change in the Academy's policies and culture. Most institutional history is written from the top down while most social history is written from the bottom up. Based on the documentary record as well as on the memories of hundreds of midshipmen and naval officers, *Blue Gold and Black* includes both perspectives. By examining both the institution and the individual, a much more accurate picture emerges of how racial integration occurred at the Naval Academy. Schneller takes a biographical approach to social history. Through written correspondence, responses to questionnaires, memoirs, and oral histories, African American midshipmen recount their experiences in their own words. Rather than setting adrift their humanity and individuality in oceans of statistics, Schneller uses their first-hand recollections to provide insights into the Academy's culture that cannot be gained from official records. Covering the Jim Crow era, the civil rights movement, and the empowerment of African Americans from the late 1960s through the end of the twentieth century, *Blue Gold and Black* traces the transformation of an institution that produces men and women who lead not only the Navy but also the nation.

**The Herndon Climb** James McNeal, Scott Tomasheski, 2020-09-01. The Herndon Climb is an important and meaningful ritual in Naval Academy culture. Scaling the heavily greased 21-foot tall Herndon Monument as a group at the very end of the year for plebes or freshmen, the Climb marks a major turning point in the lives of all Midshipmen who are relieved of their low status at the moment they complete the task. The book is culled from interviews with more than fifty subjects, including participants in Climbs over the past six decades, with personal observations from the 2019 and 2018 events. Co-author James McNeal recalls the joyful pride of participating in the Climb as a plebe in 1983, and his experience helps bring vivid detail to the memories and reflections of his fellow Midshipmen. The book also includes a discussion of the career of William Lewis Herndon, whose heroic sacrifice at sea inspired the monument, and also traces the history and development of the modern Climb to its roots in the earliest plebe celebrations.

*Outlining Course in Naval History, as Given at the U.S. Naval Academy, Annapolis, Md* United States Naval Academy. Department of English, History, and Government, 1942.

Annapolis Goes to War Craig L. Symonds, 2025. America's preeminent naval historian offers a history of the Second World War based on the experiences of the young officers fresh out of the United States Naval Academy who served on its front lines. They arrived in Annapolis as teenagers the year Hitler re-occupied the Rhineland and graduated as young men the week the British Army evacuated Dunkirk. *Annapolis Goes to War* tells the story of their four transformative years at the Naval Academy and then four more annealing years in the cauldron of war. More than a hundred of them were on duty in Pearl Harbor on December 7, 1941. Ten of them died that day; seven remain entombed in the USS Arizona still. Over the next four years, these former Midshipmen participated in virtually every significant engagement in both the Atlantic and the Pacific, from Pearl Harbor to Tokyo Bay, from North Africa to Normandy. They were at the front edge of the war in battleships, carriers, destroyers, submarines, and airplanes, and led Marine Corps

units ashore Some experienced the war as prisoners of the Japanese Fifty six of them died in the Second World War the greatest wartime loss any service academy ever experienced Taking readers into and through the lives of these young men in wartime Craig Symonds offers a poignant and powerful story of adjustment growth pain loss and eventually triumph Using their diaries memoirs and letters he evokes unforgettably their trials and bonds their loss of innocence and their discovery of the meaning of sacrifice Annapolis Goes to War is essential reading for anyone seeking to understand the experience of fighting the bloodiest war in human history *History Class of 1912 U.S. Naval Academy*, 1952 **The U.S. Navy** Craig L. Symonds, 2016 This brisk narrative charts the history of the United States Navy from its birth during the American Revolution through its emergence as a global power amid the world wars of the twentieth century and finally to its current role as a superpower in the twenty first century *Naval History* William B.
