Story Of Two Souls The Correspondence Of Jacques Maritain And Julien Green:

The Story of Two Souls Julien Green, Jacques Maritain, Henry Bars, 1988 **Kindred Spirits** Brenna Moore, 2021-07-02

Kindred Spirits takes us inside a remarkable network of Catholic historians theologians poets and activists who pushed against both the far right surge in interwar Europe and the secularizing tendencies of the leftist movements active in the early to mid twentieth century With meticulous attention to the complexity of real lives Brenna Moore explores how this group sought a middle way anchored in spiritual friendship religiously meaningful friendship understood as uniquely capable of facing social and political challenges For this group spiritual friendship was inseparable from resistance to European xenophobia and nationalism anti racist activism in the United States and solidarity with Muslims during the Algerian War Friendship they believed was a key to both divine and human realms a means of accessing the transcendent while also engaging with our social and political existence Some of the figures are still well known philosopher Jacques Maritain Nobel Prize laureate Gabriela Mistral influential Islamicist Louis Massignon poet of the Harlem renaissance Claude McKay while others have unjustly faded from memory Much more than an idealized portrait of a remarkable group of Catholic intellectuals from the past Kindred Spirits is a compelling exploration of both the beauty and flaws of a vibrant social network worth remembering Fundamentalism or Tradition Aristotle Papanikolaou, George E. Demacopoulos, 2019-11-05

Traditional secular and fundamentalist all three categories are contested yet in their contestation they shape our sensibilities and are mutually implicated the one with the others This interplay brings to the foreground more than ever the question of what it means to think and live as Tradition The Orthodox theologians of the twentieth century in particular have emphasized Tradition not as a dead letter but as a living presence of the Holy Spirit But how can we discern Tradition as living discernment from fundamentalism What does it mean to live in Tradition when surrounded by something like the secular These essays interrogate these mutual implications beginning from the understanding that whatever secular or fundamentalist may mean they are not Tradition which is historical particularistic in motion ambiguous and pluralistic but simultaneously not relativistic Contributors R Scott Appleby Nikolaos Asproulis Brandon Gallaher Paul J Griffiths Vigen Guroian Dellas Oliver Herbel Edith M Humphrey Slavica Jakeli Nadieszda Kizenko Wendy Mayer Brenna Moore Graham Ward Darlene Fozard Weaver Jazz Age Catholicism Stephen Schloesser, 2005-01-01 Stephen Schloesser's Jazz Age Catholicism shows how a postwar generation of Catholics refashioned traditional notions of sacramentalism in modern language and imagery Catholic Progressives in England after Vatican II Jay P. Corrin, 2013-11-30 In Catholic Progressives in England after Vatican II Jay P Corrin traces the evolution of Catholic social and theological thought from the end of World War II through the 1960s that culminated in Vatican Council II He focuses on the emergence of reformist thinking as represented by the Council and the corresponding responses triggered by the Church's failure to expand the promises or expectations of reform to the satisfaction of Catholics on the political left especially in Great Britain The resistance of the

Roman Curia the clerical hierarchy and many conservative lay men and women to reform was challenged in 1960s England by a cohort of young Catholic intellectuals for whom the Council had not gone far enough to achieve what they believed was the central message of the social gospels namely the creation of a community of humanistic socialism This effort was spearheaded by members of the English Catholic New Left who launched a path breaking journal of ideas called *Slant* What made *Slant* revolutionary was its success in developing a coherent philosophy of revolution based on a synthesis of the New Theology fueling Vatican II and the New Left s Marxist critique of capitalism Although the English Catholic New Left failed to meet their revolutionary objectives their bold and imaginative efforts inspired many younger Catholics who had despaired of connecting their faith to contemporary social political and economic issues Corrin s analysis of the periodical and of such notable contributors as Terry Eagleton and Herbert McCabe explains the importance of *Slant* and its associated group within the context of twentieth century English Catholic liberal thought and action

Religious Intimacies Mary Dunn,Brenna Moore,2020-11-03 An essay collection that demonstrates how emotional ties and intimate affiliations remain critical to the dimensions of modern Christianity Scholars of religion have come a long way since William James famously made of religion a matter between man and his maker For decades now they have been attentive to the ways in which religion takes shape as the product of broad social forces focusing on the dynamics of power and culture as heuristics for understanding religious phenomena and experience What however might they be missing by moving too quickly from one interpretative extreme to the other and what might we learn about religion by staying in the interstitial space between the individual in her solitude and society as a whole *Religious Intimacies* edited by Mary Dunn and Brenna Moore brings together nine scholars of modern Christianity to probe this in between space In essays that range from treatments of Jesuit indigenous relations in early modern Canada to the erotics of contemporary black

theology each contributor makes the case for the study of the presence and power of affective ties and relational dynamics between friends lovers and intimate others even things as vital to the understanding of religion These thoughtful and probing essays convincingly show that ties built upon affect family and shared convictions have continued to inform lived religious experience in modern times and shape western Christianity in significant sometimes surprising ways Jodi Bilinkoff University of North Carolina at Greensboro A rich collection of essays that use intimate relationships to chart a course between solitude and society Tamsin Jones Trinity College

The Philosopher and the Provocateur Jacques Maritain, Saul David Alinsky, 1994 Far more telling than mere biography this collection of the extant letters exchanged between philosopher Jacques Maritain and social activist Saul Alinsky reveals a deep and intimate friendship however unexpected and unlikely Indeed to all who knew or knew of them the dignified prominent philosopher and the earthy truculent genius of social reform seemed antithetical to one another in almost every way The Maritain Alinsky correspondence began in 1945 shortly after they met and continued until Alinsky's death in 1972 The tone and content of the letters vary widely ranging from expressions of mutual admiration and friendship to details of the triumphs and tragedies of their personal lives to anguished considerations of death and immortality In their letters Maritain and Alinsky offer each other personal expressions of strong mutual support as well as judicious warnings and slightly apprehensive distancing for the different works each had undertaken at various times in his respective careers They also discuss the Catholic church taking ironic jibes at clerical pomposity and exchanging praise of the socially aware Though it is difficult to tell whether either man had a significant influence on the thought and work of the other their correspondence attests that the philosopher and the provocateur so different in personality educational backgrounds demeanor and intellectual affinities enjoyed a surprisingly intimate and extraordinary friendship With context and interpretation of the letters provided by the editor this intriguing collection of lively moving letters not only reveals the depths of a most improbable friendship it also goes far in exposing the humanity behind the personas

Jacques Maritain and the Jews Robert Royal, 1994 Jacques Maritain one of the most prominent twentieth century Catholic philosophers and social theorists played a crucial role in the development of modern Catholic teaching about the people of Israel Today relations between Christians and Jews have reached an historically unprecedented cordiality and the seventeen essays in this volume reveal the process by which Maritain's thought and work contributed to

this development Jacques Maritain and the Jews is a thorough survey of the influence Maritain exerted on various persons inside and outside the Catholic Church as well as the influences of the Jewish question on Maritain himself **The Critic**,1988 *Subject Guide to Books in Print* ,1996 **Publishers Trade List Annual, 1996, 1** R R Bowker Publishing,Trade List Annual 199 Publishers',1996-09
