A Study of Narrative Structures in southern Indian Stories Dr. Anjali Ramaria,2025-05-23 The research delves into the narrative styles of Mauni R K Narayan and D Jayakanthan examining common and divergent patterns in their short stories While Mauni and Narayan focus on Tamil culture simple domestic life and philosophical musings with minimal social or political agendas

Jayakanthan adopts a critical approach addressing Brahmanical orthodoxy and the struggles of the downtrodden. The study emphasizes how each writer's unique narrative techniques and cultural focus reflect their individual worldviews contributing to the richness of South Indian storytelling traditions. The research also highlights how these writers despite differences in language and style share a deep sense of human values and cultural identity.

Structure Leon Conrad, 2022-11 Story and Structure tells the untold story of how story works. Using just six primary symbols, author Leon Conrad outlines eighteen story structures and shows how they all optimally solve the problems which give rise to them. The book also demonstrates the much wider application of story, presenting new insights into story as a dynamic force of life, allowing the reader to access more harmony and flow in their life. Writers, storytellers, creative writing teachers, folklorists, narrative therapists, anthropologists, poets, and readers interested in how story works will all find this book useful and informative. Rethink your idea of story.

One Million Children Robert E. Slavin, Nancy A. Madden, 2001 One Million Children describes the Success for All and Roots Wings programmes in detail, presents the extensive research evaluating them, and discusses the implications of this research for policy and practice. Success for All and Roots Wings are comprehensive restructuring programmes for primary schools designed to promote the idea that all children can learn.

Dynamic Knowledge Interaction Toyooki Nishida, 2000-03-23 Internet, intranets, the Web, chat rooms, E-mail, and E-business. With the advent of this widespread networking, it is clear that the nature of human interactions is changing. As communities develop based on common knowledge, connections through traditional social routes are de-emphasized. Dynamic Knowledge Interaction presents groundbreaking interdisciplinary work on the creation of information tools for people developing modern community support systems. This book bridges the fields of advanced information technology, social psychology, and cognitive psychology. It will pique the interest of anyone concerned with community in the context of human computer interaction.

Seismic Behaviour and Design of Irregular and Complex Civil Structures Oren Lavan, Mario De Stefano, 2014-07-08 Structural irregularities are one of the most frequent causes of severe damages in buildings, as evidenced by the numerous earthquakes in recent years. This issue is of particular importance since real structures are almost all irregular. Furthermore, structural irregularities depend on several factors, often very difficult to predict. This book is an essential tool for understanding the problem of structural irregularities and provides the most up-to-date review on this topic.
