Straight Talk On Menopause 1996 Reichman Judith Reichman Judith:

I'm Too Young to Get Old Judith Reichman, 1996 If you're a woman over forty you probably have questions and concerns about your health Unlike your mother or grandmother you do not want to go passively or silently through the next half of your life No one seems to care about your contraceptive needs Pregnancy is the last thing I want at this point What are my options If I take the Pill and I'm over forty am I at increased risk for cancer Or I know I've put it off but I'm ready now and I want to be pregnant yesterday What are my chances and the risks involved I'm going through menopause and I'm not sure I like the idea of taking hormone replacement therapy for the rest of my life How do I know if it's right for me What other choices do I have I'm too busy to consult a score of specialists to keep on the proper health track Is there a single checklist I can follow so I know what tests to take and when In I'm Too Young to Get Old renowned gynecologist Judith Reichman M.D. creator of two acclaimed PBS series on menopause and health gives women over forty the information they need to make their health care choices Yes we need to know what happens to our hormones but that doesn't mean we should be defined in terms of our reproductive system As Dr Reichman writes My patients have matured with me and most of us are now over forty Many have struggled with their health as they aged while others seemed to mature with vibrancy pleasure and an increasing appreciation of their lives What explains these differences We traverse a complicated passage our hormones fluctuate and so do our moods body temperatures and sleep patterns We have to make choices about birth control then hormone control We should be concerned about cancer prevention and detection heart disease osteoporosis joint problems and thyroid problems We want to control our weight and our wrinkles And in the midst of all this we are taking care of aging parents aging children or dealing with our mates midlife problems both physical and psychological or possibly going through divorce getting back in the job market or leaving it and wondering how we reached forty so fast Dr Reichman addresses all these concerns and more with clarity and wit She tackles subjects often given short shrift avoiding hysterectomy coping with urinary incontinence exploring sexuality from forty to ninety see the chapter on Sex Hormones and Rock n Roll preparing for a healthy second half of life despite our abuses of the first half and more Written in a warm accessible style and laced with the humorous perspective of someone who's gone through this stage of life herself I'm Too Young to Get Old has all the
