they pave the way for a return to the subject or resurrection of the self that would allow us once again to become confident about our presence to ourselves. Instead, this book suggests that if we set ourselves the task of taking up the heritage from psychoanalysis and deconstruction in a serious manner, we are obliged to retrace the subject and the self as undergoing perpetual auto deconstruction.

The risen Jesus sends his disciples out as witnesses of repentance and the forgiveness of sins in his name. In a time of uncertainty for the western church, particularly for mainline congregations, this commission offers a simple framework for faithful

contextual work and witness growing in the way of the God who sets captives free and raises the dead. One part call to action, one part celebration of the miracle that is the local church. *Witnesses of These Things* is an invitation to grab hold of the life

that is truly life for which each one of us and this God-beloved world are made.
