Stranger Breach Of Peace:

Breach of the Peace Pamela R. Ferguson, 2014-03-18 Pamela Ferguson describes and critiques the commonly prosecuted crime of breach of the peace. She traces the development of the crime from the mid 19th century to the present day and also considers related statutory offences. The latter include those offences created by the Criminal Justice and Licensing (Scotland) Act 2010 and the Offensive Behaviour at Football and Threatening Communications (Scotland) Act 2012. It is argued that breach of the peace remains an overly broad and ill defined crime despite the appeal court's attempts at narrowing its definition. Queensland Justice of the Peace and Local Authorities' Journal, 1909. Includes Queensland justice of the peace and local authorities journal Reports v 1. Saving Strangers Nicholas J. Wheeler, 2000-09-08. The extent to which humanitarian intervention has become a legitimate practice in post cold war international society is the subject of this book. It maps the changing legitimacy of humanitarian intervention by comparing the international response to cases of humanitarian intervention in the cold war and post cold war periods. Crucially the book examines how far international society has recognised humanitarian intervention as a legitimate exception to the rules of sovereignty and non intervention and non use of force. While there are studies of each case of intervention in East Pakistan, Cambodia, Uganda, Iraq, Somalia, Rwanda, Bosnia and Kosovo, there is no single work that examines them comprehensively in a comparative framework. Each chapter tells a story of intervention that weaves together a study of motives, justifications and outcomes. The legitimacy of humanitarian intervention is contested by the pluralist and solidarist wings of the English school and the book charts the stamp of these conceptions on state practice. Solidarism lacks a full blown theory of humanitarian intervention and the book supplies one. This theory is employed to assess the humanitarian qualifications of the cases of intervention analysed in the book and this normative assessment is then compared to the moral practices of states. A key focus is to examine how far humanitarian intervention as a legitimate practice is present in the diplomatic dialogue of states. In exploring how far there has been a change of norm in the society of states in the 1990s, the book defends the broad based constructivist claim that state actions will be constrained if they cannot be legitimated and that new norms enable new practices but do not determine these. The book concludes by considering how far contemporary practices of humanitarian intervention support a new solidarism and how far this resolves the traditional conflict between order and justice in international society. *The Country Justice, Containing the Practice of the Justices of the Peace Out of Their Sessions ...
