*To be Suddenly White* Steven J. Belluscio, 2006 To Be Suddenly White explores the troubled relationship between literary passing and literary realism the dominant aesthetic motivation behind the late nineteenth and early twentieth century ethnic texts considered in this study Steven J Belluscio uses the passing narrative to provide insight into how the representation of ethnic and racial subjectivity served in part to counter dominant narratives of difference To Be Suddenly White offers new readings of traditional passing narratives from the African American literary tradition such as James Weldon Johnson's *The Autobiography of an Ex Coloured Man* Nella Larsen's *Passing* and George Schuyler's *Black No More* It is also the first full length work to consider a number of Jewish American and Italian American prose texts such as Mary Antin's *The Promised Land* Anzia Yezierska's *Bread Givers* and Guido d Agostino's *Olives on the Apple Tree* as racial passing narratives in their own right Belluscio also demonstrates the contradictions that result from the passing narrative's exploration of racial subjectivity racial difference and race itself When they are seen in comparison ideological differences begin to emerge between African American passing narratives and white ethnic Jewish American and Italian American passing narratives According to Belluscio the former are more likely to engage in a direct critique of ideas of race while the latter have a tendency to become more simplistic acculturation narratives in which a character moves from a position of ethnic difference to one of full American identity The desire to be suddenly white serves as a continual point of reference for Belluscio enabling him to analyze how writers even when overtly aware of the problematic nature of race especially African American writers are also aware of the conditions it creates the transformations it provokes and the consequences of both By examining the content and context of these works Belluscio elucidates their engagement with discourses of racial and ethnic differences assimilation passing and identity an approach that has profound

implications for the understanding of American literary history

**The Psychology of Eyewitness Identification** James Michael Lampinen, Jeffrey S. Neuschatz, Andrew D. Cling, 2012-04-27 This volume provides a tutorial review and evaluation of scientific research on the accuracy and reliability of eyewitness identification The book starts with the perspective that there are a variety of conceptual and empirical problems with eyewitness identification as a form of forensic evidence just as there are a variety of problems with other forms of forensic evidence There is then an examination of the important results in the study of eyewitness memory and the implications of this research for psychological theory and for social and legal policy The volume takes the perspective that research on eyewitness identification can be seen as the paradigmatic example of how psychological science can be successfully applied to real world problems

The timeless insight of Islam's sacred writings can enrich your own spiritual journey. For many in the West, the teachings of the Qur'an often are enshrouded in mystery and fear. Yet Islam's holy book gave birth to one of the most powerful and enlightened civilizations the world has ever seen. By the sixteenth century, Muslim culture stretched from India to Africa to Europe, preserving with it the ancient learning that helped spawn the Renaissance. With its interwoven ideas of faith and reason, justice and mercy, the path of Islam, which literally means surrendering to God's will, offers a uniquely focused and balanced approach to living life with a profound awareness of God. With gentleness and insight, Sohaib N. Sultan leads you through the central themes of both the Qur'an and the collected sayings of Prophet Muhammad, known as hadith. These teachings dispel common misconceptions about Muslim beliefs and offer practical guidance for your own spiritual journey, from understanding the merciful nature of God to cultivating peace and justice in the self, family, and society, to answering questions about the afterlife and how to attain it. Now you can experience the wisdom of Qur'anic teachings, even if you have no previous knowledge of Islam or Muslim writings. Insightful yet unobtrusive, facing page commentary explains the texts for you, allowing you to enter into the path of surrender to God.
