Strangers In The House Coming Of Age In Occupied Palestine:

Strangers in the House Raja Shehadeh, 2010-12-09 Raja Shehadeh was born into a successful Palestinian family with a beautiful house overlooking the Mediterranean. When the state of Israel was formed in 1948, the family were driven out to the provincial town of Ramallah. There Shehadeh grew up in the shadow of his father, a leading civil rights lawyer. He vowed not to become involved in politics or law but inevitably did so and became an important activist himself. In 1985 his father was stabbed to death. The Israeli police failed to investigate the murder properly and Shehadeh, by then a lawyer, set about solving the crime that destroyed his family. In *Strangers in the House*, Shehadeh recounts his troubled and complex relationship with his father and his experience of exile of being a stranger in his own land. It is a remarkable memoir that combines the personal and political to devastating effect.

Strangers in the House Raja Shehadeh, 2025-09-09 Discover the Classic Coming of Age Memoir that Captures the Palestinian Experience for Members of every Generation since the 1948 Nakba. Unusually honest, beautifully written. New York Times Book Review. With a New Afterword by the Author. In this new edition of his groundbreaking memoir, Palestinian lawyer and human rights activist Raja Shehadeh offers a moving description of the daily lives of those who have been determined to remain on Palestinian land under Israeli occupation and refusing to relent in the face of efforts to drive them out by making their lives unbearable. Growing up in the shadow of home in the rural hills of the West Bank, he was introduced early to political conflict. He witnessed the numerous arrests of his father, Aziz Shehadeh, who in 1967 was the first Palestinian to advocate a peaceful 2 state solution for the Israeli-Palestinian conflict. He predicted that if peace were not achieved, what remained of the Palestinian homeland would be taken away bit by bit through Israeli settlement. Ostracized by his fellow Arabs and disillusioned by the failure of either side to recognize his prophetic vision, Aziz retreated from politics. He was murdered in 1985. *Strangers in the House* is also the family drama of a difficult relationship between an idealistic son and his politically active father, complicated by the arbitrary humiliation of the occupier's law. A new Afterword provides an update on the investigation into his father's murder, a history that reflects continued official Israeli efforts to dehumanize Palestinians and to extinguish once and for all the possibility of a 2 state solution.

Language of War, Language of Peace Raja Shehadeh, 2015-02-12 Award winning author Raja Shehadeh explores the politics of language and the language of politics in the Israeli-Palestine conflict, reflecting on the walls that they create, legal and cultural, that confine today's Palestinians just like the physical borders, checkpoints, and the so-called Separation Barrier. The peace process has been ground to a halt by twists of language and linguistic chicanery that has degraded the word peace itself. No one even knows what the word might mean now for the Middle East. So to give one example of many, Israel argued that the omission of the word 'the' in one of the UN Security Council's resolutions meant that it was not mandated to withdraw from all of the territories occupied in 1967. *The Language of War, The Language of Peace* is another important book from Raja Shehadeh on the world's greatest political fault line.

City of Oranges: An Intimate History of Arabs and Jews in Jaffa Adam

LeBor,2011-08-29 A profoundly human take on the Israeli Palestinian conflict seen through the eyes of six families three Arab and three Jewish The millennia old port of Jaffa now part of Tel Aviv was once known as the Bride of Palestine one of the truly cosmopolitan cities of the Mediterranean There Muslims Jews and Christians lived worked and celebrated together and it was commonplace for the Arabs of Jaffa to attend a wedding at the house of the Jewish Chelouche family or for Jews and Arabs to both gather at the Jewish spice shop Tiv and the Arab Khamis Abulafia s twenty four hour bakery Through intimate personal interviews and generations old memoirs letters and diaries Adam LeBor gives us a crucial look at the human lives behind the headlines and a vivid narrative of cataclysmic change *The Accidental Empire* Gershom Gorenberg,2007-03-06 The untold story based on groundbreaking original research of the actions and inactions that created the Israeli settlements in the occupied territories After Israeli troops defeated the armies of Egypt Syria and Jordan in June 1967 the Jewish state seemed to have reached the pinnacle of success But far from being a happy ending the Six Day War proved to be the opening act of a complex political drama in which the central issue became Should Jews build settlements in the territories taken in that war The Accidental Empire is Gershom Gorenberg s masterful and gripping account of the strange birth of the settler movement which was the child of both Labor Party socialism and religious extremism It is a dramatic story featuring the giants of Israeli history Moshe Dayan Golda Meir Levi Eshkol Yigal Allon as well as more contemporary figures like Ariel Sharon Yitzhak Rabin and Shimon Peres Gorenberg also shows how the Johnson Nixon and Ford administrations turned a blind eye to what was happening in the territories and reveals their strategic reasons for doing so Drawing on newly opened archives and extensive interviews Gorenberg reconstructs what the top officials knew and when they knew it while weaving in the dramatic first person accounts of the settlers themselves Fast moving and penetrating The Accidental Empire casts the entire enterprise in a new and controversial light calling into question much of what we think we know about this issue that continues to haunt the Middle East **Conflicts in a Conflict** Michael Mousa Karayanni,2014 Conflicts in a Conflict outlines and analyzes the legal doctrines instructing the Israeli courts in private and civil disputes involving the Occupied Palestinian Territories of the West Bank and the Gaza Strip since 1967 until the present day This book s compelling thesis is the existence of a close relationship between conflict of laws doctrines as they developed over the years and Israeli policies generally in respect of the Palestinian Territories This study of the conflict of laws in a war setting and conflict of laws in a jurisdictionally ambiguous location will greatly serve scholars and practitioners in similarly troubled and complex legal situations elsewhere **Books on Turkey** ,2005 *Journeys from the Abyss* Tony Kushner,2017-09-28 This is the first study to place Jewish refugee movements from Nazism into a wider framework of global forced migration from the late nineteenth through to the twenty first century **Literary Autobiography and Arab National Struggles** Tahia Abdel Nasser,2020-05-28 In memoirs Arab writers have invoked solitude in moments of deep public involvement Focusing on Taha Hussein Sonallah Ibrahim Assia Djebar Latifa al Zayyat Mahmoud Darwish Mourid Barghouti Edward Said Haifa Zangana

and Radwa Ashour this book reads a range of autobiographical forms sources and affinities with other literatures Taking a comparative approach Nasser shows the local sources of contemporary Arab autobiography adaptations of a global genre and cultural exchange She also examines different aspects of the contemporary autobiography as it has evolved in the Arab world during the past half century focusing on the particularity of the genre written in different languages but pertaining to one overarching Arab culture Drawing on memoirs testimonies autobiographical novels poetic autobiography journals and diaries she examines solitude and national struggles in contemporary Arab autobiography

Diaspora and Memory, 2016-08-01 Experiences of migration and dwelling in displacement impinge upon the lives of an ever increasing number of people worldwide with business class comfort but more often with unrelenting violence Since the early 1990s the political and cultural realities of global migration have led to a growing interest in the different forms of diasporic existence and identities The articles in this book do not focus on the external boundaries of diaspora what is diasporic and what is not but on one of its most important internal boundaries which is indicated by the second term in the title of this book memory It is not by chance that the right to remember the responsibility to recall are central issues of the debates in diasporic communities and their relation to their cultural and political surroundings The relation of diaspora and memory contains important critical and maybe even subversive potentials Memory can transcend the territorial logic of dispersal and return and emerge as a competing source of diasporic identity The articles in this volume explore how shaped by the responsibilities of testimony as well as by the normalizing forces of amnesia and forgetting and political interests memory is a performative figurative process rather than a secure space of identity
