COWS on the MOOVE Old Man Crowe, 2013-08-22 Welcome to a Paradelles Universe where rigid rules are transcended and creative imagination discovers ever surprising potentialities A universe where formalized and uncompromising poetic structures succumb to a radicalized deconstruction of their basic elements then reconstructed through an almost word by word re ordering and reinvention of the poems original meaning images and intent The Paradelles is a form of poetry whose time is now a time of stagnating social theories fossilized religious traditions and a political system paralyzed by its own impossibilities A time of constant unrelenting change and adaptation of innovative ideas reconfiguring outdated concepts and beliefs of individual and collective human consciousness expanding beyond existing borders and horizons A Paradelles reflects this evolving planetary process in the fundamental reinvention of itself never exactly certain of where its going or how it will get there yet always managing to arrive at the coherent conclusion of its revealed destination Even then the Paradelles refuses to become a static statement of all that has been said and done The poem learns from each rewriting how to speak for itself All that a Paradelles asks for is a fair hearing To be given a voice for the blessing of living breath
