Creatures of Darkness Gene D. Phillips, 2021-03-17 An exhaustively researched survey of Raymond Chandler's thorny relationship with Hollywood during the classic period of film noir Alain Silver film producer and author Raymond Chandler's seven novels including *The Big Sleep* 1939 and *The Long Goodbye* 1953 with their pessimism and grim realism had a direct influence on the emergence of film noir Chandler worked to give his crime novels the flavor of his adopted city Los Angeles which was still something of a frontier town rife with corruption and lawlessness In addition to novels Chandler wrote short stories and penned the screenplays for several films including *Double Indemnity* 1944 and *Strangers on a Train* 1951 His work with Billy Wilder and Alfred Hitchcock on these projects was fraught with the difficulties of collaboration between established directors and an author who disliked having to edit his writing on demand *Creatures of Darkness* is the first major biocritical study of Chandler in twenty years Gene Phillips explores Chandler's unpublished script for *Lady in the Lake* examines the process of adaptation of the novel *Strangers on a Train* discusses the merits of the unproduced screenplay for *Playback* and compares Howard Hawks's director's cut of *The Big Sleep* with the version shown in theaters Through interviews he conducted with Wilder Hitchcock Hawks and Edward Dmytryk over the past several decades Phillips provides deeper insight into Chandler's sometimes difficult personality Chandler's wisecracking private eye Philip Marlowe has spawned a thousand imitations *Creatures of Darkness* lucidly explains the author's dramatic impact on both the literary and cinematic worlds demonstrating the immeasurable debt that both detective fiction and the neo noir films of today owe to Chandler's stark vision

[Intimate Violence](#) David Greven, 2017 This book employs archival research and statistical analysis on an original dataset of a summer 1941 wave of anti Jewish

pogroms to show that pogroms occurred not where antisemitism was strongest but where local Jews challenged local non Jews dreams of national dominance **Strangers on a Train** ,2001 **Hitchcock's Motifs** Michael Walker,2005 Among the abundant Alfred Hitchcock literature Hitchcock s Motifs has found a fresh angle Starting from recurring objects settings character types and events Michael Walker tracks some forty motifs themes and clusters across the whole of Hitchcock s oeuvre including not only all his 52 extant feature films but also representative episodes from his TV series Connections and deeper inflections that Hitchcock fans may have long sensed or suspected can now be seen for what they are an intricately spun web of cross references which gives this unique artist s work the depth consistency and resonance that justifies Hitchcock s place as probably the best know film director ever The title the first book length study of the subject can be used as a mini encyclopaedia of Hitchcock s motifs but the individual entries also give full attention to the wider social contexts hidden sources and the sometimes unconscious meanings present in the work and solidly linking it to its time and place

Alfred Hitchcock Paula Marantz Cohen, 1995-07-20 This provocative study traces Alfred Hitchcock

s long directorial career from Victorianism to postmodernism Paul Cohen considers a number of Hitchcock s most acclaimed films *Shadow of a Doubt* *Rear Window* *Vertigo* *Psycho* as well as some of his less well known ones *Rope* *the Wrong Man* *Topaz* and makes connections between his evolution as a filmmaker and trends in the larger society Drawing on a number of methodologies including feminism psychoanalysis and family systems the author provides an insightful look at the paradox of a Victorian era His career she argues can be seen as an attempt to balance the two faces of Victorianism a masculine legacy of law and hierarchy and a feminine legacy of feeling and imagination Also central is the Victorian model of the nuclear family and its permutations especially the father daughter dyad Cohen postulates a fundamental dynamic in Hitchcock s films what she call a daughter s effect and relates it to the social role of the family as an institution and to Hitchcock s own relationship with his daughter Patricia who appeared in three of his films Cohen argues that Hitchcock s films reflect his Victorian legacy and serve as a map for ideological trends She charts his development from his British period through his classic Hollywood years into his later phase tracing a conceptual evolution that corresponds to an evolution in cultural identity one that builds on a Victorian inheritance and ultimately discards it

Hitchcock, Second Edition William Rothman, 2012-08-20 First published in 1982 William Rothman s *Hitchcock* is a classic work of film criticism Written in an engaging style that is philosophically sophisticated yet free of jargon and using over nine hundred images from the films to illustrate and back up its critical claims the book follows six different Hitchcock films as they unfold moment by moment from first shot to last In addition to a thoughtful new preface and the original readings of *The Lodger* 1927 *Murder* 1930 *The 39 Steps* 1935 *Shadow of a Doubt* 1943 and *Psycho* 1960 this expanded edition includes a groundbreaking new chapter now the book s longest on *Marnie* 1964 Hitchcock s most heartfelt yet most controversial film Hitchcock never tired of quoting Oscar Wilde s line And all men kill the thing they love Dark moods therefore prevail in the five original chapters culminating in the reading of *Psycho* but in demonstrating how *Marnie* overcomes or transcends the murderous aspect of Hitchcock s art this

new chapter balances the scales and gives an important new dimension to the book With exemplary precision Hitchcock Second Edition shows how Hitchcock films express cinematically serious thoughts about such matters as the nature and relationships of love murder sexuality marriage and theater and about their own medium In so doing it keeps faith with the idea that Hitchcock was a master perhaps the master of what he called the art of pure cinema However insofar as it investigates philosophically the conditions of authorship in the medium of film it is an auteurist study unlike any other By attending to the films themselves and to the ways we experience them rather than allowing some theory to dictate what to say about them the book proves the fruitfulness of an approach that is open and responsive to the ways serious films are capable of teaching us how to think seriously about them
