System and Unsystem Joseph A. Raffaele, 1974-01-01 **Hard Core Liberals** Hal Libros, 1975-01-01 **Communism and Zionism in Palestine** Jacob Hen-Tov, 1974-01-01 Investigating the Communist International's involvement in Palestine during the 1920s this unusual study encompasses the rise of the Zionist settlement in the region the gradual emergence of Arab nationalism and the increasing difficulties facing the British mandatory government in reconciling the growing Arab Jewish strife The Communist International searching for revolutionary situations in the underdeveloped world attempted to use the unrest in Palestine to undermine the British mandatory government In the process the Communist International and the Palestine Communist Party were confronted by an expanding popular movement Zionism which they tried to suppress The situation was unique The Palestine Communist Party's leadership and membership were predominantly Jewish and perceived the Communist International's anti Zionist policies as a threat to the existence of the entire Jewish community Hen Tov made five investigative trips to Russia He not only reconstructs the situation in the 1920s but also explains the roots of the strong anti Israel position taken by the Soviet Union today **1974 Annual Supplement** Joan Schmitz Bergholt, 2013-12-21

Proceedings of the American Society of Civil Engineers American Society of Civil Engineers, 1919 **Social Theory and Practice** , 1974 State, Society and the UN System Keith Krause, W. Andy Knight, 1995 In addition to its unique perspective this volume differs from previous studies in focusing attention on seldom studied states and their policies and practices in relation to the UN system and multilateralism The United Nations System Chadwick F. Alger Professor Emeritus, 2005-11-21 From the beginnings of the Cold War to efforts to control Saddam Hussein's weapons program this indispensable guide to the history and workings of the UN system shows how this widely misunderstood organization has helped to make the world a safer place and what its future prospects are likely to be Rising from the ashes of World War II the UN's birth was announced on October 24 1945 Its military arm began in 1948 with the deployment of just 36 soldiers tasked with supervising a fragile cease fire in the Arab Israeli conflict Since then it has undertaken more than 50

peacekeeping missions and concluded 500 multilateral conventions on human rights arms control environment terrorism and many other subjects The United Nations System examines the continuing controversy that surrounds this organization Whereas conservatives accuse the UN of wavering in the face of gross violations of its own resolutions by Saddam Hussein many liberals have lambasted it for failing to take decisive action against genocide in the Balkans and in Rwanda Highly readable and packed with useful facts and illustrations this book is essential reading for those who wish to make up their own minds
