Systematic Theology, Volume 2 Katherine Sonderegger, 2020-11-03 Katherine Sonderegger follows her monumental volume on the doctrine of God with this second entry of her Systematic Theology which explores the doctrine of the Holy Trinity Locating her analysis first in the Hebrew Scriptures Sonderegger examines the thrice holy God that is proclaimed to Isaiah in the sanctuary and manifested in the sacrifice of the temple The book of Leviticus read in conversation with Exodus unfolds the doctrine of the Trinity under the character of holiness In the One God Trinity speaks of the life movement and self offering of God who is the eternal procession of goodness and light In Israel's sacrificial covenant the Triune God is perfect self offering the eternal descent of the Father of Lights is the offering who is Son eternally received and hallowed in the one who is Spirit Anchoring the theology of the Trinity in Israel's Scriptures in this way elevates the processions over the persons exploring the mystery of the Divine Life as holy rational and good The Divine Persons named in the New Testament cannot be

defined but may be glimpsed in the notion of perfection a complete and perfect infinite set In all these ways the Holy Trinity may be praised as the deep reality of the life of God **Systematic Theology** ,1892 Systematic Theology Wolfhart Pannenberg,1991 The publication of Volume 3 of German theologian Wolfhart Pannenberg s Systematic Theology completes the English edition of a work that will surely come to stand as one of the lasting theological statements of the twentieth century *Systematic Theology, Volume 2* Wolfhart Pannenberg,1991 Volume 2 of Pannenberg s magnum opus moves beyond the highly touted discussions of systematic prolegomena and theology proper in Volume 1 to commanding comprehensive statements concerning creation the nature of man Christology and salvation *Systematic Theology* Robert W. Jenson,1999-08-19 Systematic Theology is the capstone of Robert Jenson s long and distinguished career as a theologian being a full scale systematic dogmatic theology in the classic format This is the second and concluding volume of the work Here Jenson considers the works of God examining such topics as the nature and role of the Church and God s works of creation
