**Hymnes Orphiques** Anne-France Morand, 2015-08-27 The book is a study of the Orphic Hymns a collection of 87 Greek texts in hexameter addressed to various deities These hymns are closely related to one another and seem to originate in Asia Minor during the first centuries of the Christian era The great originality of this corpus is that a link can be traced between a set of beliefs rituals offerings and mysteries and a group of believers Surprisingly the Hymns has been generally neglected Les études sur les Hymnes orphiques begins with a study of the genre The Hymns are essentially composed of long lists of epithets and are therefore distinctive Through the choice of epithets in the different hymns and a comparison between the different texts it is possible to trace allusions to myths to rituals and to mysteries related to the gods This first part also concentrates on the literary ways of expressing religious ideas The group using this text referred to the legendary figure

Orpheus as the composer of the Hymns It is therefore not surprising to find Dionysos at the center of this text The basic approach is to compare the content of the Hymns to what we know and do not know about orphism Questions such as vegetarianism prohibition of beans belief in metempsychosis the content of the mysteries arise It may seem awkward to find typically orphic gods such as Protogonos next to traditional gods and local deities from Asia Minor Finally the group was organised and the participants bore titles such as boukolos the oxherd A large place is given to epigraphy The aim is to fit these elements to a definition of orphism during the first centuries of our era and to put together an image of this particular group This book will be essential to scholars interested in orphism in Greek religion in religion at the beginning of Christianity in literature and in hymns *Les noms du Pharaon comme êtres autonomes au Nouvel Empire* Cathie Spieser,2000 This volume comprising text catalogue and images gathers together the iconographic and written sources for the representation of the plethora of names for the Egyptian pharaohs The discussion focuses on the name as an element of one's personality the distinction between representation and being and the nature of the cartouche **Revue de synthèse historique ...** Henri Berr,1901 **Revue de synthèse historique** ,1901 **"En commençant par Moïse et les prophètes..."** Guy Couturier,2008 **Dictionnaire de la langue française** Émile Littré,1883
