Tacitus The Man And His Work

Rachel S Tattersall

Tacitus The Man And His Work:

Tacitus, the Man and His Work Clarence W. Mendell, 2003-01 Tacitus, the Man and His Work Clarence Whittlesey Mendell, 1970 *The Rhetoric of Gender Terms* F. Santoro L'Hoir, 2018-07-17 The aim of this work is to recover classical Roman assumptions about women on the basis of the surviving linguistic data The author provides a control to her study of the connotations of the major Latin words for women in the form of a corresponding examination of how Roman authors use the various words for men The resulting analysis throws light not only on Roman gender vocabulary but also on Roman cultural perceptions of class moral worth and nationality Furthermore the author's detailed discussions of strictly linguistic evidence enable her to offer several original and persuasive insights about the traditional Latin literary representation of women Understanding the connotative range of gender terms such as homo vir femina mulier also reveals the value judgments made by ancient authors on male and female behaviour and can even be applied as a tool of historical analysis

Enlightenment Volume 1 Peter Gay, 2013-06-26 The eighteenth century Enlightenment marks the beginning of the modern age when the scientific method and belief in reason and progress came to hold sway over the Western world In the twentieth century however the Enlightenment has often been judged harshly for its apparently simplistic optimism Here a master historian goes back to the sources to give us both a more sophisticated and intriguing view of the philosophes their world and their ideas Ben Jonson: The man and his work Ben Jonson, 1925 **Kierkegaard and the Roman World** Jon Bartley Stewart, 2009 While Kierkegaard's use of the Greek authors particularly Plato and Aristotle has attracted considerable attention over the years his use of the Roman authors has by contrast remained sadly neglected This neglect is somewhat surprising given the fact that Kierkegaard was extremely well read in Latin from his early youth when he attended the Borgerdyd School in Copenhagen Kierkegaard's interest in the Roman authors is perhaps best evidenced by his book collection In his private library he had a long list of Latin titles and Danish translations of the standard Roman authors in any number of different genres His extensive and frequent use of writers such as Cicero Horace Terence Seneca Suetonius and Ovid clearly warrants placing them in the select group of his major sources The chapters in this volume demonstrate that Kierkegaard made use of the Roman sources in a number of different ways His readings from the school seem to have stuck with him as an adult He constantly refers to Roman authors such as Livy Nepos and Suetonius for colourful stories and anecdotes In short the Roman authors serve to enrich any number of different aspects of Kierkegaard's authorship with respect to both content and form **01 Enlightenment An Interpretation** Peter Gay, 1995-05-02 The Enlightenment Peter Gay v II *The Complete Works of Tacitus* Cornelius Tacitus, 2013-01-01 Ancient Roman senator and historian Publius Cornelius Tacitus is known throughout Western history as one of the greatest historical writers of the Silver Age of Latin literature He lived during the first century AD and was the son of a wealthy aristocratic family Not much is known about his personal life however it is clear that both Tacitus and Pliny the Elder were acquaintances and even possibly childhood friends

though there is no substantial evidence to support this Tacitus studied rhetoric in order to create a career in law and politics He steadily rose throughout the ranks due to his strong speaking style and oration skills However his language skills did not stop with verbal speeches He was also an accomplished writer who focused on the history of the Roman Empire He created five works The Annals The Histories The Agricola The Germania and A Dialogue on Oratory His works delve deep into the facts as he knew them rarely ever embellishing history to create a story He also stayed true to chronological order and laid history out in visible steps It is also notable that Tacitus knew that his fellow politicians were corrupt he believed that they gave up their strong voice in order to please a usually corrupt emperor These five great works are brought together in this collection of The Complete Works of Tacitus **The Works of Ben Jonson: The man and his work** Ben Jonson,1966

Works of Cornelius Tacitus; Cornelius Tacitus,Arthur Murphy,2023-07-18 This second volume in a comprehensive edition of Tacitus s works includes two of his most famous works the Annals which covers the history of Rome from the reign of Tiberius to that of Nero and the Histories which focuses on the tumultuous period after Nero s death With an informative introduction and helpful notes throughout this volume is an essential resource for anyone interested in Roman history or literature This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
