Taiwan China Connection Democracy And Development Across The Taiwan Straits:

The Taiwan-china Connection Tse-kang Leng, 2018-03-05 Exploring the transitional role of the state in Taiwan's economic development this book focuses especially on the impact of trade with mainland China Tse Kang Leng argues that the basic structure of political forces within Taiwan and its pattern of external economic relations have been transformed in the 1990s with cross Straits trade playing a key part Although politically embarrassing to the government this trade provides an economic opportunity that is irresistibly attractive to business interests Thus cross Straits trade and investment have served as a fulcrum by which societal interests have moved an unwilling state Going beyond the strong state paradigm the author's analysis of current cross Straits economic policies reveals a sharp contrast between Taiwan's authoritarian past and its current era of democratization Weighing the crucial forces at work in Taiwan democratization state society interaction and economic interdependence with mainland China Leng provides a thorough analysis of Taiwan's political and economic development in the 1990s and beyond

Across the Taiwan Strait Suisheng Zhao, 2013-10-23 The 1995 1996 Taiwan Strait Crisis caused the largest naval movement by the United States in the Asia Pacific since the Vietnam War Using this crisis as a starting point Across the Taiwan Strait takes an in depth look at the relationship between mainland China and Taiwan The contributors examine the causes of conflict and explore ways to prevent future tension from deteriorating into war The political economy of Taiwan's mainland policy the politics of mainland China's Taiwan policy and the implications for U S security policy are also explored

China and the Taiwan Issue Gabe T. Wang, 2006 With comprehensive historical political socioeconomic and cultural data this book offers a timely examination of the developments in mainland China Taiwan and U S involvement in the region as they relate to the ongoing Taiwan Strait dilemma While many books approach this issue primarily from the viewpoint of Taiwan this book gives considerable attention to China and its development and role in the issue In an approachable style this intriguing work identifies the realities that mainland China and Taiwan as well as the United States face and presents various options in an effort to develop mutual understanding and peaceful solutions for each party involved in the Taiwan issue

Peace and Security Across the Taiwan Strait S. Tsang, 2004-02-29 The end of the Cold War has regrettably not brought an end to all the major confrontations of the last century One such confrontation is the stand off across the Taiwan Strait Despite increasingly interwoven economic links between the People's Republic of China and Taiwan in recent years the tension between the two has not dissipated Tsang and a group of international experts examine the subject of peace and security across the Taiwan Strait and suggest models for peace

Political Economy of China-Taiwan Relations Chien-Kai Chen, 2018-04-30 China Taiwan economic ties are now among the key factors influencing the relations between the two sides of the Taiwan Strait which is still one of the flashpoints in today's world This book traces the origin and the process of how so called cross strait economic ties became such a key factor in China Taiwan relations throughout the 1990s and how this factor has affected China Taiwan relations since then By focusing on Taiwan's

domestic politics as it relates to the domestic conflicts between opposing political and economic forces in Taiwan over the political relations and economic ties across the Taiwan Strait the book demonstrates that the growth of cross strait economic ties since 1990 has significantly affected Taiwan s domestic politics which in turn has had a profound impact on China Taiwan relations Although the growth of China Taiwan economic ties could hardly resolve the so called Taiwan problem and might even lead to some political and economic conflicts between the two sides at times through Taiwan s domestic politics it has reduced the likelihood of severe confrontation especially the military one in the Taiwan Strait As this book reveals the interactions between the economic winners the economic losers the political parties the government and the general public in Taiwan s domestic politics as a result of the growth of cross strait economic ties have played an important role in the development of China Taiwan relations leading to a very confrontational situation from 1995 to 2008 a relatively peaceful Taiwan Strait from 2008 to 2016 and a cold peace between the two sides since 2016 *Taiwan, Humanitarianism and Global Governance* Alain Guilloux, 2009-03-09 Guilloux explores the complexities and dilemmas of providing humanitarian aid to people in need and distress especially underlined by Taiwan s unclear status in the global arena and how in its efforts Taiwan faces both international isolation and opposition from the People s Republic of China at multiple levels **Economic Reform And Cross-strait Relations: Taiwan And China In The Wto** Julian Chang, Steven M Goldstein, 2007-07-26 This book provides a discussion of the general impact of WTO membership on both sides of the Taiwan Strait and addresses the political and economic impact on cross Strait relations of common membership The book begins with an introduction which analyzes the state of cross Strait economic and political relations on the eve of dual accession to the WTO and briefly introduces the chapters which follow The first chapter discusses the concessions made by both sides in their accession agreements and is followed by two chapters which describe the manner in which the Taiwan economy was reformed to achieve compliance as well as the specific restrictive trade regime that was put into place to manage mainland trade The next two chapters deal with the implications of that restrictive trade regime for the Taiwan economy in Asia and with the nature of the interactions between the two sides within the WTO The final four chapters of the volume examine the impact of membership on four sectors of the economy finance agriculture electronics and automobiles There is a post script which briefly covers developments since the chapters were completed **Politics in Taiwan** Shelley Rigger, 2002-05-03 This book shows that Taiwan unlike other countries avoided serious economic disruption and social conflict and arrived at its goal of multi party competition with little blood shed Nonetheless this survey reveals that for those who imagine democracy to be the panacea for every social economic and political ill Taiwan s continuing struggles against corruption isolation and division offer a cautionary lesson This book is an ideal one stop resource for undergraduate and postgraduate students of political science particularly those interested in the international politics of China and the Asia Pacific **(En)Gendering Taiwan** Ya-chen Chen, 2017-10-15 This book highlights the diversity and richness of non Mainland China and Taiwan oriented gender

issues from a unique Taiwanese perspective in contrast to previous studies that have often placed Taiwanese gender issues under the huge umbrella of Mainland Chinese Communist Chinese or P R C women s and gender studies In a follow up dialogue to and with Liu s Karl s and Ko s *The Birth of Chinese Feminism* this book looks at the various metaphorical details of that birth and the different dimensions of Mainland Chinese versus Taiwanese feminism and gender issues Although Chinese heritage people share similar traditions different gender problems have occurred in and challenged various local conditions of Chinese speaking areas Taiwan s gender issues have reflected Taiwan s unique historical sociocultural economic political post colonial military and diplomatic backgrounds in ways unfamiliar to the many people with a Chinese background who are not Taiwanese This volume gives a historical outline of the people and events that paved the way for the rise of Taiwanese feminism and includes portraits of famous feminists gender issues in institutions and a variety of gender concerns

Rethinking The Triangle: Washington-beijing-taipei Brantly Womack, Yufan Hao, 2015-11-19 *Rethinking the Triangle* Washington Beijing Taipei is a book on foreign policy with a difference Under the premise that the Cold War mentality is outdated the book explores a new paradigm for the three parties interrelationships based on inclusiveness and opportunity rather than each hedging against increasingly unlikely crises It states that instead of seeing Taiwan as a security liability the US should use it as a compatible point of contact to East Asia and China should view the US Taiwan relationship as an opportunity rather than as an intervention Rather than focusing only on American policy options the book treats the most important triangular interaction in Asia from the standpoint of each of its participants by an expert from each country The book also includes brief discussions by experts from Japan and Macau considering the general salience of the new paradigm for Asia For readers easy reference it also includes a triangular chronology as well as a selection of major documents relating to the triangle
