Taiwan's Mid 1990s Elections:

Taiwan's Mid-1990s Elections John F. Copper, 1998-10-28 An assessment of the recent unprecedented Taiwanese democratic elections which despite threats from Beijing set the stage for genuine democracy in Taiwan A firsthand account of three crucial elections in the 1990s two of which were unprecedented the 1994 election of the first governor of Taiwan and the 1996 presidential election The latter marked the first direct election of a chief executive in Taiwan or any Chinese nation in 5 000 years of Chinese history This study considers the political environment in which these elections were held particular political issues party strategies and campaigns and election results Taiwan is now in the final stage of democracy and its impressive political modernization is one proof of its new status The 1995 legislative election and the 1996 presidential election were held amidst Beijing's intimidation in the form of missile tests close to Taiwan's shores massive military exercises and verbal threats Such posturing forced the United States to send aircraft carriers to the area in response Taiwan's remarkable progress has begun to draw the attention of the leaders of developing countries who have come to see Taiwan's political modernization as a model for their own nations

Taiwan's 2001 Legislative, Magistrates And Mayors Election: Further Consolidating Democracy? John F Copper, 2002-12-17 In December 2001 Taiwan held an election that many observers said in addition to the 2000 election that resulted in opposition party leader Chen Shui bian winning the presidency consolidated its democracy This election made President Chen's party the Democratic Progressive Party DPP the largest party in the legislature and gave him an opportunity to implement his agenda President Chen had not been able to do previously due to the opposition's large legislative majority and the political gridlock that had plagued Taiwan for some months This book examines the political milieu in which the campaign was conducted the candidates party platforms and strategies the campaign and the results of the election It also assesses the domestic and international responses to the election and its political ramifications The author argues that the DPP won using questionable tactics thus diminishing its otherwise significant victory while creating doubts about the Taiwan political miracle The KMT lost badly The People First Party created by James Soong after the 2000 presidential election performed very well in this election Former president Lee Teng hui helped found a new party shortly before this election to help President Chen by drawing support away from the KMT it performed well The author concludes that the election mirrored Taiwan's new four party system which is divided into two camps While the green bloc the DPP and Lee's new party performed well the blue team the KMT and Soong's party won a majority Taiwan's party politics the author says remain in flux

Taiwan's Presidents John F. Copper, 2024-08-05 This book profiles Taiwan's six key presidents Chiang Kai shek Chiang Ching kuo Lee Teng hui Chen Shui bian Ma Ying jeou and Tsai Ing wen focusing on politics economics elections successes and failures in office popularity and democratization By analyzing criteria of the six presidents leadership such as management of crises advancing democracy stewardship of the economy charisma corruption and handling of foreign relations especially with China and the U S John F

Copper goes on to rank the presidents and predicts trends and difficulties that future presidents will face Special attention is paid to relations with the U S acknowledging the U S as Taiwan s political and economic model as well as its being Taiwan s protector in the context of China s claim to Taiwan As an assessment of these six political leaders as well as a study of Taiwan s political system this book will appeal to students and scholars of Taiwan political science and international relations

The A to Z of Taiwan (Republic of China) John Franklin Copper,2010-04-01 Taiwan an island located off the east coast of southern China is the largest piece of territory under the jurisdiction of the nation known officially as the Republic of China Constant debate over whether Taiwan is its own sovereign state part of the Republic of China or part of the People s Republic of China has been going on for years With Chinese leaders in the People s Republic of China rejecting Taiwan s legal separation and vowing that they will resolve the Taiwan issue by military force if necessary and most citizens of Taiwan opposing unification with China in the short run it would appear that Taiwan faces some tough decisions ahead The A to Z of Taiwan Republic of China offers insight into Taiwan s situation through a chronology an introduction appendixes a map a bibliography and several hundred cross referenced dictionary entries on important people places events political parties and institutions as well as major political economic social and cultural aspects of this island country Whether or not Taiwan joins the People s Republic of China or gains its independence Taiwan s outcome is of the utmost importance and this reference provides the necessary information to understand its state of affairs

Historical Dictionary of Taiwan (Republic of China) John F. Copper,2014-12-19 Taiwan is an island located off the east coast of southern China It is the largest piece of territory under the jurisdiction of the nation known officially as the Republic of China Taiwan is a place of contradictions Its successful economic and political modernization have stimulated the imaginations of most observers Still its nation state status has been constricted and weakened It covets and pursues peace yet it is a vortex actor in global strategic military competition It is small yet its importance far exceeds its size It has long occupied a critical place in history even though it has not sought this it appears inevitable that it will continue to be so This fourth edition of Historical Dictionary of the Taiwan Republic of China covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 600 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about the Taiwan

Taiwan's Democracy on Trial John Franklin Copper,2012-07-10 In Taiwan s Democracy on Trial Professor Copper assesses the process of democratization in Taiwan during the Chen Shui bian Era 2000 to 2008 and after He shows that in several respects most important being press freedom human rights ethnic relations political reform constitutionalism and clean governance democratization regressed Economic management was not good and relations with the United States were severely strained which also hurt the Chen administration and explains why the Nationalist Party returned to power in 2008 The democratization process has improved since 2008

Consolidating Taiwan's Democracy John Copper,2005-01-06

Consolidating Taiwan's Democracy assesses the often heard argument that political change in Taiwan especially that resulting from recent elections that brought a change of ruling parties first in the executive branch of government and then the legislative branch proves that Taiwan's democratization has been finalized or consolidated The author sees both positive and negative aspects to democracy's consolidation in Taiwan **The Taiwan Voter** Christopher Henry Achen, T. Y. Wang, 2017-07-26

Examines how Taiwan's voters navigate a dangerous environment to demonstrate how identities matter everywhere **Taiwan's Politics In Action: Struggling To Win At The Ballot Box** John F Copper, 2020-11-13 Taiwan's Politics in Action Struggling to Win at the Ballot Box is about the most interesting and exciting aspects of Taiwan's politics political competition in the form of electioneering campaigns and voting The author first analyzes the theories constructs or simply ideas about elections especially who wins them and why The most discussed by the pundits and the scholars are the watermelon and the pendulum theory voting as before or not The economic or pocketbook theory is also popular although whether this means economic growth or greater equity has changed Which party or candidate has the most money is also predictive Other constructs or simply ideas are also commonplace Divide and conquer is another approach Another is the best campaign agenda so too picking the most attractive candidates Professionalism in campaigning and the use of social media are also favorite ideas So is the appeal to voters ethnicity espousing liberal or conservative ideas using protest focusing on constant concerns such as peace and corruption and finally the appeals of populism and progressivism The author then examines Taiwan's two most recent elections the 2018 mid term or collection of local elections and the 2020 national presidential and legislative election to apply the theories The Nationalist Party or Kuomintang KMT won the former the Democratic Progressive Party DPP won the latter giving the observer a choice of evidence about how to win The author concludes that Taiwan's democracy is being challenged but is still popular in spite of strong external forces and other worries

Party Politics in Taiwan Dafydd Fell, 2006-09-27 In 1991 Taiwan held its first fully democratic election This first single volume of party politics in Taiwan analyzes the evolution of party competition in the country looking at how Taiwan's parties have adjusted to their new multi party election environment It features key chapters on the development of party politics in Taiwan the impact of party change on social welfare corruption and national identity party politics in the DPP era Including interviews with high ranking Taiwanese politicians and material on the 2004 Presidential election this important work brings the literature up to date It provides a valuable resource for scholars of Chinese and Taiwanese politics and a welcome addition to the field of regime transition and democratization
