Norway Travel Adventures Henrik Berezin, 2011-04-15 On an international scale Oslo is a pretty small capital but with just over 500 000 people it's Norway's biggest city by far More than 10% of the country's total population lives here if we count people in the entire Oslofjord area in the summertime it amounts to one third of the population in Norway What makes Oslo unique is its location The Oslofjord links the city with the sea To the south In the other three directions you find mountains lakes and forests within easy reach from the city center This means that wherever you are in Oslo you have natural beauty just around the corner In the winter you can go from the shopping areas downtown To the ski slopes in just 20 minutes The summers offer even more opportunities as both Marka And The Oslofjord with its islands are popular destinations For the people of Oslo and its many visitors Norway has a population of just over 4.2 million people and has one of the lowest population densities in Europe with 12 people per square km Oslo The capital and biggest city has more than 500 000 inhabitants And The Oslofjord area is home to nearly one third of the nation's population if you count all the summer residents Bergen is the second biggest city in Norway with 230 000 people Trondheim comes in third with 140 000

Denmark Travel Adventures Elizabet Olesen, 2009-07-15 Denmark is primarily made up of one peninsula Jutland Jylland in Danish and two islands Sealand Sjaelland and Funen Fyn Sealand is the bigger of the two islands and also where Copenhagen the capital and biggest city is located Denmark is the smallest of the three Scandinavian countries with only 43 000 square km There are over 400 islands in total but only 100 of them are inhabited The country has 4 500 miles of coast line and you are never more than 30 miles from the sea no matter where you are in the country The biggest island in the world Greenland also belongs to Denmark as do the Faroe Islands If Greenland were to be included in the total area of the country Denmark would be the biggest country in Europe by far and one of the biggest in the world Denmark is perhaps the most popular of the three countries for campers There are more than 500 campsites all over the country The Danish word for inn is kro and if you see that word on a sign along the road you have found the perfect combination of a place to stay and a place to eat A long time ago when people traveled by horse it was decided that a kro should be placed every 20 km along all common roads in

Denmark and still today you will find inns all over the country They are as popular as ever for spending the night grabbing a bite to eat or both Denmark is the number one biking country of the three Being a small and flat country it s often the best way of getting around and biking is extremely popular for recreation Denmark has over 6 200 miles of designated biking trails These are just a few details covered in this comprehensive guide to all the activities in the country plus where to stay and where to dine This is an excerpt from our much larger guide to Scandinavia
