The Bodyline Fix Marion Stell,2022-10-05 Over thirty years ago historian Marion Stell tracked down the women who played in the inaugural international Test cricket series against England in the summer of 1934 1935 Their stories and this extraordinary time in Australian sport are told here for the first time After the contentious bodyline mens series in 1932 1933 sporting relations between Australia and England were at an all time low The long traditions built on fair play and sportsmanship had been shattered and controversy raged in the media At the same time a group of talented young women were invited to play for their country Hailing from all classes and backgrounds these exceptional players defied social and family expectations to pursue the sport they loved gaining recognition and celebrity in Test series here and abroad Drawing from rare source material photos and interviews with the original players The Bodyline Fix shines a long overdue light on gender race and class in 1930s Australia The impact and legacy of these early sportswomen lives on to inspire current generations

Forever One Summer George M. Leon,2007-11-20 This is a love story based on events that occurred in my life more than fifty years ago Some of the names have been changed and some events may have been diminished or embellished while recalling things that happened when writing the story The story is based on recollections of actual experiences I had It is a story filled with discovery joy and the innocence of teenage years back in the fiftys It also shows how those years became the building blocks of a lifetime The motivation for writing this came from an extraordinary thing that happened to me in the Spring of 2006 that stirred my memory and caused me to recall with clarity

what I had so long ago buried in my subconscious mind I met a person who became a good friend but more importantly she reawakened everything I had discovered in that one magical summer back in 1954 Looking back as an adult fifty years later made me realize that there is symmetry in life but many people never take the time to see it This all started for me when we returned from our Winter Condo in Boca Raton Florida in April of 2006 As per my usual morning routine I continued to awaken early and go over to Starbucks to sit and have my morning cup of Decaf Americano Id sit there and read the Daily News or the New York Times and chat with some fascinating people I had met whod become friends in the several years since I retired One particular April morning I came in and they had a new person in charge of the morning shift working there From the moment I saw her I could not stop looking at her There was something instantly so familiar about her but I wasnt able to see exactly what it was initially When I made the connection with what it was it hit me like a ton of bricks After we were introduced we began chatting briefly but the more we made small talk the less I actually heard what she was saying as memories of my past flooded back All of a sudden I was fifteen years old again I knew then I had to sit down and somehow get this written I also knew I would at some point have to share this amazing story with her if or when I got to know her better It was interesting recalling my early childhood and the events that brought me to that wonderful summer of discovery and falling in love for what I believed then to be the first and last time in my life That summer held some of the keys to the person I would become as I grew up and dealt with life at all ages
