Temple Of Shanhur:

Lady of the Temple: Ancient Hymns for Nephthys Chelsea Luellon Bolton, **The Temple of Shanhur Volume II** M. De Meyer, M. Minas-Nerpel, P. Dils, H. Willems, R. Preys, T. L. Sagrillo, 2025-09 The present book is the second volume devoted to the publication of the temple of Shanhur The first concerned the decorated inner parts of the temple altogether ninety eight ritual scenes or texts With the second volume the exterior walls including the contra temple at the northern exterior wall and the remains of the lateral chapel and hypostyle hall are published in total 141 ritual scenes or texts The decoration programme of the exterior walls illuminates a clear theological development under the reign of Claudius as compared to the earliest stage of the Shanhur temple under Augustus The manifestations of the Great Goddess Isis appear in the form of mother goddesses with their familial relationships being expressed in terms of the theological systems of Thebes and Coptos However the temple does not simply convey the Theban and Coptite religious understanding but essentially is a form of Coptite theology in which Theban conceptions are cast in the mould developed by Coptite priests The Oxford Handbook of Egyptology Ian Shaw, Elizabeth Bloxam, 2020 The Oxford Handbook of Egyptology offers a comprehensive survey of the entire study of ancient Egypt from prehistory through to the end of the Roman period Transcending conventional boundaries between archaeological and ancient textual analysis and bringing together 63 chapters that range widely across the various archaeological philological and cultural sub disciplines authored by recognized experts in their respective fields it highlights the extent to which the discipline has diversified and stresses the need for it to seek multidisciplinary methods and broader collaborations if it is to remain contemporary and relevant Authoritative yet accessible it is an invaluable resource for scholars students and general readers alike **The Temple of Shanhûr** Harco Willems, Filip Coppens, Marleen De Meyer, 2003 **The Oxford Handbook of Roman Egypt** Christina Riggs, 2012-06-21 Roman Egypt is a critical area of interdisciplinary research which has steadily expanded since the 1970s and continues to grow Egypt played a pivotal role in the Roman empire not only in terms of political economic and military strategies but also as part of an intricate cultural discourse involving themes that resonate today east and west old world and new acculturation and shifting identities patterns of language use and religious belief and the management of agriculture and trade Roman Egypt was a literal and figurative crossroads shaped by the movement of people goods and ideas and framed by permeable boundaries of self and space This handbook is unique in drawing together many different strands of research on Roman Egypt in order to suggest both the state of knowledge in the field and the possibilities for collaborative synthetic and interpretive research Arranged in seven thematic sections each of which includes essays from a variety of disciplinary vantage points and multiple sources of information it offers new perspectives from both established and younger scholars featuring individual essay topics themes and intellectual juxtapositions **Mammisis of Egypt** Ali Abdelhalim Ali, Dagmar Budde, 2023-12-04 Birth Houses Mammisis are important components of late Egyptian temple complexes but have not been investigated in detail since the

fundamental study of Francois Daumas published in 1958 In the meantime new archaeological findings as well as re evaluations of theology and piety in Greco Roman Egypt have considerably expanded our traditional understanding of these extraordinary buildings Therefore reassessment of phenomena and expanded research approaches need to be undertaken This book presents the printed versions of the lectures given by international Egyptologists at the IFAO in Cairo on March 27 28 2019 as part of the 1st Colloquium on Mammisis of Egypt In the publication criteria and reconsiderations are put up for discussion that can be decisive for the identification and definition of Mammisis The spectrum of topics ranges from theological basics including the significant birth cycle and typical features through historical development and cultic events to the architecture of these temple buildings Special motifs theoretical and iconographic concepts and finally the persistence of certain rites in modern Egypt are also covered One chapter introduces current scientific projects and their methods that are dedicated to selected mammisis or chapels Coptos Deir el Medina Edfu Kom Ombo Philae Bahariya Kellis Jebel Barkal Numerous illustrations complement the contributions They contain new material from excavations that is being published for the first time

Thebes in the First Millennium BC Julia Budka, Kenneth Griffin, Elena Pischikova, 2014-04-23 Thebes in the First Millennium BC is a collection of articles based mostly but not entirely on the talks given at the conference of the same name organised by the team of the South Asasif Conservation Project an Egyptian American Mission working under the auspices of the Ministry of State for Antiquities Egypt in Luxor in 2012 The organisers of the conference and editors of the volume Elena Pischikova Julia Budka and Kenneth Griffin brought together a group of prominent scholars to share and discuss the results of their recent field research in the tombs and temples of the Twenty fifth Twenty sixth Dynasties in Thebes Abydos and Saqqara This volume assembles current studies on royal and elite monuments of the Libyan Kushite and Saite Periods and places them in a wider context This volume investigates such aspects of research as tomb and temple architecture burial assemblages religious texts paleography artistic styles iconography local workshops and archaism providing a new perspective to the current scholarship and future exploration of these topics The volume is further enriched by the inclusion of chapters on the conservation and preservation of monuments representing the present day approach to the development of archaeological sites

The Kiosk of Taharqa Martina Minas-Nerpel, Rene Preys, 2023-09-26 From the reign of Ptolemy IV Philopator 221 204 BC an extensive building and decoration programme is attested throughout Egypt with a specific emphasis on the cult of Osiris and the child gods The royal legitimation in which Horus of Edfu and Amun of Thebes played a major role was a further focal point With the Theban revolt 206 186 BC the royal support of the Egyptian temples stopped abruptly and was only resumed under Ptolemy VI Philometor In the temple of Amun Ra at Karnak the Kiosk of Taharqa was a key contribution of the Kushite period 746 655 BC Under Ptolemy IV a major restoration campaign took place in the First Courtyard the gate of the Second Pylon was rebuilt and the Kiosk substantially renovated Its intercolumnar walls were remodelled and carved with ritual scenes of royal legitimation The soubassement was decorated with a procession

of nomes received by the goddess Waset and the column shafts and abaci were engraved with the royal names In this book the Kiosk s Ptolemaic texts and iconographic decoration are presented and analysed A global study of Philopator s architectural activities places the Kiosk in the larger context of Karnak and beyond In addition a palaeographic study of the hieroglyphic texts is published Cleopatra and Rome Diana E. E. Kleiner,2009-06-30 In this beautifully illustrated book we experience the synthesis of Cleopatra s and Rome s defining moments through surviving works of art and other remnants of what was once an opulent material culture This culture best chronicles Cleopatra s legend and suggests her subtle but indelible mark on the art of imperial Rome at the critical moment of its inception **A Companion to Ancient Egypt, 2 Volume Set** Alan B.
