Temples For Tomorrow Looking Back At The Harlem Renaissance:

Temples for Tomorrow Genevieve Fabre, 2001 The Harlem Renaissance is rightly considered to be a moment of creative exuberance and unprecedented explosion Today there is a renewed interest in this movement calling for a re evaluation and a closer scrutiny of the era and of documents that have only recently become available *Temples for Tomorrow* reconsiders the period between two world wars which confirmed the intuitions of W E B DuBois on the colour line and gave birth to the American dilemma later evoked by Gunnar Myrdal Issuing from a generation bearing new hopes and aspirations a new vision takes form and develops around the concept of the New Negro with a goal to recreate an African American identity and claim its legitimate place in the heart of the nation In reality this movement organised into a remarkable institutional network which was to remain the vision of an elite but which gave birth to tensions and differences This collection attempts to assess Harlem s role as a Black Mecca as site of intimate performance of African American life and as focal point in the creation of a diasporic identity in dialogue with the Caribbean and French speaking areas Essays treat the complex interweaving of Primitivism and Modernism of folk culture and elitist aspirations in different artistic media with a view to defining the interaction between music visual arts and literature Also included are known Renaissance intellectuals and writers Even though they had different conceptions of the role of the African American artist in a racially segregated society most participants in the New Negro movement shared a desire to express a new assertiveness in terms of literary creation and indentity building

African Diasporas in the New and Old Worlds , 2021-11-01 In the

humanities the term diaspora recently emerged as a promising and powerful heuristic concept It challenged traditional ways of thinking and invited reconsiderations of theoretical assumptions about the unfolding of cross cultural and multi ethnic societies about power relations frontiers and boundaries about cultural transmission communication and translation The present collection of essays by renowned writers and scholars addresses these issues and helps to ground the ongoing debate about the African diaspora in a more solid theoretical framework Part I is dedicated to a general discussion of the concept of African diaspora its origins and historical development Part II examines the complex cultural dimensions of African diasporas in relation to significant sites and figures including the modes and modalities of creative expression from the perspective of both artists writers and their audiences finally Part III focusses on the resources collections and archives and iconographies that are available today As most authors argue the African diaspora should not be seen merely as a historical phenomenon but also as an idea or ideology and an object of representation By exploring this new ground the essays assembled here provide important new insights for scholars in American and African American Studies Cultural Studies Ethnic Studies and African Studies The collection is rounded off by an annotated listing of black autobiographies

Silent Film and the Formations of U.S. Literary Culture Sarah Gleeson-White, 2024-05-14 Silent Film and the Formations of U S Literary Culture Literature in Motion argues that the emergence of motion pictures constituted a defining moment in U S literary history Author Sarah Gleeson White discovers what happened to literary culture both popular and higher brow when inserted into the spectacular world of motion pictures during the early decades of the twentieth century How did literary culture respond to and how was it altered by the development of motion pictures literature s exemplar and rival in narrative realism and enthrallment Gleeson White draws on extensive archival film and literary materials and unearths a range of collaborative cross media expressive and industrial practices to reveal the manifold ways in which early twentieth century literary culture sought both to harness and temper the reach of motion pictures

Postcolonial Postmortems Christine Matzke, Susanne Muehleisen, 2006 Recent crime fiction increasingly transcends national boundaries with investigators operating across countries and continents Frequently the detective is a migrant or comes from a transcultural background To solve the crime the investigator is called upon to decipher the meanings hidden in clues and testimonies that require transcultural forms of understanding For the reader the investigation discloses new interpretive methods and processes of social investigation often challenging facile interpretations of the postcolonial world order Under the rubric postcolonial postmortems this collection of essays seeks to explore the tropes issues and themes that characterise this emergent form of crime fiction But what does the postcolonial bring to the genre apart from the

well known and valid discourses of resistance subversion and ethnicity And why postmortems A dissection and medical examination of a body to determine the cause of death the postmortem of the postcolonial not only alludes to the investigation of the victim s remains but also to the body of the individual text and its contexts This collection interrogates literary concepts of postcoloniality and crime from transcultural perspectives in the attempt to offer new critical impulses to the study of crime fiction and postcolonial literatures International scholars offer insights into the postcolonial postmortems of a wide range of texts by authors from Africa South Asia the Asian and African Diaspora and Australia including Robert G Barrett Unity Dow Wessel Ebersohn Romesh Gunsekera Kazuo Ishiguro Sujata Massey Alexander McCall Smith and Michael Ondaatje

Artistic Ambassadors Brian Russell Roberts, 2013-01-15 During the first generation of black participation in U S diplomacy in the late nineteenth and early twentieth centuries a vibrant community of African American writers and cultural figures worked as U S representatives abroad Through the literary and diplomatic dossiers of figures such as Frederick Douglass James Weldon Johnson Archibald and Angelina Grimké W E B Du Bois Ida Gibbs Hunt and Richard Wright Brian Roberts shows how the intersection of black aesthetic trends and U S political culture both Americanized and internationalized the trope of the New Negro This decades long relationship began during the days of Reconstruction and it flourished as U S presidents courted and rewarded their black voting constituencies by appointing black men as consuls and ministers to such locales as Liberia Haiti Madagascar and Venezuela These appointments changed the complexion of U S interactions with nations and colonies of color in turn state sponsored black travel gave rise to literary works that imported international representation into New Negro discourse on aesthetics race and African American culture Beyond offering a narrative of the formative dialogue between black transnationalism and U S international diplomacy *Artistic Ambassadors* also illuminates a broader literary culture that reached both black and white America as well as the black diaspora and the wider world of people of color In light of the U S appointments of its first two black secretaries of state and the election of its first black president this complex representational legacy has continued relevance to our understanding of current American internationalism

Richard Wright in a Post-Racial Imaginary William E. Dow, Alice Mikal Craven, Yoko Nakamura, 2014-07-31 In African American fiction Richard Wright was one of the most significant and influential authors of the twentieth century *Richard Wright in a Post Racial Imaginary* analyses Wright s work in relation to contemporary racial and social issues bringing voices of established and emergent Wright scholars into dialogue with each other The essays in this volume show how Wright s best work asks central questions about national alienation as well as about international belonging and the trans national gaze Race is here assumed as a superimposed category rather than a biological reality in keeping with recent trends in African American studies Wright s fiction and almost all of his non fiction lift beyond the mainstays of African American culture to explore the potentialities and limits of black trans nationalism Wright s trans native status his perpetual outsidedness mixed with the essential humanness of his activist and literary efforts are at the core of the

innovative approaches to his work included here **A Queer Capital** Genny Beemyn, 2014-06-20 Rooted in extensive archival research and personal interviews *A Queer Capital* is the first history of LGBT life in the nation's capital. Revealing a vibrant past that dates back more than 125 years, the book explores how lesbians, gay men, and bisexuals established spaces of their own before and after World War II, survived some of the harshest anti-gay campaigns in the U.S., and organized to demand equal treatment. Telling the stories of black and white gay communities and individuals, Genny Beemyn shows how race, gender, and class shaped the construction of gay social worlds in a racially segregated city. From the turn of the twentieth century through the 1980s, Beemyn explores the experiences of gay people in Washington, showing how they created their own communities, fought for their rights, and in the process helped to change the country. Combining rich personal stories with keen historical analysis, *A Queer Capital* provides insights into LGBT life, the history of Washington, D.C., and African American life and culture in the twentieth century.
