Making Moral Sense Logi Gunnarsson,2000-09-18 Is it rational to be moral Can moral disputes be settled rationally Which criteria determine what we have a good reason to do In this innovative book Logi Gunnarsson takes issue with the assumption made by many philosophers faced with the problem of reconciling moral norms with a scientific world view namely that morality must be offered a non moral justification based on a formal concept of rationality He argues that the criteria for the rationality of an action are irreducibly substantive rather than purely formal and that assuming that morality must be given a non moral justification amounts to a distortion of both rationality and morality His discussion includes substantial critical engagement with major thinkers from two very different philosophical traditions and is notable for its clear and succinct account of Habermas discourse ethics It will appeal to anyone interested in practical reason and the rational credentials of morality

and Way Stations - A Rational Ethic, Vol I Traumeur, 2018-03-03 We moderns are reluctant to accept that a truly creative motivation affectively underlies our various deplorable aggressions and depressions This sums up our tragic predicament It is as if a special dispensation were required before we understand reality as not based on appearances but on faith and good spirit In the presence of those who do understand we are more likely to catch on because our depression and aggression rubs off on them and infects them whereupon they deal with this rationally within themselves before dealing with us then mercifully Their ethical behaviour by personal example and good works instils in us a desire for moral integrity and ethical power We gain a sense of a taste for the satisfaction from doing good We become capable of sustaining that extra dimension to our being which corresponds to the foundation of reality If we choose we can allow our thought processes to be schooled as we read this work so that we may be cleansed of the modern evil that is criticism *The Morality of Punishment with Some Suggestions for a General Theory of Ethics* Alfred Cyril Ewing, 1929 **Virtue Theoretic Epistemology** Christoph Kelp, John Greco, 2020-07-23 Virtue epistemology is one of the most flourishing research programmes in contemporary epistemology Its defining thesis is that properties of agents and groups are the primary focus of epistemic theorising Within virtue epistemology two key strands can be distinguished virtue reliabilism which focuses on agent properties that are strongly truth conducive such as perceptual and inferential abilities of agents and virtue responsibilism which focuses on intellectual virtues in the sense of character traits of agents such as open mindedness and intellectual courage This volume brings together ten new essays on virtue epistemology with contributions to both of its key strands written by leading authors in the field It will advance the state of the art and provide readers with a valuable overview of what virtue epistemology has achieved *Matters of Faith and Morals* James Gaffney, 1987 *Matters of Faith and Morals* brings together a number of original essays on ethics and on relationships between ethics and other disciplines pertaining to religion and social sciences They are not expositions of recognized positions within established schools of thought but exploratory and controversial They are intended not to transmit a traditional body of doctrine but to foster discussion and encourage argument in the interest of intellectual progress

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. **The Secret History** is a masterful and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
