Ten Commandments Do They Still Count:

A Refutation of Moral Relativism Peter Kreeft, 2009-12-04 No issue is more fateful for civilization than moral relativism History knows not one example of a successful society which repudiated moral absolutes Yet most attacks on relativism have been either pragmatic looking at its social consequences or exhorting preaching rather than proving and philosophers arguments against it have been specialized technical and scholarly In his typical unique writing style Peter Kreeft lets an attractive honest and funny relativist interview a Muslim fundamentalist absolutist so as not to stack the dice personally for absolutism In an engaging series of personal interviews every conceivable argument the sassy Black feminist reporter Libby gives against absolutism is simply and clearly refuted and none of the many arguments for moral absolutism is refuted

Wallace,2016-05-23 Come to church or go to hell That s religious bullying It s judgmentalism And it s a theological distortion a distortion insisting that shame and self loathing are morally appropriate In Christian humanist tradition God is not some cosmic judge eager to smite all of us for our sinfulness God is compassion We are cherished by God beyond our wildest imagining We are called to radical hospitality not to crass judgmentalism So where does this religious judgmentalism come from It is the heritage of medieval theocracy a violent vindictive God of command and control was far more useful politically than a God of compassion hospitality and forgiveness It comes from literal minded misreading of the story of Adam and Eve and the forbidden fruit a story about shame not disobedience And it comes from political success in exploiting deep seated liabilities in the American soul we spend our lives trying to prove ourselves a hopeless task There s an alternative In the Christian humanist tradition authentic moral judgment is rooted in conscience as a creative process Morality is an art demanding both rigorous consideration of the facts and thoughtful introspection Conscience properly understood and thoughtfully practiced is an antidote to shame incessant self criticism and chronic self doubt Where Did We Get A Bible? Can we be born again during this earthly life? Peter Williams, Booklets in this first series On which days was Christ crucified and resurrected Can we know the year of Christ's crucifixion Does the Bible's Creation account accord with scientific discovery Was Christ crucified on a cross Why should families symbolise the church and kingdom of God Who should take the bread and wine and when Can we be born again during this earthly life What annual festivals should Christians celebrate Is there a Holy Spirit God person What is the true gospel When does the law end for a Christian Should Christians celebrate a weekly Sabbath Each booklet in this series focuses on one theme that is also covered more briefly in the 350 page book *Israel and the Covenants in New Testament Times* Each study's conclusions come from what the Bible reveals consistently answering all the objections the writer has heard to leave nothing even apparently contradicted by any other Bible text By this means they confirm that the booklet provides rock solid Bible truth and that the Bible is truly the word of God Despite this as the booklets series title suggests these conclusions are

typically unexpected a primary aim in writing and sharing them If you find anything unpalatable please recognise that God is the real author of what these booklets show and the author little more than a researcher and collator of the subject matter Therefore if you the reader cannot refute what a booklet in this series asserts directly from the Bible surely nobody can please give God your thanks and praise for allowing you to come to the truth from Him Israel and the Covenants in New Testament Times may be ordered on line in the UK from Amazon co uk or at good bookshops and internationally from Amazon com in paperback or Amazon Kindle format A4 352 pages Paragon Publishing ISBN 10 1 908341 68 8 ISBN 13 978 1 908341 68 6 Counting Religion in Britain, 1970-2020 Clive D. Field, 2021-12-09 Counting Religion in Britain 1970 2020 the fourth volume in the author s chronological history of British secularization sheds significant new light on the nature scale and timing of religious change in Britain during the past half century with particular reference to quantitative sources Adopting a key performance indicators approach twenty one facets of personal religious belonging behaving and believing are examined offering a much wider range of lenses through which the health of religion can be viewed and appraised than most contemporary scholarship Summative analysis of these indicators by means of a secularization dashboard leads to a reaffirmation of the validity of secularization in its descriptive sense as the dominant narrative and direction of travel since 1970 while acknowledging that it is an incomplete process and without endorsing all aspects of the paradigmatic expression of secularization as a by product of modernization
