Ten Millionaires and Ten Million Beggars Mwangi Wa. Githinji, 2019-07-30 This title was first published in 2000 An analysis of income distribution and development in Kenya seeking to increase the reader's understanding of the political economy of that country The author offers three contributions He provides an estimate of income inequality in Kenya He presents data on time allocation in Kenya which makes it possible to compare the distribution of work with the distribution of income Finally he attempts to construct a class analysis that goes beyond the debates of the 1970s and 1980s and goes on to draw a number of important conclusions from his findings *Ten Millionaires and Ten Million Beggars* Mwangi wa Githinji, 1997 *Civil Society in Action*, 2001 *Mutunga: Willy Mutunga Under Cover*, 2023-06-02 For over 30 years Willy Mutunga has blazed the trail in starting many important public conversations about remaking Kenya and the wider world into a better society As a public intellectual he has consistently challenged convenient stereotypes in an effort to bring down the social barriers erected by fear and ignorance and led in persuading individuals and communities to re-examine widely held prejudices and to start difficult dialogues Between 2006 and 2011 Mutunga wrote a weekly column in the Saturday Nation It is from these contributions under the pen name Cabral Pinto a combination of the surnames of the two African ideologues he greatly admired that the 146 articles in this volume are selected The clarity of Willy's moral voice is unmistakable on a broad variety of themes ranging from exhortations for an alternative leadership that would deliver a human rights state to an unapologetic call for mass action as a peaceful way to bring change This collection by Cabral Pinto is the story of Kenya's long democracy struggle told by a pro democracy activist **Local case studies in African land law** Robert Home, 2011

rural land tenure regimes In most farming areas state authority is deeply embedded in land regimes drawing farmers ethnic insiders and outsiders lineages villages and communities into direct and indirect relationships with political authorities at different levels of the state apparatus The analysis shows how property institutions institutions that define political authority and hierarchy around land shape dynamics of great interest to scholars of politics including the dynamics of land related competition and conflict territorial conflict patron client relations electoral cleavage and mobilization ethnic politics rural rebellion and the localization and nationalization of political competition *Inequality, Socio-cultural Differentiation and Social Structures in Africa* Dieter Neubert, 2019-06-25 This book contends that conventional class concepts are not able to adequately capture social inequality and socio cultural differentiation in Africa Earlier empirical findings concerning ethnicity neo traditional authorities patron client relations lifestyles gender social networks informal social security and even the older debate on class in Africa have provided evidence that class concepts do not apply yet these findings have mostly been ignored For an analysis of the social structures and persisting extreme inequality in African societies and in other societies of the world we need to go beyond class consider the empirical realities and provincialise our conventional theories This book develops a new framework for the analysis of social structure based on empirical findings and more nuanced approaches including livelihood analysis and intersectionality and will be useful for students and scholars in African studies and development studies sociology social anthropology political science and geography Kenya Charles Hornsby, 2013-03-01 Since independence from Great Britain in 1963 Kenya has survived five decades as a functioning nation state holding regular elections its borders and political system intact and avoiding open war with its neighbours and military rule internally It has been a favoured site for Western aid trade investment and tourism and has remained a close security partner for Western governments However Kenya's successive governments have failed to achieve adequate living conditions for most of its citizens violence corruption and tribalism have been ever present and its politics have failed to transcend its history The decisions of the early years of independence and the acts of its leaders in the decades since have changed the country's path in unpredictable ways but key themes of conflicts remain over land money power economic policy national autonomy and the distribution of resources between classes and communities While the country's political institutions have remained stable the nation has changed its population increasing nearly five fold in five decades But the economic and political elite's struggle for state resources and the exploitation of ethnicity for political purposes still threaten the country's existence Today Kenyans are arguing over many of the issues that divided them 50 years ago The new constitution promulgated in 2010 provides an opportunity for national renewal but it must confront a heavy legacy of history This book reveals that history *Poverty Reduction Strategies in Africa* Mike O. Odey, Toyin Falola, 2017-09-08 A fundamental question about contemporary Africa is why does Africa remain so poor long after the departure of the European Colonial domination and in the midst of so many natural resources Poverty Reduction Strategies in Africa provides new understandings of the

persistent issue of poverty in Sub Saharan Africa and makes recommendations for policy frameworks to help African governments alleviate poverty Each chapters uses case studies to review the old strategies for resolving the problem of poverty in the continent and make the case for new initiatives to address poverty The contributors focus on practical and day to day issues as the best approach to formulate and implement poverty reduction strategies in contemporary Africa This book is invaluable reading for students and scholars of African politics and development
