Tenrikyo Christian Dialogue:

Tenrikyo-Christian dialogue, 1999 *Tenrikyo-Christian Dialogue*, 1999 **Tenri International Symposium 2002**
Pontificia università gregoriana, Tenri University, 2005 **Worship** Keith Pecklers, 2010-07-01 In *Worship* Keith Pecklers aims to give theologians, liturgists, clergy and laity of all denominations a new sense of the theology of liturgy. From a historical theological treatment of the evolution of Christian worship in the West, Pecklers addresses 20th century liturgical reforms and emphasizes the liturgy's role in the social and moral transformation of human society. The social dimension of worship is further highlighted in chapters on popular religion and inculturation. He considers the future of Christian worship in light of a new sociological reality: the break up of the stable parish community, credible preaching within an increasingly secularized society, hospitality to those who are often made to feel like pariahs in our assemblies, and the growing rift between conservatives and progressives who share membership in the same church. **Tenrikyō-Christian Dialogue**, 1999 Exploring Religions in Motion Michael Pye, 2013-03-22 These two volumes present Pye's methodological, theoretical and field-based interests in the study of religions. Pye understands the study of religions to be an international enterprise with roots in both European and East Asian culture. This relates to his active role in the International Association for the History of Religions (IAHR) as a former General Secretary and President. The work is presented in seven sections which could be used in teaching assignments. The first volume begins with a lively introduction on Methodological Strategies followed by East Asian Starting Points, a radical attempt to overcome Eurocentrism, and Structures and Strategies which tackles globally significant institutional and ideological questions. The second volume presents selected strands in the study of religions. Comparing and Contrasting is followed by Tradition and Innovation, including reference to specific new religions. Transplantation and Syncretism is a definitive package on syncretism and includes new materials from South East Asia. Finally, Contextual Questions explores wider themes of identity, plurality, dialogue of religions, religious education and peace. These show how relevant the study of religions can be when it is distinctly and responsibly defined. Monotheism in the New Religious Movements of Japan Kegan A. Chandler, 2025-06-30 This book calls for a reformation of the image of monotheism in studies of Japanese religions and in the study of religions in general. According to most scholars, Japan and monotheism mix like oil and water. Whatever Japanese religion is, we are told, the Western category of monotheism cannot be imposed. The predominance of this standard ruling makes critical the study of Japan's new religious movements (NRMs) exemplified in this volume by Kurozumiky Tenrikyo and Konkyo, which have occasionally and controversially been pinned with the monotheism label. However, significant disagreement and confusion have persisted for nearly a century in Western scholarship over precisely how to classify these religions and furthermore over where their monotheism, if it exists, might have come from. Chandler argues that this long history of dissonance in the West is the result of a complex layering of taxonomical, sociocultural and scholarly issues. Furthermore, he suggests this impasse can be addressed via an updated definition of

monotheism that takes into account its nuances and includes new monotheistic subcategories The book reveals the monotheism of Japan's NRMs in light of this new framework and through a new historical investigation into Japanese sources of monotheism It is especially relevant to scholars with an interest in Japanese religions and new religious movements as well as the comparative study of religion and philosophy of religion **Jesus Research** James H. Charlesworth, Petr

Pokorny, 2009-09-15 This volume explores nearly every facet of contemporary Jesus research from eyewitness criteria to the reliability of memory from archaeology to psychobiography from oral traditions to literary sources With contributions from forty internationally respected Jewish and Christian scholars this distinguished collection of articles comes from the second 2007 Princeton Prague Symposium on Jesus Research It summarizes the significant advances in understanding Jesus that scholars have made in recent years through the development of diverse methodologies Readers already knowledgeable in the field will discover unique angles from well known scholars and all will be amply informed on the current state of Jesus studies Contributors Dale C Allison Jr Mordechai Aviam Richard Bauckham Darrell L Bock Donald Capps James H Charlesworth Bruce Chilton Michael Allen Daise Arye Edrei Kathy Ehrensperger Casey D Elledge Craig A Evans Peter W Flint Se n Freyne David Hendin Tom Holm n Richard A Horsley Jeremy M Hutton Craig Keener Werner H Kelber Ulrich Luz Gabriel Mazor Lee Martin McDonald Doron Mendels Daniel F Moore Suleiman A Mourad tienne Nodet Lidija Novakovic Gerbern S Oegema George L Parsenios PHEME Perkins Petr Pokorn Stanley E Porter Brian Rhea Jan Roskovec D Moody Smith Gerd Theissen Geza Vermes Walter P Weaver Robert L Webb **Tenrikyo** Tenrikyō. Kaigai Dendōbu, 1998 **Materiality in Religion and Culture** Saburo Shawn Morishita, 2017 This book examines the significance of the material dimensions of religion and culture By looking at how scholars have researched religious materiality in the past and focusing especially upon the variety of ways objects are handled in contemporary religious life the reader will discover some insight into the interplay between the material and the immaterial Case studies analyze the use of things in rituals and sacred places as well as ways in which they are appropriated for religious and academic instruction The book attempts to reinterpret what the materiality in religion and culture might signify in light of multidisciplinary methodological approaches and helps to gain some ground on the abstract perspective of religions Series Marburg Religious Science in Discourse Marburger Religionswissenschaft im Diskurs Vol 2 Subject Religious Studies Sociology
