Higher Education: Handbook of Theory and Research J.C. Smart, 2012-12-06 **Academic Freedom** Stephen H. Aby, James Kuhn, 2000-02-28 The freedom of academics to pursue knowledge and truth in their research writing and teaching is a fundamental principle of contemporary higher education in the United States But this freedom has been hard won and regularly abridged reinterpreted and violated Academic freedom has been central to many issues and controversies in higher education and has thus generated literature in a variety of disciplines This book provides access to that literature Included are entries for nearly 500 books chapters articles reports web sites and other sources of information about academic freedom Each entry includes a descriptive annotation and the entries are grouped in topical chapters While most of the works cited were published since the 1940 American Association of University Professors Statement of Principles on Academic Freedom and Tenure some older studies have also been included Though the volume focuses primarily on higher education in the U S it also includes a chapter on academic freedom in other countries *Resources in Education* ,1998 *Work in America* Carl E. Van Horn, Herbert A. Schaffner, 2003-12-15 The first comprehensive analysis of work and the workforce in the United States from the Industrial Revolution to the era of globalization This comprehensive two volume reference book is the first to analyze the central role of work and the workforce in U S life from the Industrial Revolution through today s information economy Drawing on a variety of disciplines economics public policy law human and civil rights cultural studies and organizational psychology its 256 entries examine key events concepts institutions and individuals in labor history Entries also tackle tough contemporary questions that reflect the conflicts inherent in capitalism What is the impact of work on families and communities On minority and immigrant populations How shall we respond to changing work roles and the growing influence of the transnational corporation Work in America describes and evaluates attempts to address social and class issues affirmative action occupational health and safety corporate management science and trade unionism and organized labor and offers the kind of comprehensive understanding needed to discover workable solutions *Three Perspectives* Steven H. Propp, 2009-12 You re Jewish aren t you This blunt question is the way that college freshman Richard Cohn is introduced to an outspoken fellow student named Dov Epstein who calls himself a Messianic Jew and believes that God has a special purpose for the Jewish people in these Last Days Raised by secular Jewish parents Richard is completely oblivious to his own Jewish background until this ongoing dialogue forces him to confront his own heritage The two young men vigorously argue with each other over the interpretation of the Hebrew Bible particularly its reputed predictions of a Messiah Christian doctrines such as the Trinity and most significantly about the identity and significance of Jesus of Nazareth The rigorous process of self examination this initiates leads Richard to embrace his Jewish identity even as he vehemently denies the same for Dov The two ultimately become fast friends but as they progress from an academic environment to the

professional world they are challenged by racist statements made by prominent national figures anti Semitic doctrines such as Christian Identity which teaches that white Anglo Saxons are the true Israel and also purported scholars who deny the reality of the Holocaust itself Circumstances in life connect them with a young Iranian migr named Jahangir Khatami whose Muslim beliefs conflict strongly with their own Yet when a violent incident brings the three of them together they are forced to reexamine not just their differences but their similarities While they clash over the ideals of Zionism and its ramifications in the modern State of Israel they are united in their horror over the terrorist attacks of September 11 2001 Join a diverse cast of characters some of whom appeared in the author s earlier book Beyond Heaven and Earth in a probing exploration that may help you reconsider just what it means to be Jewish Christian or Muslim in the modern world **Commentaries on the Laws of England** Herbert Broom,Edward A. Hadley,2023-11-21 Reprint of the original first published in 1875 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost

Observations on the Law and Practice in Regard to Municipal Elections and the Conduct of the Business of Town Councils and Commissioners of Police in Scotland Sir James David Marwick,1879 The Insider's View Javid Chowdhury,2012-09-15 In this illuminating memoir Javid Chowdhury shares his varied experiences over four decades in the IAS the years in training when he imbibed the service s ethos and values his initiation into the rural universe as the District Development Officer and the District Magistrate and further on to his handling of the infamous Bank Securities and Jain Hawala scams as Director of Enforcement and Union Revenue Secretary With a light pen Chowdhury describes the changing

social profile and attitudes of entrants to the higher civil services the nepotism in many garbs that he encountered as Establishment Officer and the stranger than fiction tortuous investigations of crimes He also offers his nuanced reflections on the dubious legacy Gujarat acquired as a result of the communal carnage in 2002 Chowdhury further examines how policymaking within government came to be whittled away under the neo liberal theology with key scrutiny being left to external expert think tanks and ad hoc groups As a consequence he perceives that public accountability came to be inordinately diffused resulting in the roller coaster governance that we witness today Sharp and insightful replete with telling anecdotes and amusing sketches of icons colleagues and ministers The Insider's View is a compelling portrait of the author a self confessed welfare socialist besides being an X ray of the innards of the bureaucracy
